

In accordance with the Department's findings in the June 28, 2006 Ministerial

Errors Memo and 19 CFR 351.224(e), we are amending the *Final Determination*.

The revised weighted-average dumping margins are as follows:

Manufacturer/exporter	Final determination weighted average margin percentage	Amended weighted average margin percentage
Ehwa	12.76	8.80
Shinhan	26.55	16.88
Hyosung Diamond Industrial Co	6.43	6.43
All Others	16.39	11.10

Continuation of Suspension of Liquidation

In accordance with section 735(c)(1)(B) of the Act, we are directing U.S. Customs and Border Protection ("CBP") to continue to suspend liquidation of all entries of DSB from Korea. CBP shall require a cash deposit equal to the estimated amount by which the normal value exceeds the U.S. price as indicated in the "amended weighted-average margin percentage" column in the chart above. These instructions suspending liquidation will remain in effect until further notice. We will issue separate instructions to CBP authorizing it to refund the antidumping duty deposits that Ehwa and Shinhan made in excess of the respective amended antidumping duty margins for these manufacturer/exporters since January 23, 2009, the effective date for suspension of liquidation under the *DSB Orders*. We will also issue instructions to CBP authorizing it to refund the antidumping duty deposits companies subject to the all-others rate made in excess of the amended All Others rate since January 23, 2009.

Critical Circumstances

In the *Final Determination*, the Department determined that critical circumstances existed with respect to Shinhan and the "All Others" rate. On July 11, 2006, the ITC published its final determination that an industry in the United States was not materially injured or threatened with material injury by reason of imports of DSB from the PRC and Korea.⁴ Pursuant to the ITC's original final determination, the Department instructed CBP to lift suspension of liquidation on all entries subject to the investigation. Accordingly, all entries of subject merchandise, including those entered 90 days before the imposition of provisional measures, were liquidated and the issue of critical circumstances is moot.

⁴ See *ITC Final Determination*.

This amended determination is issued and published pursuant to section 735(d) of the Act.

Dated: March 18, 2010.

Ronald K. Lorentzen,

Deputy Assistant Secretary for Import Administration.

Foreign-Trade Zones Board

[Docket 18-2010]

Foreign-Trade Zone 196 -- Fort Worth, Texas, Application for Reorganization/Expansion under Alternative Site Framework

An application has been submitted to the Foreign-Trade Zones (FTZ) Board (the Board) by the Alliance Corridor, Inc., grantee of FTZ 196, requesting authority to reorganize the zone under the alternative site framework (ASF) adopted by the Board (74 FR 1170, 1/12/09; correction 74 FR 3987, 1/22/09). The ASF is an option for grantees for the establishment or reorganization of general-purpose zones and can permit significantly greater flexibility in the designation of new "usage-driven" FTZ sites for operators/users located within a grantee's "service area" in the context of the Board's standard 2,000-acre activation limit for a general-purpose zone project. The application was submitted pursuant to the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a-81u), and the regulations of the Board (15 CFR part 400). It was formally filed on March 16, 2010.

FTZ 196 was approved by the Board on August 31, 1993 (Board Order 651, 58 FR 48826, 9/20/93). The current zone project includes the following sites: *Site 1* (4,470 acres) -- Alliance Center, located at the Alliance Airport on Interstate 35W in the Cities of Fort Worth and Haslet; *Site 2* (1,900 acres) -- Alliance Gateway, located along State Highway 170 between Interstate 35W

and State Highway 114, Fort Worth and Roanoke; *Site 3* (1,600 acres) -- located at Interstate 35W and State Highway 114 in Northlake; and, *Site 4* (1,600 acres) -- Hunter Ranch, located on Interstate 35W in Denton.

The grantee's proposed service area under the ASF would be the Alliance Corridor area located within Denton and Tarrant Counties, Texas (as detailed in the application). If approved, the grantee would be able to serve sites throughout the service area based on companies' needs for FTZ designation. The proposed service area is adjacent to the Alliance Customs and Border Protection user fee airport.

The applicant is requesting to include its current sites in the reorganized zone as "magnet" sites. The applicant proposes that Site 1 be exempt from "sunset" time limits that would otherwise apply to sites under the ASF. The applicant is also requesting approval of a "usage-driven" site in Denton County: Proposed Site 5 (39 acres) -- Lego Systems, Inc., 300 Freedom Drive, Roanoke (located within Alliance Gateway 60).

In accordance with the Board's regulations, Camille Evans of the FTZ Staff is designated examiner to evaluate and analyze the facts and information presented in the application and case record and to report findings and recommendations to the Board.

Public comment is invited from interested parties. Submissions (original and 3 copies) shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is May 24, 2010. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period to June 7, 2010.

A copy of the application will be available for public inspection at the Office of the Executive Secretary, Foreign-Trade Zones Board, Room 2111, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230-0002, and in the "Reading Room" section of the Board's website, which is accessible via

www.trade.gov/ftz. For further information, contact Camille Evans at Camille.Evans@trade.gov or (202) 482-2350.

Dated: March 16, 2010.

Andrew McGilvray,
Executive Secretary.

