

application by local, State, and Federal agencies and the public.

Permit No. TE-702631

Applicant: Regional Director, Region 1, U.S. Fish and Wildlife Service, Portland, Oregon.

The permittee requests a permit amendment to allow Service employees, and their designated agents to remove/reduce to possession *Phyllostegia hispida* (no common name), a plant endemic to the island of Molokai, Hawaii. The purpose of these activities is to artificially propagate this species to enhance its chances of survival.

Public Comments

We are soliciting public review and comment on this recovery permit application. Before including your address, phone number, e-mail address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Please refer to the permit number for the application when submitting comments. All comments and materials we receive in response to this request will be available for public inspection, by appointment, during normal business hours at the above address.

Dated: January 20, 2010.

Cynthia U. Barry,

Regional Director, Region 1, U.S. Fish and Wildlife Service.

BILLING CODE 4310-55-P

DEPARTMENT OF THE INTERIOR

Fish and Wildlife Service

[FWS-R8-ES-2010-N047; 80221-1112-0000-F2]

San Diego County Water Authority Natural Communities Conservation Program/Habitat Conservation Plan, San Diego and Riverside Counties, CA

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of corrected public meeting dates.

SUMMARY: We, the U.S. Fish and Wildlife Service (Service), advise the public of corrections to meeting dates we previously announced in error in the *Federal Register* on March 4, 2010. That

previous notice announced the availability of a draft environmental impact report (EIR)/environmental impact statement (EIS), receipt of incidental take permit application, and notice of public meetings for the San Diego County Water Authority's (Water Authority/Applicant) draft Natural Communities Conservation Plan (NCCP)/Habitat Conservation Plan (HCP) prepared in application to us for an incidental take permit under the Endangered Species Act of 1973, as amended (Act).

DATES: *Comments:* Please send written comments on or before June 2, 2010.

Meetings: Two public meetings have been scheduled for the EIR, and we will accept comments for the EIS at these meetings. These public meetings will be held on the following dates:

1. March 17, 2010, 7 p.m. to 9 p.m., San Diego, CA.

2. March 18, 2010, 7 p.m. to 9 p.m., Escondido, CA.

ADDRESSES: *Comments:* Please send written comments to Mr. Jim Bartel, Field Supervisor, U.S. Fish and Wildlife Service, Carlsbad Fish and Wildlife Office, 6010 Hidden Valley Road, Suite 101, Carlsbad, CA 92011. You may also submit comments by facsimile to (760) 431-5902.

Information and comments related specifically to the draft EIR and the California Environmental Quality Act should be submitted to Mr. Bill Tippetts, San Diego County Water Authority, 4677 Overland Avenue, San Diego, CA 92123.

Meetings: The correct public meeting locations are:

1. *San Diego:* San Diego County Water Authority, 4677 Overland Avenue, San Diego, CA 92123.

2. *Escondido:* Escondido City Hall, Mitchell Room, 201 North Broadway, Escondido, CA 92025.

FOR FURTHER INFORMATION CONTACT: Ms. Karen A. Goebel, Assistant Field Supervisor, at the Carlsbad Fish and Wildlife Office address above; telephone (760) 431-9440.

SUPPLEMENTARY INFORMATION: We advise the public of corrected meeting dates we previously announced in error in the *Federal Register* on March 4, 2010 (75 FR 9921). See **DATES** and **ADDRESSES** for corrected meeting dates and locations.

The Applicant is requesting a permit to incidentally take 37 animal species and seeking assurances for 27 plant species (including 19 federally listed species) during the term of the proposed 55-year permit. The permit is needed to authorize take of listed animal species due to construction, operations, and maintenance activities in the

approximately 992,000-acre (401,450-hectare) Plan Area in western San Diego County and south-central Riverside County, California. We are requesting public comment on the Draft NCCP/HCP, Draft Implementing Agreement, and Draft EIR/EIS. For more background information on the application, and where to obtain documents for review, see our March 4, 2010, notice.

Reasonable Accommodation

The public meetings are physically accessible to people with disabilities. Please make requests for specific accommodations to Bill Tippetts, San Diego County Water Authority, at (858) 522-6784, at least 5 working days prior to the meeting date.

Authority

We provide this notice under section 10(a) of the Act and Service regulations for implementing the National Environmental Policy Act of 1969 (40 CFR 1506.6). We will evaluate the application, associated documents, and comments submitted thereon to prepare a Final EIS. A permit decision will be made no sooner than 30 days after the publication of the Final EIS and completion of the Record of Decision.

Ken McDermond,

Deputy Regional Director, Pacific Southwest Region, Sacramento, California.

Bureau of Land Management

[LLNM915000L14200000.BJ0000]

Notice of Filing of Plats of Survey, NM

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of filing of Plats of Survey.

SUMMARY: The plats of survey described below are scheduled to be officially filed in the New Mexico State Office, Bureau of Land Management (BLM), Santa Fe, New Mexico, thirty (30) calendar days from the date of this publication.

SUPPLEMENTARY INFORMATION:

New Mexico Principal Meridian, New Mexico (NM)

The plat representing the dependent resurvey and survey in Township 12 South, Range 22 East, of the New Mexico Principal Meridian, accepted January 15, 2010, for Group 1096 NM.

The plat representing the dependent resurvey and survey, in Township 11

South, Range 22 East, of the New Mexico Principal Meridian, accepted January 15, 2010, for Group 1096 NM.

If a protest against a survey, as shown on any of the above plats is received prior to the date of official filing, the filing will be stayed pending consideration of the protest. A plat will not be officially filed until the day after all protests have been dismissed and become final or appeals from the dismissal affirmed.

