Notice of Intent To Prepare an Environmental Assessment and Request for Public Scoping Comments for the Air Tour Management Plan Program at Mount Rainier National Park

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of intent to prepare an environmental assessment and to request public scoping comments.

SUMMARY: The FAA, with National Park Service (NPS) as a cooperating agency, has initiated development of an Air Tour Management Plan (ATMP) for Mount Rainier National Park (MORA), pursuant to the National Parks Air Tour Management Act of 2000 (Pub. L. 106–181) and its implementing regulations (14 CFR part 136, subpart B, National Parks Air Tour Management). The objective of the ATMP is to develop acceptable and effective measures to mitigate or prevent the significant adverse impacts, if any, of commercial air tour operations upon the natural resources, cultural resources, and visitor

experiences of a national park unit and any tribal lands within or abutting the park. It should be noted that the ATMP has no authorization over other non-air-tour operations such as military and general aviation operations. In compliance with the National Environmental Policy Act of 1969 (NEPA) and FAA Order 1050.1E, CHG 1, an Environmental Assessment is being prepared.

In October 2009, the NPS and FAA held a two-day kickoff meeting at MORA; minutes may be found at: http://www.faa.gov/about/office_org/headquarters_offices/arc/programs/air_tour_management_plan/park_specific_plans/mountainier.cfm.

The purpose of the kickoff meeting was for the FAA and NPS to have the opportunity to share information regarding environmental and other issues to consider in the development of an ATMP. Materials presented at the meeting included information on: park resources; the acoustical environment at MORA; current and historical air tour operations; and representative air tour flight paths. In addition, MORA staff provided information regarding sensitive park resources, tribal concerns, and tourism patterns. Based on input received at the meeting, the FAA and NPS have decided to proceed with developing the ATMP at MORA with an Environmental Assessment (EA).

The FAA and NPS are now inviting the public, agencies, tribes, and other interested parties to provide comments, suggestions, and input on the scope of issues to be addressed in the environmental process.

DATES: By this notice, the FAA is requesting comments on the scope of the environmental assessment for the ATMP at Mount Rainier National Park. Comments must be submitted by May 3, 2010.
