

samples of leachate from surface impoundments and landfills containing coal combustion residues. More details about information requested in each section of the questionnaire are provided in the ICR supporting statement.

Burden Statement: The annual public reporting and recordkeeping burden for this collection of information is estimated to average 197 hours per response. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements which have subsequently changed; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

The ICR provides a detailed explanation of the Agency's estimate, which is only briefly summarized here:

Respondents/Affected Entities: Steam electric power plants.

Estimated Number of Respondents: 734.

Frequency of Response: Once.

Estimated Total Annual Hour Burden: 48,150 hours.

Estimated Total Annual Cost: \$3,076,316. This includes an estimated annual burden cost of \$2,670,633 for labor and \$405,683 million for operations and maintenance.

Changes in the Estimates: This is a new collection and thus represents a one-time increase to the Agency's overall burden.

Dated: March 4, 2010.

John Moses,

Director, Collection Strategies Division.

[FRL-9124-3]

FY2010 Supplemental Funding for Brownfields Revolving Loan Fund (RLF) Grantees

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of the Availability of Funds.

SUMMARY: EPA's Office of Brownfields and Land Revitalization (OBLR) plans to make available approximately \$8 million to supplementally fund Revolving Loan Fund capitalization grants previously awarded competitively under section 104(k)(3) of the Comprehensive Environmental Response, Compensation and Liability Act (CERCLA), 42 U.S.C. 9604(k)(3). Brownfields Cleanup Revolving Loan Fund (BCRLF) pilots awarded under section 104(d)(1) of CERCLA that have not transitioned to section 104(k)(3) grants are not eligible to apply for these funds. EPA will consider awarding supplemental funding only to RLF grantees who have demonstrated an ability to deliver programmatic results by making at least one loan or subgrant. The award of these funds is based on the criteria described at CERCLA 104(k)(4)(A)(ii).

The Agency is now accepting requests for supplemental funding from RLF grantees. Requests for funding must be submitted to the appropriate EPA Regional Brownfields Coordinator (listed below) by [insert date 30 days from date of publication]. Funding requests for hazardous substances and/or petroleum funding will be accepted. Specific information on submitting a request for RLF supplemental funding is described below and additional information may be obtained by contacting the EPA Regional Brownfields Coordinator.

DATES: This action is effective March 9, 2010.

ADDRESSES: A request for supplemental funding must be in the form of a letter addressed to the appropriate Regional Brownfields Coordinator with a copy to Diane Kelley, USEPA Region I, 5 Post Office Square, Suite 100, Boston, MA 02109-3912. See listing below.

FOR FURTHER INFORMATION CONTACT: Diane Kelley, U.S. EPA, Region I, (617) 918-1424 or the appropriate Brownfields Regional Coordinator.

SUPPLEMENTARY INFORMATION:

Background

The Small Business Liability Relief and Brownfields Revitalization Act added section 104(k) to CERCLA to authorize federal financial assistance for brownfields revitalization, including grants for assessment, cleanup and job training. Section 104(k) includes a provision for the EPA to, among other things, award grants to eligible entities to capitalize Revolving Loan Funds and

to provide loans and subgrants for brownfields cleanup. Section 104(k)(4)(A)(ii) authorizes EPA to make additional grant funds available to RLF grantees for any year after the year for which the initial grant is made (noncompetitive RLF supplemental funding) taking into consideration:

(I) The number of sites and number of communities that are addressed by the revolving loan fund;

(II) The demand for funding by eligible entities that have not previously received a grant under this subsection;

(III) The demonstrated ability of the eligible entity to use the revolving loan fund to enhance remediation and provide funds on a continuing basis; and

(IV) such other similar factors as the [Agency] considers appropriate to carry out this subsection.

Eligibility

In order to be considered for supplemental funding, RLF recipients must have made at least one loan or subgrant prior to applying for this supplemental funding. Additionally, the RLF recipient must have significantly depleted existing available funds; demonstrated a need for supplemental funding based on, among other factors, the number of sites that will be addressed; demonstrated the ability to administer and revolve the capitalization funding in the RLF grant; demonstrated an ability to use the RLF grant to address funding gaps for cleanup; and demonstrated that they have provided a community benefit from past and potential loan(s) and/or subgrant(s). Additional consideration will be given to RLF recipients who will use the funds to address areas severely impacted by economic disruptions. Applicants for supplemental funding must contact the appropriate Regional Brownfields Coordinator below to obtain information on the format for supplemental funding applications for their region. When requesting supplemental funding, applicants must specify whether they are seeking funding for sites contaminated by hazardous substances or petroleum. Applicants may request both types of funding.

ENVIRONMENTAL PROTECTION AGENCY

[FRL-9124-6]

Clean Air Act Advisory Committee (CAAAC) Request for Nominations to the CAAAC

ACTION: Notice.

SUMMARY: The Environmental Protection Agency (EPA) established the Clean Air Act Advisory Committee (CAAAC) on November 19, 1990, to provide independent advice and counsel to EPA on policy issues associated with implementation of the Clean Air Act of 1990. The Committee advises on economic, environmental, technical

scientific, and enforcement policy issues.

Request for Nominations: The U.S. Environmental Protection Agency (EPA) invites nominations of qualified candidates to be considered for appointments to the Clean Air Act Advisory Committee and its subcommittees. Suggested deadline for receiving nominations is April 9, 2010. Appointments will be made by the Administrator of the Environmental Protection Agency. Appointments for the full CAAAC committee are expected to be announced in the summer of 2010. Nominee's qualifications will be assessed under the mandates of the Federal Advisory Committee Act, which requires Committees to maintain diversity across a broad range of constituencies, sectors, and groups.

Nominations for membership must include a resume describing the professional and educational qualifications of the nominee as well as community-based experience. Contact details should include full name and title, business mailing address, telephone, fax, and e-mail address. A

supporting letter of endorsement is encouraged but not required.

ADDRESSES: Submit nomination materials to: Pat Childers, Designated Federal Officer, Clean Air Act Advisory Committee, US EPA (6102A) 1200 Pennsylvania Ave., Washington, DC 20004, T: 202 564-1082, F: 202 564-1352, e-mail *childers.pat@epa.gov*.

FOR FURTHER INFORMATION concerning the CAAAC, please contact Pat Childers, Office of Air and Radiation, US EPA (202) 564-1082, FAX (202) 564-1352 or by mail at US EPA, Office of Air and Radiation (Mail code 6102 A), 1200 Pennsylvania Avenue, NW., Washington, DC 20004. Additional Information on CAAAC and its Subcommittees can be found on the CAAAC Web Site: <http://www.epa.gov/oar/caaac/>.

Dated: March 5, 2010.

Pat Childers,

Designated Federal Official, Office of Air and Radiation.
