

the potential threats based on the best available science and includes recovery goals and criteria. The Plan is not a regulatory action, but presents guidance for use by agencies and interested parties to assist in the recovery of loggerhead turtles. The Plan identifies substantive actions needed to achieve recovery by addressing the threats to the species. Recovery of Kemp's ridleys has and will continue to be a long-term effort between the U.S. and Mexico and will require cooperation and coordination of Federal, state, local government agencies and nongovernment organizations. NMFS and USFWS will consider all substantive comments and information presented during the public comment period in the course of finalizing this Plan.

Authority: 16 U.S.C. 1531 *et seq.*

Dated: March 10, 2010.

Angela Somma,

Chief, Endangered Species Division, Office of Protected Resources, National Marine Fisheries Service.

Carbazole Violet Pigment 23 from India and the People's Republic of China: Final Results of the Expedited Sunset Reviews of the Antidumping Duty Orders

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: On November 2, 2009, the Department initiated sunset reviews of the antidumping duty orders on carbazole violet pigment 23 (CVP 23) from India and the People's Republic of China (PRC) pursuant to section 751(c) of the Tariff Act of 1930, as amended (the Act). See *Initiation of Five-Year ("Sunset") Review*, 74 FR 56593 (November 2, 2009) (*Notice of Initiation*). The Department has conducted expedited (120-day) sunset reviews of these orders pursuant to 19 CFR 351.218(e)(1)(ii)(C)(2). As a result of these sunset reviews, the Department finds that revocation of the antidumping duty orders would be likely to lead to

continuation or recurrence of dumping as indicated in the "Final Results of Review" section of this notice.

EFFECTIVE DATE: March 16, 2010.

FOR FURTHER INFORMATION CONTACT: Bryan Hansen or Minoo Hatten, AD/CVD Operations, Office 5, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230; telephone: (202) 482-3683 or (202) 482-1690, respectively.

SUPPLEMENTARY INFORMATION:

Background

On November 2, 2009, the Department initiated sunset reviews of the antidumping duty orders on CVP 23 from India and the PRC¹ pursuant to section 751(c) of the Act. See *Notice of Initiation*.

On November 10, 2009, the Department received a notice of intent to participate in these sunset reviews from Nation Ford Chemical Company and Sun Chemical Corporation (collectively, the domestic interested parties) within the 15-day period specified in 19 CFR 351.218(d)(1)(i). The domestic interested parties claimed interested-party status under section 771(9)(C) of the Act as producers of a domestic like product in the United States.

The Department received complete substantive responses to the *Notice of Initiation* from the domestic interested parties within the 30-day period specified in 19 CFR 351.218(d)(3)(i). The Department received no substantive responses from any respondent interested parties and no hearing was requested. On the basis of a notice of intent to participate and adequate substantive responses filed on behalf of the domestic interested parties and no responses filed on behalf of respondent interested parties and in accordance with section 751(c)(3)(B) of the Act and 19 CFR 351.218(e)(1)(ii)(C)(2), the Department is conducting expedited (120-day) sunset reviews of the antidumping duty orders on CVP 23 from India and the PRC.

Scope of the Orders

The product covered by the antidumping duty orders on CVP 23 from India and the PRC is CVP 23 identified as Color Index No. 51319 and Chemical Abstract No. 6358-30-1, with

the chemical name of diindolo [3,2-b:3,2-m]² triphenodioxazine, 8,18-dichloro-5, 15-diethyl-5, 15-dihydro-, and molecular formula of C₃₄H₂₂Cl₂N₄O₂. The subject merchandise includes the crude pigment in any form (*e.g.*, dry powder, paste, wet cake) and finished pigment in the form of presscake and dry color. Pigment dispersions in any form (*e.g.*, pigment dispersed in oleoresins, flammable solvents, water) are not included within the scope of the orders. The merchandise subject to the orders is classifiable under subheading 3204.17.90.40 of the Harmonized Tariff Schedule of the United States (HTSUS). Although the HTSUS subheading is provided for convenience and customs purposes, the written descriptions of the scope of the orders are dispositive.

Analysis of Comments Received

All issues raised in these reviews are addressed in the "Issues and Decision Memorandum for the Expedited Sunset Reviews of the Antidumping Duty Orders on Carbazole Violet Pigment 23 from India and the People's Republic of China" from Acting Deputy Assistant Secretary John M. Andersen to Deputy Assistant Secretary Ronald K. Lorentzen, dated concurrently with this notice (Decision Memo), which is hereby adopted by this notice. The issues discussed in the Decision Memo include the likelihood of continuation or recurrence of dumping and the magnitude of the margins likely to prevail if the orders were revoked. Parties can find a complete discussion of all issues raised in these reviews and the corresponding recommendations in this public memorandum which is on file in the Central Records Unit, room 1117 of the main Department of Commerce building.

In addition, a complete version of the Decision Memo can be accessed directly on the Web at <http://ia.ita.doc.gov/frn>. The paper copy and electronic version of the Decision Memo are identical in content.

Final Results of Reviews

The Department determines that revocation of the antidumping duty orders on CVP 23 from India and the PRC would be likely to lead to a continuation or recurrence of dumping at the following weighted-average percentage margins:

¹ On December 29, 2004, the Department published the following antidumping duty orders: *Antidumping Duty Order: Carbazole Violet Pigment 23 From the People's Republic of China*, 69 FR 77987 (December 29, 2004); *Notice of Amended*

Final Determination of Sales at Less Than Fair Value and Antidumping Duty Order: Carbazole Violet Pigment 23 From India, 69 FR 77988 (December 29, 2004).

