DATES: *Effective Date:* The effective date of the FAA's determination on the noise exposure maps is February 19, 2010. **FOR FURTHER INFORMATION CONTACT:**

Roxana Hernandez, Federal Aviation Administration, Los Angeles Airports District Office, 15000 Aviation Boulevard, Lawndale, CA 90261, (310) 725–3614.

SUPPLEMENTARY INFORMATION: This notice announces that the FAA finds that the noise exposure maps submitted for Chandler Municipal Airport are in compliance with applicable requirements of 14 Code of Federal Regulations (CFR) Part 150 (hereinafter referred to as "Part 150"), effective February 19, 2010. Under 49 U.S.C. 47503 of the Aviation Safety and Noise Abatement Act (hereinafter referred to as "the Act"), an airport operator may submit to the FAA noise exposure maps which meet applicable regulations and which depict non-compatible land uses as of the date of submission of such maps, a description of projected aircraft operations, and the ways in which such operations will affect such maps. The Act requires such maps to be developed in consultation with interested and affected parties in the local community, government agencies, and persons using the airport. An airport operator who has submitted noise exposure maps that are found by FAA to be in compliance with the requirements of Part 150, promulgated pursuant to the Act, may submit a noise compatibility program for FAA approval which sets forth the measures the operator has taken or proposes to take to reduce existing noncompatible uses and prevent the introduction of additional noncompatible uses.

The FAA has completed its review of the noise exposure maps and accompanying documentation submitted by the City of Chandler. The documentation that constitutes the "Noise Exposure Maps" as defined in section 150.7 of Part 150 includes the 2009 and 2014 Noise Exposure Maps. The 2014 Noise Exposure Maps contain current and forecast information including the depiction of the airport and its boundaries, the runway configurations, land uses such as residential, open space, commercial/ office, community facilities, libraries, churches, infrastructure, vacant and warehouse and those areas within the Yearly Day-Night Average Sound Level (DNL) 65, 70 and 75 noise contours. Estimates for the number of people within these contours for the year 2009 are shown in Table 6.5. Estimates of the future residential population within the 2014 noise contours are shown in Table 6.6. Flight tracks for the existing and the five-year Noise Exposure Maps are found in Figures 5.1–5.4. The type and frequency of aircraft operations including nighttime operations are found in Tables 5.1–5.4. The FAA has determined that these noise exposure maps and accompanying documentation are in compliance with applicable requirements. This determination is effective on February 19, 2010.

FAA's determination on an airport operator's noise exposure maps is limited to a finding that the maps were developed in accordance with the procedures contained in Appendix A of Part 150. Such determination does not constitute approval of the applicant's data, information or plans, or a commitment to approve a noise compatibility program or to fund the implementation of that program. If questions arise concerning the precise relationship of specific properties to noise exposure contours depicted on a noise exposure map submitted under section 47503 of the Act, it should be noted that the FAA is not involved in any way in determining the relative locations of specific properties with regard to the depicted noise contours, or in interpreting the noise exposure maps to resolve questions concerning, for example, which properties should be covered by the provisions of section 47506 of the Act. These functions are inseparable from the ultimate land use control and planning responsibilities of local government. These local responsibilities are not changed in any way under Part 150 or through FAA's review of noise exposure maps. Therefore, the responsibility for the detailed overlaying of noise exposure contours onto the map depicting properties on the surface rests exclusively with the airport operator that submitted those maps, or with those public agencies and planning agencies with which consultation is required under section 47503 of the Act. The FAA has relied on the certification by the airport operator, under section 150.21 of Part 150, that the statutorily required consultation has been accomplished.

Copies of the full noise exposure map documentation and of the FAA's evaluation of the maps are available for examination at the following locations:

Federal Aviation Administration, Western-Pacific Region, Airports Division, Room 3012, 15000 Aviation Boulevard, Lawndale, CA 90261;

Federal Aviation Administration, Los Angeles Airports District Office, Room 3000, 15000 Aviation Boulevard, Lawndale, CA 90261; Greg Chenoweth, Airport Manager, Chandler Municipal Airport, 2380 South Stinson Way, Chandler, AZ 85249.

Questions may be directed to the individual named above under the heading, FOR FURTHER INFORMATION CONTACT.

