Title: Broadband Grant Program.

OMB Control Number: 0572-0127.

Type of Request: Extension of a currently approved information collection.

Abstract: The provision of broadband transmission service is vital to the economic development, education, health, and safety of rural Americans. To further this objective, RUS provides financial assistance in the form of grant to eligible entities that propose, on a "community-oriented connectivity" basis, to provide broadband transmission service that fosters economic growth and delivers enhanced educational, health care, and public safety services to extremely rural, lower income communities. The Agency gives priority to rural areas that it believes have the greatest need for broadband transmission services. Grant authority is utilized to deploy broadband infrastructure to extremely rural, lower income communities on a "community-oriented connectivity" basis. The "community-oriented connectivity" concept integrates the deployment of broadband infrastructure with the practical, everyday uses and applications of the facilities. This broadband access is intended to promote economic development and provide enhanced educational and health care opportunities. The Agency provides financial assistance to eligible entities that are proposing to deploy broadband transmission service in rural communities where such service does not currently exist and who will connect the critical community facilities including the local schools, libraries, hospitals, police, fire and rescue

services and who will operate a community center that provides free and open access to residents.

Estimate of Burden: Public reporting burden for this collection of information is estimated to average 154.87 hours per response.

Respondents: Public bodies, commercial companies, cooperatives, nonprofits, Indian tribes, and limited dividend or mutual associations and must be incorporated or a limited liability company.

Estimated Number of Respondents: 300.

Estimated Number of Responses per Respondent: 1

Estimated Total Annual Burden on Respondents: 48,010.

Copies of this information collection can be obtained from Joyce McNeil, Program Development and Regulatory Analysis, Rural Utilities Service at (202) 720-0812, FAX: (202) 720-8435.

All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

Dated: March 24, 2010.

Jonathan Adelstein,

Administrator.