DEPARTMENT OF COMMERCE

Foreign-Trade Zones Board

[Order No. 1669]

Approval for Manufacturing Authority, Foreign-Trade Zone 7, CooperVision Caribbean Corporation (Contact Lenses), Juana Diaz, Puerto Rico

Pursuant to its authority under the Foreign-Trade Zones Act of June 18, 1934, as amended (19 U.S.C. 81a-81u), the Foreign-Trade Zones Board (the Board) adopts the following Order:

Whereas, the Puerto Rico Industrial Development Company, grantee of Foreign-Trade Zone 7, has requested manufacturing authority on behalf of CooperVision Caribbean Corporation, within FTZ 7 in Juana Diaz, Puerto Rico (FTZ Docket 24-2009, filed 6-26-2009);

Whereas, notice inviting public comment has been given in the **Federal Register** (74 FR 31912, 7-6-2009) and the application has been processed pursuant to the FTZ Act and the Board's regulations; and,

Whereas, the Board adopts the findings and recommendations of the examiner's report, and finds that the requirements of the FTZ Act and Board's regulations are satisfied, and that the proposal is in the public interest;

Now, therefore, the Board hereby orders:

The application for manufacturing authority under zone procedures within FTZ 7 on behalf of CooperVision Caribbean Corporation, as described in the application and **Federal Register** notice, is approved, subject to the FTZ Act and the Board's regulations, including Section 400.28.

Signed at Washington, DC, this 12th day of March 2010.

Ronald K. Lorentzen,

Deputy Assistant Secretary for Import Administration, Alternate Chairman, Foreign-Trade Zones Board.

Attest:

Andrew McGilvray,
Executive Secretary.

DEPARTMENT OF COMMERCE

National Institute of Standards and Technology

[Docket Number: 100311136-0140-01]

Center for Nanoscale Science and Technology Postdoctoral Researcher and Visiting Fellow Measurement Science and Engineering Program; Availability of Funds

AGENCY: National Institute of Standards and Technology (NIST), Commerce.

ACTION: Notice.

SUMMARY: The National Institute of Standards and Technology (NIST) Center for Nanoscale Science and Technology (CNST) is establishing a financial assistance program for awardees to develop and implement with the CNST a Postdoctoral Researcher and Visiting Fellow Measurement Science and Engineering Program. This program is intended to promote research, training, and practical experience in nanoscale science and technology on-site at the CNST, and to advance the CNST's mission to support the development of nanotechnology through research on measurement and fabrication methods, standards and technology, and by operating a state-of-the-art nanofabrication facility, the NanoFab.

DATES: All applications must be received no later than 5 p.m. Eastern Daylight Savings Time on Friday, April 30, 2010. Please see "Application Submission Information" for more information.

ADDRESSES: Paper copies of full proposals must be submitted to the address below. Paper submissions require an original and two copies: Donna Lauren; Center for Nanoscale Science and Technology; National Institute of Standards and Technology; 100 Bureau Drive, Stop 6200; Gaithersburg, Maryland 20899-6200. Electronic submissions of full proposals must be submitted to: <http://www.grants.gov>.

FOR FURTHER INFORMATION CONTACT: Donna Lauren, Center for Nanoscale Science and Technology, National Institute of Standards and Technology, 100 Bureau Drive, Stop 6200, Gaithersburg, Maryland 20899-6200. Tel (301) 975-3729, E-Mail: donna.lauren@nist.gov.

SUPPLEMENTARY INFORMATION:

Electronic access: Applicants are strongly encouraged to read the Federal Funding Opportunity (FFO) available at <http://www.grants.gov/> for complete

information about this program, all program requirements, and instructions for applying by paper or electronically.

Authority: 15 U.S.C. 272(b) and (c), 15 U.S.C. 278g-1(a), (b), 15 U.S.C. 7501(b). (Catalog of Federal Domestic Assistance (CFDA) Number: 11.609)

Program Description

Program Objectives

The CNST's mission is to support the development of nanotechnology through research on measurement and fabrication methods, standards and technology, and by operating a state-of-the-art nanofabrication facility, the NanoFab. The primary program objectives of the Center for Nanoscale Science and Technology Postdoctoral Researcher and Visiting Fellow Measurement Science and Engineering Program are as follows:

1. To advance, through cooperative efforts with one or more universities, research consistent with the mission of NIST, and CNST specifically. See <http://www.nist.gov/cnst/> and 15 U.S.C. 271 *et seq.*

2. To provide training for the next generation of nanotechnologists by providing recent Ph.D. recipients postdoctoral positions ("Postdoctoral Researchers") to perform research at the CNST under the mentorship of a CNST Project Leader. The Postdoctoral Researchers must show promise as contributors to the mission of the CNST, and be selected on the basis of ability and of the relevance of the proposed work to the mission of the CNST.

3. To provide advanced training and access to the CNST's expertise and instrumentation by providing practicing scientists and engineers in the public and private sectors visiting senior research positions ("Visiting Fellows") to perform research at the CNST in collaboration with a CNST Project Leader. The Visiting Fellows must be selected on the basis of ability and on the relevance of the proposed work to the mission of the CNST.

4. To provide Postdoctoral Researchers and Visiting Fellows under this program with professional development opportunities, including travel to relevant workshops and conferences.

5. To encourage U.S. industrial, university, and government scientists to participate in research at the CNST, either in collaboration with the CNST research program or by using the NanoFab, by providing support for travel and local expenses for participants traveling beyond a normal commuting distance to the CNST in Gaithersburg, Maryland.
