## DEPARTMENT OF STATE

### [Public Notice 6916]

#### **Bureau of Educational and Cultural Affairs (ECA) Request for Grant Proposals: The U.S./Pakistan Professional Partnership Program**

*Announcement Type:* New Grant.  
*Funding Opportunity Number:* ECA/PE/EUR-SCA-10-32.

*Catalog of Federal Domestic Assistance Number:* 19.415.

#### *Key Dates:*

*Application Deadline:* April 9, 2010.

*Executive Summary:* In his December 1, 2009, speech in West Point, New York, President Obama said that a new diplomatic initiative in Pakistan would be part of the U.S. strategy to bring peace and stability in the Afghanistan/Pakistan region. As part of this initiative, ECA is seeking proposals for a new two-part program, called "The U.S./Pakistan Professional Partnership Program." This program will bring

young professionals (ages 20-35) from the two countries together to develop cross cultural relationships and develop professional skills that will positively impact people's lives and will result in stronger ties between the two nations.

ECA is seeking proposals from qualified applicants for two separate programs. The Bureau expects funding in the amount of approximately \$3,700,000 to be available for these programs and expects to award a total of two grants in this competition, one for each topic.

The first project—"Professional Partnerships: Journalism"—will involve Pakistani and American journalists in a program designed to demonstrate journalism skills, offer professional development opportunities, and offer internships at U.S.-based media outlets for Pakistani journalists.

The second project—"Professional Partnerships: Public Administration"—will examine the skills employed by American and Pakistani public administration professionals at the national, regional, and local levels. This program will include internships for Pakistani professionals with U.S.-based professionals.

#### **I. Funding Opportunity Description**

##### *Authority:*

Overall grant making authority for this program is contained in the Mutual Educational and Cultural Exchange Act of 1961, Public Law 87-256, as amended, also known as the Fulbright-Hays Act. The purpose of the Act is "to enable the Government of the United States to increase mutual understanding between the people of the United States and the people of other countries \* \* \*; to strengthen the ties which unite us with other nations by demonstrating the educational and cultural interests, developments, and achievements of the people of the United States and other nations \* \* \* and thus to assist in the development of friendly, sympathetic and peaceful relations between the United States and the other countries of the world." Funding for this competition is provided through special FY 2009/FY 2010 supplemental funds that have been appropriated to the Department of State.

##### *General Program Outlines*

*The Following applies to both the Journalism and Public Administration Programs:*

*Language:* This program is for English and non-English speaking Pakistani participants. English language ability will not be a requirement to participate. The various groups should be grouped by language (English, Urdu, and Pashto.) For Urdu and Pashto, State Department

Language Services interpreters will be assigned through the Office of Citizen Exchanges. There will be approximately three interpreters assigned for the group orientation portion of the program and about one interpreter to three Pakistani participants for the internship portion of the program. Proposals should budget for the appropriate amount of interpreters. See IV.3e.2c. for specifics on budgeting for interpreters.

*Visas:* Applicants must demonstrate that they can work with ECA and PAS Islamabad for the U.S. visas and directly with the Pakistani Embassy for its visas. ECA will issue the DS-2019 forms required for J visas; see Section IV.3d.1 for additional information related to the administration of J visa programs.

*Travel:* The grantee will arrange all round-trip international travel, complying with the Fly America Act, and domestic travel arrangements for the participants. All Pakistani and American participants must depart and arrive in Pakistan through Islamabad. Proposals should include plans to house the Pakistani participants in Islamabad for at least one day to coordinate pre-departure and post program briefings with the Public Affairs Staff of the U.S. Embassy.

*U.S. Based Programs:* The recipients of grant awards will be responsible for implementing programs from four to six weeks in the United States for the Pakistani participants. It is envisioned that the Pakistani participants will be grouped in delegations of ten who will travel together to the United States. Groups of ten Pakistani participants will travel at different times throughout the grant period. Pakistani participants will be placed within relevant, reputable, legally-recognized U.S. organizations where they will gain hands-on experiences with the journalism and public administration professions in the United States, and provide the opportunity to establish relationships with U.S. professional counterparts for on-going collaboration. The grantee may want to engage with a partner or sub-grantee to arrange for the internship placement. The grantee should also include cultural enrichment activities as an integral part of the fellowship experience. Such activities could include outings to museums, historic sites, sporting events, cultural exhibits, local schools or community events, volunteering and other opportunities to experience American culture and diversity. Short-term homestays to give participants a personal experience of how typical Americans live are highly desirable.

