Endangered and Threatened Wildlife and Plants; 5-Year Status Review of Roseate Tern

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of status review; request for information; clarification.

SUMMARY: We, the U.S. Fish and Wildlife Service (Service), are clarifying a prior published notice regarding our 5-year status review for the roseate tern (*Sterna dougalli dougalli*) under the Endangered Species Act of 1973, as amended (Act). We conduct these reviews to ensure that the classification of species as threatened or endangered on the Lists of Endangered and Threatened Wildlife and Plants is accurate. The prior notice indicated that we are conducting a status review of only the northeastern population of the roseate tern; we are actually conducting a status review of this species throughout the entire area where it is listed.
