(1) A period of 30 days will be permitted for submission of nominations for that committee or subcommittee. Interested persons may nominate one or more qualified persons to represent consumer interests. Although nominations from individuals

will be accepted, individuals are encouraged to submit their nominations through consumer organizations as defined in paragraph (c)(3) of this section. Regulated Navigation Area: Narragansett Bay, RI and Mount Hope Bay, RI and MA, Including the Providence River and Taunton River

AGENCY: Coast Guard, DHS.

ACTION: Final rule.

SUMMARY: This rule modifies provisions contained in the existing Regulated Navigation Area (RNA) that were originally implemented to address severe shoaling in the Providence River. Based on recommendations made in several public comments responding to the notice of proposed rulemaking (NPRM), this rule includes additional navigation safety measures for vessels transiting Narragansett Bay, namely a requirement to make periodic Safety Signal (SECURITE) calls at certain points along the transit, and a requirement to maintain a minimum underkeel clearance to prevent groundings. Based on recommendations made in several other comments, some measures proposed in the NPRM for the Taunton River and Mount Hope Bay in

the vicinity of the two Brightman Street bridges have not been adopted and are therefore not included in this final rule.

DATES: This rule is effective April 28, 2010.

SUPPLEMENTARY INFORMATION:

Regulatory Information

On November 21, 2005, the Coast Guard issued a **Federal Register** notice and request for comments at 70 FR 70052, under the heading "Navigation and Waterways Management Improvements, Providence River Regulated Navigation Area, Narragansett Bay, Rhode Island and Mt. Hope Bay, MA." The notice was prompted primarily by two events: (1) The U.S. Army Corps of Engineers (USACE) was nearing completion of a major maintenance dredging project in the Providence River, and (2) enactment of Public Law 109-59, the Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users (SAFETEA-LU) signed on August 10, 2005 by President Bush. Section 1948 of SAFETEA-LU resulted in retention of the old Brightman Street Bridge across the Taunton River between Somerset and Fall River, MA. The proximity of the old and new Brightman Street bridges to each other, which will both remain in place as a result of SAFETEA-LU, prompted formal adoption of the navigation safety measures that are currently practiced either voluntarily or through Captain of the Port (COTP) orders to particular commercial vessels.