*Pakistan-Based Programs:* Concurrent with the U.S.-based program for the

Pakistani participants, proposals should also describe a selection process and logistics for a one to two-week Pakistan-based program for a smaller number of U.S. participants. The U.S. participants will be selected from among the internship host organizations for the Pakistani participants and will travel several months after the Pakistanis return home. The Pakistan-based program may include public presentations, on-site visits at Pakistani media outlets, and media interviews, if possible. All details and specifics on Pakistan-based programs will be arranged in close coordination with the Public Affairs Section of the U.S. Embassy in Islamabad. Proposals must show a convincing plan to work with ECA and the U.S. Embassy in Islamabad on this project, and to adhere to U.S. government security restrictions on travel within Pakistan.

*Monitoring, Evaluation, and Reporting:* The Bureau places high importance on monitoring and evaluation as a means of ensuring and measuring a project's success. Proposals must include a detailed monitoring and evaluation plan that assesses the impact of the project. Please refer to section IV.3d.3. Project Monitoring and Evaluation below.

*Follow-up activities:* The grant recipients will develop enhancement activities that reinforce program goals after the participants' return to Pakistan. This includes informing participants of the Bureau's Alumni program, facilitating their enrollment, and encouraging their on-going participation. Please refer to the PSI for additional information on Alumni, Outreach, and Engagement.

*Fiscal Management:* Applicants must demonstrate competency to manage all financial aspects of the project, including participant costs and transparent arrangements of sub-grant relationships with partner organizations, if applicable.

*Contact ECA:* All interested organizations should contact ECA Program Officers Brent Beemer or Adam Meier before the submission of proposals. ECA will also put the organizations in contact with appropriate colleagues at the U.S. Embassy in Islamabad.

Brent Beemer: 202-632-6067,

*BeemerBT@state.gov*

Adam Meier: 202-632-6071,

*Specific Program Details:*

**Project One: Professional Partnerships: Journalism**

This program will provide approximately 100-140 participants

from Pakistan the opportunity to study and take an active part in journalism as practiced in the United States. Successful programs will achieve the following:

- Show journalists the professional approaches to journalism as practiced in the United States and Pakistan, how journalists in both countries try to carry out their profession in an ethical and effective way, and how journalists can become leaders within the journalism field.

- Establish structured interaction among American and Pakistani participants designed to develop enduring professional ties and lasting partnerships.

- Provide an opportunity for all participants in the program to do reporting on the exchange itself, as well as on the countries and individuals involved.

Proposals should include a comprehensive three to four-week U.S.-based group educational and internship program for media professionals. One grant will be awarded for this project for a period of two to three years.

Competitive proposals will demonstrate experience and contacts with relevant media and organizations that specialize in journalism to program the U.S. components of this program. If a subcontractor is proposed for the internship placement, its experience and relevance with media/journalism needs to be demonstrated. Competitive proposals will also demonstrate an understanding of the current state of broadcast and print media in Pakistan in major cities as well as in more remote areas.

Each U.S.-based component should begin with a group orientation (preferably in Washington, DC) with trainings, lectures, and site visits to introduce participants to the basic craft of journalism, as practiced in the United States. Investigative reporting, ethics, and the business of journalism in the United States should be included. Additionally, an overview of U.S. government structures, the political process, and the "third wheel of government" role that the media plays in the United States should be offered. This should be followed by hands-on internship components at appropriate host U.S. media outlets to see these practices at work. Internships should be developed for small groups consisting of not more than three persons. The program will also encourage Pakistani journalists to use the program to do on-site reporting from the United States that can be of benefit to their home media outlets. A final de-briefing session in Washington, DC, for each

group should also be included in the proposal. ECA will facilitate on-the-record interviews with prominent U.S. officials in Washington, DC, as well.

*Audience:* Participants may be reporters, editors, and/or media managers, and may be from print, television, radio, or online media outlets. Participants should have at least five years of active journalistic experience. NOTE: Groups should not be made up of mixed media types. Print journalists should be in groups that are separate from those with broadcast journalists. In this way, the U.S. program can be based on specific issues pertaining to the various media types, and internships will be easier to arrange.

