Rural Utilities Service

Title: RUS Form 444, "Wholesale Power Contracts".

OMB Control Number: 0572-0089.

Summary of Collection: The Rural Electrification Act of 1936 (RE Act) as amended (7 U.S.C. 901 *et seq.*), authorizes the Rural Utilities Service (RUS) to make and guaranteed loans that will enable rural consumers to obtain electric power. Rural consumers formed non-profit electric distribution cooperatives, groups of these distribution cooperatives banded together to form Generation and Transmission cooperatives (G&T's) that generate or purchase power and transmit the power to the distribution systems. All RUS and G&T borrowers will enter into a Wholesale Power Contract with their distribution members by using RUS Form 444.

Need and Use of the Information: To fulfill the purposes of the RE Act RUS will collect information to improve the credit quality and credit worthiness of loans and loan guarantees to G&T borrowers. RUS works closely with lending institutions that provide supplemental loan funds to borrowers.

Description of Respondents: Not-for profit institutions; business or other for-profit.

Number of Respondents: 102.

Frequency of Responses: Reporting: Quarterly.

Total Burden Hours: 612.

Rural Utilities Service

Title: Technical Assistance and Training Grant Program—Recovery Act Funding.

OMB Control Number: 0572-0144.

Summary of Collection: The American Recovery and Reinvestment Act of 2009 (Recovery Act) provides for the availability of \$5 million in assistance to the Technical Assistance and Training (TAT) competitive grant program as authorized by Section 306 of the Consolidated Farm and Rural Development Act (CONACT). 7 U.S.C. 1926, authorizes Rural Utilities Service (RUS) to administer the TAT program to make loans and grants to public agencies, American Indian tribes, and nonprofit corporations. The grants fund the development of drinking water, wastewater, and solid waste disposal facilities in rural areas with populations of up to 10,000 residents.

Need and Use of the Information: Nonprofit organizations applying for TAT grants must submit a pre-application, which includes an application form, narrative proposal,

various other forms, certifications and supplemental information. RUS staff will use the information collected to determine applicant eligibility, project feasibility, and the applicant's ability to meet the grant and regulatory requirements. RUS will review the information, evaluate it, and, if the applicant and project are eligible for further competition, invite the applicant to submit a formal application. Without the requested information, RUS could not make awards consistent with the purposes of the Recovery Act. RUS also could not determine whether applicants meet the requirements that the Recovery Act establishes for recordkeeping requirements.

Description of Respondents: Not-for-profit institutions.

Number of Respondents: 15.

Frequency of Responses: Reporting: Quarterly; Annually; On occasion.

Total Burden Hours: 472.

Agricultural Marketing Service

[Doc. No. AMS-PY-10-0013]

Notice of Request for an Extension of a Currently Approved Information Collection

AGENCY: Agricultural Marketing Service, USDA.

ACTION: Notice and request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35), this notice announces the intention of the Agricultural Marketing Service (AMS) to request an extension from the Office of Management and Budget (OMB), for a currently approved information collection in support of customer-focused improvement initiatives for USDA-procured poultry, livestock, fruit, and vegetable products.

DATES: Comments received by June 7, 2010 will be considered.

ADDRESSES: Interested persons are invited to submit written comments on the Internet at <http://www.regulations.gov> or to David Bowden, Jr., Chief, Standards, Promotions, and Technology Branch, Poultry Programs, Agricultural Marketing Service, U.S. Department of Agriculture, 1400 Independence

Avenue, SW., Stop 0259, Washington, DC 20250-0259, (202) 690-3148.

Comments should reference the docket number and the date and page number of this issue of the **Federal Register**. All comments will be available for public inspection at the above address during regular business hours, or can be viewed at: <http://www.regulations.gov>. All comments received will be posted without change, including any personal information provided. The identity of anyone submitting comments will also be made public.

Additional Information: Contact David Bowden, Jr., Chief, Standards, Promotions, and Technology Branch, Poultry Programs, Agricultural Marketing Service, U.S. Department of Agriculture, 1400 Independence Avenue, SW., Stop 0259, Washington, DC 20250-0259, (202) 690-3148.

SUPPLEMENTARY INFORMATION:

Title: Customer Service Survey for USDA-Donated Food Products.

OMB Number: 0581-0182.

Expiration Date, as approved by OMB: 11/30/2010.

Type of Request: Extension of a currently approved information collection.

Abstract: Starting with a 1996 pilot project by AMS, customers have been able to use the Customer Opinion Postcard, Form AMS-11, to voluntarily submit their comments concerning poultry, livestock, fruit, and vegetable products procured by USDA for the school lunch program that is authorized by the Richard B. Russell National School Lunch Act (42 U.S.C. 1751 *et seq.*) and other domestic food assistance programs. These cards have proven to be a quick and inexpensive way for AMS to get customer opinions and feedback about USDA commodities, thereby helping the Agency to make improvements to its products. AMS would like to continue the use of the customer opinion postcards to get voluntary customer feedback on various products each year by re-approval of the Customer Opinion Postcard, Form AMS-11. In this way, AMS will be better able to meet the quality expectations of school food service personnel and the 31 million school children who consume these products daily as well as recipients of other food assistance programs.

Information about customers' perceptions of USDA-procured products is sought as a sound management practice to support AMS activities under 7 CFR 250, regulations for "Donation of Foods for Use in the United States, Its Territories and Possessions and Areas Under Its

Jurisdiction.” The information collected will be used primarily by authorized representatives of USDA (AMS, and the Food and Nutrition Service) and shared with State government agencies and product suppliers. To enable customers to mail cards directly to the commodity program that is soliciting the information, several versions of Form AMS-11 will be used, each with a different return address. Response information about products produced by a particular supplier may be shared with that supplier. Similarly, response information from customers located in a particular State may be shared with government agencies within that State.

AMS is committed to complying with the E-Government Act, which requires Government agencies in general to provide the public the option of submitting information or transacting business electronically to the maximum extent possible.

Estimate of Burden: Public reporting burden for this collection of information is estimated to average 0.083 hours (5 minutes) per response.

Respondents: State, local, and tribal governments, and not-for-profit businesses.

Estimated Number of Respondents: 8,400.

Estimated Number of Responses per Respondent: 1.

Estimated Total Annual Burden on Respondents: 700 hours.

Copies of this information collection can be obtained from David Bowden, Jr., Chief, Standards, Promotions, and Technology Branch, at (202) 690-3148.

Send comments regarding, but not limited to, the following: (a) Whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of burden, including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Interested persons are invited to submit written comments on the Internet at <http://www.regulations.gov> or to David Bowden, Jr., Chief, Standards, Promotions, and Technology Branch, Poultry Programs, Agricultural Marketing Service, U.S. Department of Agriculture, 1400 Independence Avenue, SW., Stop 0259, Washington,

DC 20250-0259, (202) 690-3148. Comments should reference the docket number and the date and page number of this issue of the **Federal Register**. All comments will be available for public inspection at the above address during regular business hours, or can be viewed at: <http://www.regulations.gov>.

All responses to this notice will be summarized and included in the request for OMB approval. All comments, including any personal information provided, will be made publically viewable as a matter of public record.

Dated: April 2, 2010.

Rayne Pegg,

Administrator, Agricultural Marketing Service.
