

The Seneca Lake Facility is currently owned and operated by New York State Electric & Gas Corporation (NYSEG). The facility consists of a salt storage cavern, a 7,761 horsepower compression station, and an 18.6 mile section of high pressure pipeline (West Lateral) connecting to the DTI system in the town of Big Flats, New York. The storage capacity of the Seneca Lake Facility is 2.34 Bcf and the facility has a working gas capacity of 1.45 Bcf. The Seneca Lake Facility can compress up to 72.5 MMcf/d during the injection cycle and up to 145 MMcf/d during the withdrawal cycle. ASC requests authority to charge market-based rates for the Project.

Any questions regarding the application are to be directed to William R. Moler, Senior Vice President, Midstream Operations, Arlington Storage Company, LLC, Two Brush Creek Boulevard, Suite 200, Kansas City, Missouri 64112; phone number (816) 329-5344 or by e-mail at bmoler@inergyservices.com.

Any person wishing to obtain legal status by becoming a party to the proceedings for this project should, on or before the below listed comment date, file with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, a motion to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18 CFR 157.10). A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by all other parties. A party must submit 14 copies of filings made with the Commission and must mail a copy to the applicant and to every other party in the proceeding. Only parties to the proceeding can ask for court review of Commission orders in the proceeding.

Motions to intervene, protests and comments may be filed electronically via the Internet in lieu of paper, see, 18 CFR 385.2001 (a)(1)(iii) and the instructions on the Commission's Web site under the "e-Filing" link. The Commission strongly encourages electronic filings.

Comment Date: April 20, 2010.

Nathaniel J. Davis, Sr.,

Deputy Secretary.

[Docket No. CP10-101-000]

Kinder Morgan Louisiana Pipeline LLC; Notice of Request Under Blanket Authorization

March 30, 2010.

Take notice that on March 25, 2010, Kinder Morgan Louisiana Pipeline LLC (KMLP), 3250 Lacey Road, Suite 700, Downers Grove, IL 60515, filed in Docket No. CP10-101-000, a prior notice request pursuant to sections 157.205, 157.208, 157.211, and 157.212 of the Commission's regulations under the Natural Gas Act (NGA). KMLP seeks authorization to construct and operate a new tap, including ball valve and riser and approximately 15 feet of 8-inch pipe to connect the KMPL system to Targa Louisiana Field Services LLC in Calcasieu Parish, Louisiana in order to deliver re-vaporized liquefied natural gas to Targa. KMLP proposes to perform these activities under its blanket certificate issued in Docket No. CP06-451-000 [119 FERC ¶ 61,309 (2007)], all as more fully set forth in the application which is on file with the Commission and open to public inspection.

Specifically, KMLP proposes to construct and operate facilities in Calcasieu Parish, Louisiana necessary to establish an interconnection with Targa's non-jurisdictional natural gas gathering and processing facilities. The facilities to be constructed by KMLP include an 8-inch tap, 8-inch ball valve, riser, 15-foot of 8-inch diameter piping and such other appurtenant facilities as deemed necessary to effectuate the interconnect. The remainder of the interconnect will be comprised of non-jurisdictional facilities such as meter tube outlet vents, valve actuators, over pressure protection, a line heater, and cathodic protection equipment to be constructed by Targa on an existing meter site associated with Targa's gathering and processing facilities. This interconnection will allow KMLP to deliver up to 100,000 MMBTU/day of re-vaporized liquefied natural gas to Targa for processing. The total cost of the proposed project is estimated to be \$469,000. The proposed in-service date for the interconnect and related facilities is mid to late June 2010.

The filing may be viewed on the Web at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, contact FERC at FERCOnlineSupport@ferc.gov or call

toll-free, (886) 208-3676 or TYY, (202) 502-8659.

Any questions regarding this application may be directed to Norman Watson, Director, Business Development, Kinder Morgan Louisiana Pipeline LLC, 500 Dallas Street, Suite 1000, Houston, Texas 77002 at (713) 369-9219 or Bruce Newsome, Vice President, 3250 Lacey Road, Suite 700, Downers Grove, IL 60515 at (630) 725-3070.

Any person or the Commission's Staff may, within 60 days after the issuance of the instant notice by the Commission, file pursuant to Rule 214 of the Commission's Procedural Rules (18 CFR 385.214) a motion to intervene or notice of intervention and, pursuant to section 157.205 of the Commission's Regulations under the NGA (18 CFR 157.205) a protest to the request. If no protest is filed within the time allowed therefore, the proposed activity shall be deemed to be authorized effective the day after the time allowed for protest. If a protest is filed and not withdrawn within 30 days after the time allowed for filing a protest, the instant request shall be treated as an application for authorization pursuant to section 7 of the NGA.

The Commission strongly encourages electronic filings of comments, protests, and interventions via the Internet in lieu of paper. See 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site (<http://www.ferc.gov>) under the "e-Filing" link. Persons unable to file electronically should submit an original and 14 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426.