*Pakistan Recruitment and Selection:* Recruitment and selection for this program in Pakistan is to be closely coordinated with the Public Affairs Section of the U.S. Embassy in Islamabad, starting with obtaining official permission to recruit within Pakistan. Proposals can include information on a proposed in-country partner organization that would recruit program participants, and include a proposed plan and budget for this recruitment and selection. However, applicants may ultimately be asked to work with an alternate organization recommended by the Public Affairs Section in Islamabad on the recruitment of program participants. In either case, final selections (including possibly interviews of program finalists) should be done in conjunction with the Public Affairs Section.

All participants must be approved by ECA and the Public Affairs Section.

#### Project Two: Professional Partnerships: Public Administration

This program will provide approximately 80–100 participants from Pakistan and the United States the opportunity to study public administration techniques and processes in both countries and for Pakistani professionals to do internships with public administration professionals in the U.S. Successful programs will achieve the following:

- Demonstrate Pakistani and American public administration systems and approaches each country uses at the federal, regional, and local levels.
- Share strategies employed by American and Pakistani professionals to counter corruption and bureaucratic entanglements in public administration.
- Establish structured interaction among American and Pakistani participants designed to develop enduring professional ties.

Proposals should include a comprehensive three- to four-week U.S.-based group educational and internship program for public administrative professionals. One grant will be awarded for this project for a period of two to three years.

Competitive proposals will demonstrate experience and contacts with relevant public administration professionals, organizations, and educational institutes to program the U.S. components of this program. If a subcontractor is proposed for the internship placement, its experience and relevance with public administration needs to be explained. Competitive proposals should also demonstrate an understanding of the structure of the Pakistani government and civil service.

Each U.S.-based component will begin with a group orientation (preferably in Washington, DC) with workshops, lectures, and site visits to introduce participants to the basics of public administration in the United States. This should be followed by hands-on internship components at appropriate host U.S. work sites to see these practices at work. Internships should be developed for small groups consisting of not more than three persons. A final de-briefing session in Washington, DC, for each group should also be included in the proposal.

*Audience:* Participants should be public administration professionals, who currently hold positions within administrative bodies, and have at least five years of active experience in the field. **Note:** Pakistani groups should be arranged according to the level of public administration in which they work. Proposals should demonstrate an ability to implement programs based on all three levels of public administration—federal, provincial, and local.

*Pakistan Recruitment and Selection:* Recruitment and selection for this program in Pakistan is to be closely coordinated with the Public Affairs Section in Islamabad, starting with obtaining official permission to recruit within Pakistan. Proposals can include information on a proposed in-country partner organization that would recruit program participants, and include a proposed plan and budget for this recruitment and selection. However, applicants may ultimately be asked to work with an alternate organization recommended by the Public Affairs Section in Islamabad to recruit program participants. In either case, final selections (including possible interviews of program finalists) should be done in conjunction with the Public Affairs Section. All participants must be

approved by ECA and the Public Affairs Section.

## III. Eligibility Information

### III.1. Eligible Applicants

Applications may be submitted by public and private non-profit organizations meeting the provisions described in Internal Revenue Code section 26 U.S.C. 501(c)(3).

### III.2. Cost Sharing or Matching Funds

There is no minimum or maximum percentage required for this competition. However, the Bureau encourages applicants to provide maximum levels of cost sharing and funding in support of its programs.

When cost sharing is offered, it is understood and agreed that the applicant must provide the amount of cost sharing as stipulated in its proposal and later included in an approved agreement. Cost sharing may be in the form of allowable direct or indirect costs. For accountability, you must maintain written records to support all costs which are claimed as your contribution, as well as costs to be paid by the Federal government. Such records are subject to audit. The basis for determining the value of cash and in-kind contributions must be in accordance with OMB Circular A-110, (Revised), Subpart C.23—Cost Sharing and Matching. In the event you do not provide the minimum amount of cost sharing as stipulated in the approved budget, ECA's contribution will be reduced in like proportion.

### III.3. Other Eligibility Requirements

(a.) Bureau grant guidelines require that organizations with less than four years experience in conducting international exchanges be limited to \$60,000 in Bureau funding. ECA anticipates making two awards (Journalism Program: \$2,200,000 and Public Administration Program: \$1,500,000) to support program and administrative costs required to implement this exchange program. Therefore, organizations with less than four years experience in conducting international exchanges are ineligible to apply under this competition. The Bureau encourages applicants to provide maximum levels of cost sharing and funding in support of its programs.

(b.) Technical Eligibility: Applicants may not submit more than one proposal in this entire competition. Applicants that do so will be declared technically ineligible and will receive no further consideration in the review process.