Issued in Hawthorne, California on February 19, 2010.

Debbie Roth,

Acting Manager, Airports Division, AWP–600, Western-Pacific Region.

Petition for Exemption

Docket No.: FAA-2009-1247.

Petitioner: Embraer.

Section of 14 CFR Affected: §§ 26.11, 26.33, 26.35, 26.43, 26.45, and 26.49, 14 CFR 26.

Description of Relief Sought: The petitioner seeks relief from part 26 for Embraer Model EMB–135J airplanes. These airplanes' maximum payload capacities and passenger capacities are below those specified for transport category airplanes. However, since this model is on the same type certification data sheet (TCDS) as the original Embraer Model EMB–135/EMB–145 airplanes, it is subject to the part 26 rule.

Federal Railroad Administration

Petition for Waiver of Compliance

In accordance with Part 211 of Title 49 Code of Federal Regulations (CFR), notice is hereby given that the Federal Railroad Administration (FRA) has received a request for a waiver of compliance from certain requirements of its safety standards. The individual petition is described below, including the party seeking relief, the regulatory provisions involved, the nature of the relief being requested, and the petitioner's arguments in favor of relief.

Dakota, Missouri Valley & Western Railroad

[Waiver Petition Docket Number FRA–2009–0091]

The Dakota, Missouri Valley & Western Railroad (DMVW) hereby petitions FRA for a waiver from replacing rails with rail end vertical split head type defects 4" or less in size. These defects are rail ends only and are confined within the area of the joint bars. These rails are located on Class I track and the train speed is 10 mph. The line does not have passenger service. DMVW will inspect these defects with their normal inspections but will not note each one separately.

Besides the elevators, DMVW serves the Coal Creek Power Station who provides power for eastern North Dakota, and much of Minnesota. DMVW also serves the Blue Flint Ethanol Plant which provides alternative fuel sources.

Interested parties are invited to participate in these proceedings by submitting written views, data, or comments. FRA does not anticipate scheduling a public hearing in connection with these proceedings since the facts do not appear to warrant a hearing. If any interested party desires an opportunity for oral comment, they should notify FRA, in writing, before the end of the comment period and specify the basis for their request.

All communications concerning these proceedings should identify the appropriate docket number (e.g., Waiver Petition Docket Number FRA–2009– 0091) and may be submitted by any of the following methods:

• *Web site:* http:// www.regulations.gov. Follow the online instructions for submitting comments.

• Fax: 202–493–2251.

• *Mail:* Docket Operations Facility, U.S. Department of Transportation, 1200 New Jersey Avenue, SE., W12–140, Washington, DC 20590.

• *Hand Delivery:* 1200 New Jersey Avenue, SE., Room W12–140,

Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

Communications received within 45 days of the date of this notice will be considered by FRA before final action is taken. Comments received after that date will be considered as far as practicable. All written communications concerning these proceedings are available for examination during regular business hours (9 a.m.–5 p.m.) at the above facility. All documents in the public docket are also available for inspection and copying on the Internet at the docket facility's Web site at http://www.regulations.gov.

Anyone is able to search the electronic form of any written communications and comments received into any of our dockets by the name of the individual submitting the document (or signing the document, if submitted on behalf of an association, business, labor union, etc.). You may review DOT's complete Privacy Act Statement in the **Federal Register** published on April 11, 2000 (65 FR 19477) or at *http://www.dot.gov/ privacy.html.*

Issued in Washington, DC on March 3, 2010.

Federal Motor Carrier Safety Administration

Privacy Act of 1974; System of Records Notice

AGENCY: Federal Motor Carrier Safety Administration (FMCSA) Department of Transportation (DOT).

ACTION: Notice to establish a new system of records.

SUMMARY: FMCSA proposes to establish a system of records under the Privacy Act of 1974 (5 U.S.C. 552a) for its Pre-Employment Screening Program (PSP), as required by 49 U.S.C. 31150. The system of records will make crash and inspection data about commercial motor vehicle (CMV) drivers rapidly available to CMV drivers (operator-applicants) and prospective employers of those drivers (motor carriers), via a secure Internet site, as an alternative to requiring them to submit a Freedom of Information Act (FOIA) request or Privacy Act request to FMCSA for the data.