A person or party who wishes to protest against any of these surveys must file a written protest with the New Mexico State Director, Bureau of Land Management, stating that they wish to protest.

A statement of reasons for a protest may be filed with the notice of protest to the State Director, or the statement of reasons must be filed with the State Director within thirty (30) days after the protest is filed.

FOR FURTHER INFORMATION CONTACT:

These plats will be available for inspection in the New Mexico State Office, Bureau of Land Management, P.O. Box 27115, Santa Fe, New Mexico, 87502-0115. Copies may be obtained from this office upon payment. Contact Marcella Montoya at 505-954-2097, or Marcella_Montoya@nm.blm.gov, for assistance.

Stephen W. Beyerlein,

Acting, Chief, Branch of Cadastral Survey/ GeoSciences.

Central Arkansas National Wildlife Refuge Complex, Arkansas

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of availability: final comprehensive conservation plan and finding of no significant impact.

SUMMARY: We, the U.S. Fish and Wildlife Service (Service), announce the availability of our final comprehensive conservation plan (CCP) and finding of no significant impact (FONSI) for the environmental assessment for the Central Arkansas National Wildlife Refuge (NWR) Complex, consisting of Bald Knob, Big Lake, Cache River, and Wapanocca National Wildlife Refuges. In the final CCP, we describe how we will manage the Central Arkansas NWR Complex over the next 15 years.

ADDRESSES: You may obtain a copy of the CCP by writing to: Mr. William R. Smith, Planning Team Leader, Central Arkansas National Wildlife Refuge Complex, 26320 Highway 33 South, Augusta, AR 72006. You may also access and download the document from the Service's Internet Web site: <http://southeast.fws.gov/planning/> under "Final Documents."

FOR FURTHER INFORMATION CONTACT: Mr. William R. Smith; telephone: 870/347-2074; fax: 870/347-2908; e-mail: william_r_smith@fws.gov.

SUPPLEMENTARY INFORMATION:

Introduction

With this notice, we finalize the CCP process for the Central Arkansas NWR Complex. We started this process through a notice in the **Federal Register** on January 3, 2007 (72 FR 142). For more about the process, please see that notice.

The Central Arkansas NWR Complex is comprised of Bald Knob, Big Lake, Cache River, and Wapanocca National Wildlife Refuges. These four refuges are in eastern and central Arkansas and together encompass approximately 99,100 acres.

Significant issues identified in the CCP include management of the following: (1) Waterfowl, other migratory birds, and other native wildlife species; (2) bottomland hardwood reforestation; (3) moist-soil impoundments and croplands; (4) water quality; (5) invasive species; (6) land acquisition; and (7) visitor services (*e.g.*, hunting, fishing, wildlife observation, wildlife photography, environmental education and interpretation, access, and facilities).

Bald Knob National Wildlife Refuge

Bald Knob National Wildlife Refuge (NWR), near the town of Bald Knob in White County, Arkansas, was established in 1993 to protect and provide feeding and resting areas for migrating waterfowl, and now totals 16,100 acres of forested wetlands, moist-soil impoundments, and croplands. The refuge hosts one of the largest populations of wintering pintails in the State and is a crucial staging area for pintails migrating to the coastal areas of Louisiana and eastern Texas. The refuge has been named as an "Important Birding Area" by the Audubon Arkansas Board of Directors.

Big Lake National Wildlife Refuge

Big Lake National Wildlife Refuge (NWR), near the town of Manila in Mississippi County, Arkansas, was established in 1915 by executive order

of President Woodrow Wilson, to serve as a reserve and breeding ground for native birds. The refuge encompasses 11,038 acres of lake and swamp habitats, including the 2,144-acre Big Lake Wilderness. Big Lake NWR provides important migratory bird habitat and is designated as a "National Natural Landmark Area." The American Bird Conservancy also has listed the refuge as a "Globally Important Bird Area."

Cache River National Wildlife Refuge

Cache River National Wildlife Refuge (NWR), near the towns of Augusta and Brinkley, Arkansas, was established in 1986 to provide critical wintering habitat for waterfowl and other migratory and resident wildlife species. Cache River NWR presently encompasses 66,350 acres of an approved land acquisition boundary of 185,574 acres within Jackson, Monroe, Prairie, and Woodruff Counties. Cache River NWR features some of the largest remaining tracts of bottomland hardwood forests within the Mississippi Alluvial Valley, and is designated as a "Wetland of International Importance." Cache River NWR is noted as part of the most important wintering habitats for mallards in North America.

Wapanocca National Wildlife Refuge

Wapanocca National Wildlife Refuge (NWR) is 20 miles northwest of Memphis, Tennessee, and near the town of Turrell, in Crittenden County, Arkansas. It was established in 1961 to provide a wintering area for migratory waterfowl, and presently encompasses 5,620 acres of agricultural land, grassland, bottomland hardwood forest, and flooded cypress/willow swamp. The refuge is important as a nesting area for resident wood ducks and provides significant habitat along the Mississippi River that is heavily used by migrating and wintering waterfowl. The American Bird Conservancy has listed the refuge as a "Continental Important Bird Area."

Alternatives, Including the Preferred Alternative

A planning team comprised of Service personnel, State agency representatives, non-governmental organizations, and others developed three alternatives for managing the refuges over the next 15 years and chose Alternative C as the preferred alternative. A description of the three alternatives follows.

Alternative A—Maintain Current Management (No Action Alternative)

Under Alternative A, the "No Action" alternative, management would not