## IV. Application and Submission Information

**Note:** Please read the complete announcement before sending inquiries or submitting proposals. Once the RFGP deadline has passed, Bureau staff may not discuss this competition with applicants until the proposal review process has been completed.

Please Refer to the Solicitation Package. It contains the mandatory Proposal Submission Instructions (PSI) document for additional formatting and technical requirements.

IV.3c. You must have nonprofit status with the IRS at the time of application. **Please note:** Effective January 7, 2009, all applicants for ECA federal assistance awards must include in their application the names of directors and/or senior executives (current officers, trustees, and key employees, regardless of amount of compensation). In fulfilling this requirement, applicants must submit information in one of the following ways:

(1) Those who file Internal Revenue Service Form 990, "Return of Organization Exempt From Income Tax," must include a copy of relevant portions of this form.

(2) Those who do not file IRS Form 990 must submit information above in the format of their choice.

In addition to final program reporting requirements, award recipients will also be required to submit a one-page document, derived from their program reports, listing and describing their grant activities. For award recipients, the names of directors and/or senior executives (current officers, trustees, and key employees), as well as the one-page description of grant activities, will be transmitted by the State Department to OMB, along with other information

required by the Federal Funding Accountability and Transparency Act (FFATA), and will be made available to the public by the Office of Management and Budget on its USASpending.gov Web site as part of ECA's FFATA reporting requirements.

If your organization is a private nonprofit which has not received a grant or cooperative agreement from ECA in the past three years, or if your organization received nonprofit status from the IRS within the past four years, you must submit the necessary documentation to verify nonprofit status as directed in the PSI document. Failure to do so will cause your proposal to be declared technically ineligible.

IV.3d. Please take into consideration the following information when preparing your proposal narrative:

#### IV.3d.1 Adherence To All Regulations Governing The J Visa

The Office of Citizen Exchanges of the Bureau of Educational and Cultural Affairs is the official program sponsor of the exchange program covered by this RFGP, and an employee of the Bureau will be the "Responsible Officer" for the program under the terms of 22 CFR part 62, which covers the administration of the Exchange Visitor Program (J visa program). Under the terms of 22 CFR part 62, organizations receiving awards (either a grant or cooperative agreement) under this RFGP will be third parties "cooperating with or assisting the sponsor in the conduct of the sponsor's program." The actions of recipient organizations shall be "imputed to the sponsor in evaluating the sponsor's compliance with" 22 CFR part 62. Therefore, the Bureau expects that any organization receiving an award under this competition will render all assistance necessary to enable the Bureau to fully comply with 22 CFR part 62 *et seq.*

The Bureau of Educational and Cultural Affairs places critically important emphases on the secure and proper administration of Exchange Visitor (J visa) Programs and adherence by recipient organizations and program participants to all regulations governing the J visa program status. Therefore, proposals should explicitly state in writing that the applicant is prepared to assist the Bureau in meeting all requirements governing the administration of Exchange Visitor Programs as set forth in 22 CFR part 62. If your organization has experience as a designated Exchange Visitor Program Sponsor, the applicant should discuss their record of compliance with 22 CFR part 62 *et seq.*, including the oversight of their Responsible Officers and

Alternate Responsible Officers, screening and selection of program participants, provision of pre-arrival information and orientation to participants, monitoring of participants, proper maintenance and security of forms, record-keeping, reporting and other requirements.

The Office of Citizen Exchanges of ECA will be responsible for issuing DS-2019 forms to participants in this program.

A copy of the complete regulations governing the administration of Exchange Visitor (J) programs is available at <http://exchanges.state.gov> or from: Office of Designation, ECA/EC/D, SA-5, Floor C2, Department of State, Washington, DC 20522-0582.

#### IV.3d.2 Diversity, Freedom and Democracy Guidelines

Pursuant to the Bureau's authorizing legislation, programs must maintain a non-political character and should be balanced and representative of the diversity of American political, social, and cultural life. "Diversity" should be interpreted in the broadest sense and encompass differences including, but not limited to ethnicity, race, gender, religion, geographic location, socio-economic status, and disabilities. Applicants are strongly encouraged to adhere to the advancement of this principle both in program administration and in program content. Please refer to the review criteria under the 'Support for Diversity' section for specific suggestions on incorporating diversity into your proposal. Public Law 104-319 provides that "in carrying out programs of educational and cultural exchange in countries whose people do not fully enjoy freedom and democracy," the Bureau "shall take appropriate steps to provide opportunities for participation in such programs to human rights and democracy leaders of such countries." Public Law 106-113 requires that the governments of the countries described above do not have inappropriate influence in the selection process. Proposals should reflect advancement of these goals in their program contents, to the full extent deemed feasible.