² The bracketed section of the product description, [3,2-b:3',2'-m], is not business-proprietary information. In this case, the brackets are simply part of the chemical nomenclature.

Country	Company	Weighted-Average Margin (Percent)
India	Alpanil Industries Ltd.	27.23
	Pidilite Industries Ltd.	66.59
	All Others	44.80
PRC	GoldLink Industries Co., Ltd.	12.46
	Nantong Haidi Chemical Co., Ltd.	57.07
	Trust Chem Co., Ltd.	39.29
	Tianjin Hanchem International Trading Co., Ltd.	85.41
	PRC-wide	241.32

Notification Regarding APO

This notice serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305. Timely written notification of the destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

The Department is issuing and publishing the final results and notice in accordance with sections 751(c), 752(c), and 777(i)(1) of the Act.

Dated: March 9, 2010.

Ronald K. Lorentzen,

Deputy Assistant Secretary for Import Administration.

Marine Mammal Stock Assessment Reports

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of availability; response to comments.

SUMMARY: As required by the Marine Mammal Protection Act (MMPA), NMFS has incorporated public comments into revisions of marine mammal stock assessment reports (SARs). The 2009 reports are final and available to the public.

ADDRESSES: Electronic copies of SARs are available on the Internet as regional compilations and individual reports at the following address: <http://www.nmfs.noaa.gov/pr/sars/>. You also may send requests for copies of reports to: Chief, Marine Mammal and Sea

Turtle Conservation Division, Office of Protected Resources, National Marine Fisheries Service, 1315 East-West Highway, Silver Spring, MD 20910-3226, Attn: Stock Assessments.

Copies of the Alaska Regional SARs may be requested from Robyn Angliss, Alaska Fisheries Science Center, 7600 Sand Point Way, BIN 15700, Seattle, WA 98115.

Copies of the Atlantic Regional SARs may be requested from Gordon Waring, Northeast Fisheries Science Center, 166 Water Street, Woods Hole, MA 02543.

Copies of the Pacific Regional SARs may be requested from Jim Carretta, Southwest Fisheries Science Center, NMFS, 8604 La Jolla Shores Drive, La Jolla, CA 92037-1508.

FOR FURTHER INFORMATION CONTACT: Tom Eagle, Office of Protected Resources, 301-713-2322, ext. 105,

Tom.Eagle@noaa.gov; Robyn Angliss, Alaska Fisheries Science Center, 206-526-4032, *Robyn.Angliss@noaa.gov*; Gordon Waring, Northeast Fisheries Science Center, 508-495-2311, *Gordon.Waring@noaa.gov*; or Jim Carretta, Southwest Fisheries Science Center, 858-546-7171, *Jim.Carretta@noaa.gov*.

SUPPLEMENTARY INFORMATION:

Background

Section 117 of the MMPA (16 U.S.C. 1361 *et seq.*) requires NMFS and the U.S. Fish and Wildlife Service (FWS) to prepare SARs for each stock of marine mammals occurring in waters under the jurisdiction of the United States. These reports contain information regarding the distribution and abundance of the stock, population growth rates and trends, the stock's Potential Biological Removal (PBR) level, estimates of annual human-caused mortality and serious injury from all sources, descriptions of the fisheries with which the stock interacts, and the status of the stock. Initial reports were completed in 1995.

The MMPA requires NMFS and FWS to review the SARs at least annually for strategic stocks and stocks for which significant new information is available, and at least once every 3 years for non-strategic stocks. NMFS and FWS are

required to revise a SAR if the status of the stock has changed or can be more accurately determined. NMFS, in conjunction with the Alaska, Atlantic, and Pacific Scientific Review Groups (SRGs), reviewed the status of marine mammal stocks as required and revised reports in each of the three regions.

As required by the MMPA, NMFS updated SARs for 2009, and the revised reports were made available for public review and comment (74 FR 30527, June 26, 2009). The MMPA also specifies that the comment period on draft SARs must be 90 days. NMFS received comments on the draft SARs and has revised the reports as necessary. The final reports for 2009 are available (see ADDRESSES).

Comments and Responses

NMFS received letters containing comments on the draft 2009 SARs from the Marine Mammal Commission (Commission), four non-governmental organizations (Center for Biological Diversity, Humane Society of the United States, Cascadia Research Collective, and Hawaii Longline Association), a fishing company (Prowler Fisheries), and one individual. Most letters contained multiple comments.

Unless otherwise noted, comments suggesting editorial or minor clarifying changes were incorporated in the reports but were not included in the summary of comments and responses below. Other comments recommended development of Take Reduction Plans or to initiate or repeat large data collection efforts, such as abundance surveys, observer programs, or other mortality estimates. Comments on actions not related to the SARs (e.g., convening a Take Reduction Team or listing a marine mammal species under the Endangered Species Act (ESA)) are not included below. Many comments, including those from the Commission, recommending additional data collection (e.g., additional abundance surveys or observer programs) have been addressed in previous years. NMFS' resources for surveys, observer programs, or other mortality estimates are fully utilized, and no new large surveys or other programs may be
