RAILROAD RETIREMENT BOARD

Agency Forms Submitted for OMB Review, Request for Comments

SUMMARY: In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35), the Railroad Retirement Board (RRB) is forwarding two (2) Information Collection Requests (ICR) to the Office of Information and Regulatory Affairs (OIRA), Office of Management and Budget (OMB). Our ICR describes the information we seek to collect from the public. Review and approval by OIRA ensures that we impose appropriate paperwork burdens.

The RRB invites comments on the proposed collections of information to determine (1) the practical utility of the collections; (2) the accuracy of the estimated burden of the collections; (3) ways to enhance the quality, utility and clarity of the information that is the subject of collection; and (4) ways to minimize the burden of collections on respondents, including the use of automated collection techniques or other forms of information technology. Comments to RRB or OIRA must contain the OMB control number of the ICR. For proper consideration of your comments, it is best if RRB and OIRA receive them within 30 days of publication date.

1. Title and Purpose of Information Collection:

Application for Employee Annuity Under the Railroad Retirement Act; 3220-0002

Section 2 of the Railroad Retirement Act (RRA) provides for payments of age and service, disability, and supplemental annuities to qualified employees. An annuity cannot be paid until the employee stops working for a railroad employer. In addition, the age

and service employee must relinquish any rights held to such jobs. A disabled employee does not need to relinquish employee rights until attaining Full Retirement Age, or if earlier, their spouse files for a spouse annuity. Benefits become payable after the employee meets certain other requirements, which depend on the type of annuity payable. The requirements for obtaining the annuities are prescribed in 20 CFR 216, and 220.

The RRB uses the electronic *AA-1cert, Application Summary and Certification* process and the following forms to collect the information needed for determining entitlement to and the amount of, an employee retirement annuity: *Form AA-1, Application for Employee Annuity Under the Railroad Retirement Act, Form AA-1d, Application for Determination of Employee Disability*, and *Form G-204, Verification of Workers Compensation/Public Disability Benefit Information*.

The AA-1cert process obtains information from an applicant for either an age and service, or disability annuity by means of an interview with an RRB field-office representative. It obtains information about an applicant's marital history, work history, military service, benefits from other governmental agencies and railroad pensions. During the interview, the field-office representative enters the information obtained into an on-line information system. Upon completion of the interview, the applicant receives Form AA-1cert, Application Summary and Certification, which summarizes the information that was provided by/or verified by the applicant, for review and signature. The RRB also uses a manual version, RRB Form AA-1, in instances where the RRB representative is unable to contact the applicant in-person or by telephone, *i.e.*, the applicant lives in another country.

Form AA-1d, Application for Determination of Employee Disability, is completed by an employee who is filing for a disability annuity under the RRA, or a disability freeze under the Social Security Act for early Medicare based on a disability. Form G-204, Verification of Workers Compensation/Public Disability Benefit Information, is used to obtain and verify information concerning worker's compensation or public disability benefits that are or will be paid by a public agency to a disabled railroad employee.

All of the forms require completion to obtain a benefit. One or more response is requested of each respondent.

Previous Requests for Comments: The RRB has already published the initial 60-day notice (75 FR 4944 on January 28, 2010) required by 44 U.S.C. 3506(c)(2). That request elicited no comments.