#### IV.3d.3. Program Monitoring and Evaluation

Proposals must include a plan to monitor and evaluate the project's success, both as the activities unfold and at the end of the program. The Bureau recommends that your proposal include a draft survey questionnaire or other technique plus a description of a methodology to use to link outcomes to original project objectives. The Bureau

expects that the recipient organization will track participants or partners and be able to respond to key evaluation questions, including satisfaction with the program, learning as a result of the program, changes in behavior as a result of the program, and effects of the program on institutions (institutions in which participants work or partner institutions). The evaluation plan should include indicators that measure gains in mutual understanding as well as substantive knowledge.

Successful monitoring and evaluation depend heavily on setting clear goals and outcomes at the outset of a program. Your evaluation plan should include a description of your project's objectives, your anticipated project outcomes, and how and when you intend to measure these outcomes (performance indicators). The more that outcomes are "smart" (specific, measurable, attainable, results-oriented, and placed in a reasonable time frame), the easier it will be to conduct the evaluation. You should also show how your project objectives link to the goals of the program described in this RFGP.

Your monitoring and evaluation plan should clearly distinguish between program outputs and outcomes. Outputs are products and services delivered, often stated as an amount. Output information is important to show the scope or size of project activities, but it cannot substitute for information about progress towards outcomes or the results achieved. Examples of outputs include the number of people trained or the number of seminars conducted. Outcomes, in contrast, represent specific results a project is intended to achieve and is usually measured as an extent of change. Findings on outputs and outcomes should both be reported, but the focus should be on outcomes.

We encourage you to assess the following four levels of outcomes, as they relate to the program goals set out in the RFGP (listed here in increasing order of importance):

1. Participant satisfaction with the program and exchange experience.
2. Participant learning, such as increased knowledge, aptitude, skills, and changed understanding and attitude. Learning includes both substantive (subject-specific) learning and mutual understanding.
3. Participant behavior, demonstrating concrete actions to apply knowledge in work or community; greater participation and responsibility in civic organizations; interpretation and explanation of experiences and new knowledge gained; continued contacts between participants, community members, and others.

4. Institutional changes, such as increased collaboration and partnerships, policy reforms, new programming, and organizational improvements.

**Please note:** Consideration should be given to the appropriate timing of data collection for each level of outcome. For example, satisfaction is usually captured as a short-term outcome, whereas behavior and institutional changes are normally considered longer-term outcomes.

Overall, the quality of your monitoring and evaluation plan will be judged on how well it (1) specifies intended outcomes; (2) gives clear descriptions of how each outcome will be measured; (3) identifies when particular outcomes will be measured; and (4) provides a clear description of the data collection strategies for each outcome (*i.e.*, surveys, interviews, or focus groups). (Please note that evaluation plans that deal only with the first level of outcomes [satisfaction] will be deemed less competitive under the present evaluation criteria.)

Recipient organizations will be required to provide reports analyzing their evaluation findings to the Bureau in their regular program reports. All data collected, including survey responses and contact information, must be maintained for a minimum of three years and provided Bureau upon request.

IV.3e. Please take the following information into consideration when preparing your budget:

IV.3e.1. Applicants must submit SF-424A—"Budget Information—Non-Construction Programs" along with a comprehensive budget for the entire program. There must be a summary budget as well as breakdowns reflecting both administrative and program budgets. Applicants may provide separate sub-budgets for each program component, phase, location, or activity to provide clarification.

IV.3e.2. Allowable costs for the program include the following:

*IV.3e.2a. Travel.* International and domestic airfare; airline baggage and seat fees; visas; transit costs; ground transportation costs. Please note that all air travel must be in compliance with the Fly America Act. There is no charge for J-1 visas for participants in Bureau sponsored programs.

*IV.3e.2b. Per Diem.* For U.S.-based programming, organizations should use the published Federal per diem rates for individual U.S. cities. *Domestic per diem rates* may be accessed at: [http://www.gsa.gov/Portal/gsa/ep/content/View.do?contentType=GSA\\_BASIC&contentId=17943](http://www.gsa.gov/Portal/gsa/ep/content/View.do?contentType=GSA_BASIC&contentId=17943). ECA requests applicants to budget realistic costs that

reflect the local economy and do not exceed Federal per diem rates. *Foreign per diem rates* can be accessed at: [http://aoprals.state.gov/content.asp?content\\_id=184&menu\\_id=78](http://aoprals.state.gov/content.asp?content_id=184&menu_id=78).

*IV.3e.2c. Interpreters.* As stated previously, ECA anticipates that most participants coming to the U.S. on this program will not have command of English. ECA is requiring that eventual award recipients ask ECA to assign State Department interpreters for this project. One interpreter is typically needed for every four participants who require interpretation. When an applicant proposes to use State Department interpreters, the following expenses should be included in the budget: Published Federal per diem rates (both "lodging" and "M&IE") and "home-program-home" transportation in the amount of \$400 per interpreter. Salary expenses for State Department interpreters will be covered by the Bureau and should not be part of an applicant's proposed budget. Bureau funds cannot support interpreters who accompany delegations from their home country or travel internationally.

*IV.3e.2d. Book and Cultural Allowances.* Foreign participants are entitled to a one-time cultural allowance of \$150 per person, plus a book allowance of \$50. Interpreters should be reimbursed up to \$150 for expenses when they escort participants to cultural events. U.S. program staff, trainers or participants are not eligible to receive these benefits.

*IV.3e.2e. Consultants.* Consultants may be used to provide specialized expertise or to make presentations. Honoraria rates should not exceed \$250 per day. Organizations are encouraged to cost-share rates that would exceed that figure. Subcontracting organizations may also be employed, in which case the written agreement between the prospective grantee and sub-grantee should be included in the proposal. Such sub-grants should detail the division of responsibilities and proposed costs, and subcontracts should be itemized in the budget.

*IV.3e.2f. Room rental.* The rental of meeting space should not exceed \$250 per day. Any rates that exceed this amount should be cost shared.

*IV.3e.2g. Materials.* Proposals may contain costs to purchase, develop and translate materials for participants. Costs for high quality translation of materials should be anticipated and included in the budget. Grantee organizations should expect to submit a copy of all program materials to ECA, and ECA support should be acknowledged on all materials developed with its funding.

*IV.3e.2h. Equipment.* Applicants may propose to use grant funds to purchase equipment, such as computers and printers; these costs should be justified in the budget narrative. Costs for furniture are not allowed.

*IV.3e.2i. Working meal.* Normally, no more than one working meal may be provided during the program. Per capita costs may not exceed \$15–\$25 for lunch and \$20–\$35 for dinner, excluding room rental. The number of invited guests may not exceed participants by more than a factor of two-to-one. When setting up a budget, interpreters should be considered "participants."

*IV.3e.2j. Return travel allowance.* A return travel allowance of \$70 for each foreign participant may be included in the budget. This allowance would cover incidental expenses incurred during international travel.

*IV.3e.2k. Health Insurance.* Foreign participants will be covered during their participation in the program by the ECA-sponsored Accident and Sickness Program for Exchanges (ASPE), for which the grantee must enroll them. Details of that policy can be provided by the contact officers identified in this solicitation. The premium is paid by ECA and should not be included in the grant proposal budget. However, applicants are permitted to include costs for travel insurance for U.S. participants in the budget.

*IV.3e.2l. Wire transfer fees.* When necessary, applicants may include costs to transfer funds to partner organizations overseas. Grantees are urged to research applicable taxes that may be imposed on these transfers by host governments.

*IV.3e.2m. In-country travel costs for visa processing purposes.* Given the requirements associated with obtaining J–1 visas for ECA-supported participants, applicants should include costs for any travel associated with visa interviews or DS–2019 pick-up.

*IV.3e.2n. Administrative Costs.* Costs necessary for the effective administration of the program may include salaries for grantee organization employees, benefits, and other direct and indirect costs per detailed instructions in the Application Package. While there is no rigid ratio of administrative to program costs, proposals in which the administrative costs do not exceed 25% of the total requested ECA grant funds will be more competitive under the cost effectiveness and cost sharing criterion, per item V.1 below. Proposals should show strong administrative cost sharing contributions from the applicant, the in-country partner and other sources. Please also include in the administrative

portion of your budget plans to travel to Washington, DC, to meet with your program officer within the first 45 days after the grant has been awarded. Please refer to the Solicitation Package for complete budget guidelines and formatting instructions.
