DEPARTMENT OF EDUCATION

Privacy Act of 1974; System of Records

AGENCY: Federal Student Aid, Department of Education.

ACTION: Notice of an altered system of records.

SUMMARY: In accordance with the Privacy Act of 1974, as amended (Privacy Act), 5 United States Code (U.S.C.) 552a, the Chief Operating Officer for Federal Student Aid (FSA) of the U.S. Department of Education (the Department) publishes this notice proposing to revise the system of records entitled "Student Aid Internet Gateway (SAIG), Participation Management System" (18-11-10).

The SAIG, Participation Management System is a system of records containing contact information that individuals affiliated with an authorized entity provide to request electronic access to the Department's Title IV Federal Student Aid Systems. This notice updates the categories of individuals covered by this system to include individuals affiliated with secondary schools, local educational agencies (LEAs) and States who are authorized by the Department and their respective secondary school, LEA or State to access the Department's Title IV Federal Student Aid Systems.

This change to the SAIG, Participation Management System is needed to enable the Department to implement a program designed to improve access and promote enrollment in postsecondary education by facilitating students' completion of the Free Application for Federal Student Aid (FAFSA). As part of this program (the FAFSA Completion program), the Department will authorize a small number of secondary schools and LEAs to enroll through the SAIG,

Participation Management System to enable these entities to use the Department's Title IV Federal Student Aid Systems to obtain information about their students' completion of the FAFSA. In future years, the Department may seek to expand the FAFSA Completion program to other secondary schools, LEAs, and States across the Nation, which would substantially expand the number of secondary schools, LEAs and States approved by the Department to access the Department's Title IV Federal Student Aid Systems to determine whether their students have completed the FAFSA.

While the FAFSA Completion program provided the initial impetus for the Department to update the SAIG, Participation Management System, the Department has also determined that other changes are appropriate. Specifically, through this notice, the Department proposes to update the system locations, the categories of records maintained in this system, the system's purposes, and the system's routine uses (by, for example, adding an additional routine use, as required by the Office of Management and Budget (OMB)).

DATES: We must receive your comments about this proposed system of records on or before May 19, 2010.

The Department filed a report describing the altered system of records covered by this notice with the Chair of the Senate Committee on Homeland Security and Governmental Affairs, the Chair of the House Committee on Oversight and Government Reform, and the Administrator of the Office of Information and Regulatory Affairs, Office of Management and Budget (OMB) on April 14, 2010. This altered system of records will become effective at the later date of: (1) The expiration of the 40-day period for OMB review on May 24, 2010; or (2) the expiration of a 30-day OMB Review period on May 19, 2010, if OMB grants the Department's request for a 10-day waiver of the review period, unless the system of records needs to be changed as a result of public comment or OMB review.

ADDRESSES: Address all comments about the proposed altered system of records to Director, Application Processing Division, Program Management Systems, 830 First Street, NE., room 63C4, Union Center Plaza (UCP), Washington, DC 20202-5454. If you prefer to send your comments through the Internet, use the following address: comments@ed.gov.

You must include the term "Student Aid Internet Gateway, Participation

Management System" in the subject line of your electronic message.

During and after the comment period, you may inspect all public comments about this notice in room 44D2, UCP, 4th Floor, 830 First Street, NE., Washington, DC, between the hours of 8 a.m. and 4:30 p.m., local time, Monday through Friday of each week except Federal holidays.

FOR FURTHER INFORMATION CONTACT: Director, Application Processing Division, Program Management Systems, 830 First Street, NE., room 63C4, UCP, Washington, DC 20202-5454. Telephone number: (202) 377-3205. If you use a telecommunications device for the deaf (TDD), call the Federal Relay Service (FRS), toll free, at 1-800-877-8339.

Individuals with disabilities can obtain this document in an accessible format (e.g., braille, large print, audiotape, or computer diskette) on request to the contact person listed in the preceding paragraph.

SUPPLEMENTARY INFORMATION:

Preamble

The Privacy Act (5 U.S.C. 552a(e)(4)) requires the Department to publish in the **Federal Register** this notice of an altered system of records maintained by the Department. The Department's regulations implementing the Privacy Act are contained in the Code of Federal Regulations (CFR) in 34 CFR part 5b.

The Privacy Act applies to a record about an individual that is maintained in a system of records from which information is retrieved by a unique identifier associated with each individual, such as a name or Social Security number. The information about each individual is called a "record," and the system, whether manual or computer-based, is called a "system of records."

The Privacy Act requires each agency to publish notices of altered systems of records in the **Federal Register** and to prepare, whenever the agency publishes a new system of records or makes a

significant change to an established system of records, reports to the Chair of House Committee on Oversight and Government Reform of the House of Representatives, and the Chair of the Committee on Homeland Security and Governmental Affairs of the Senate, and the Administrator of the Office of Information and Regulatory Affairs, OMB.

A system of records is considered "altered" whenever an agency expands the types or categories of information maintained, significantly expands the types or categories of individuals about whom records are maintained, changes the purpose for which the information is used, changes the equipment configuration in a way that creates substantially greater access to the records, or adds a routine use disclosure to the system. Since the last correction to this system of records, which was published in the **Federal Register** on January 28, 2005 (70 FR 4112-4115), a number of changes are needed to update the current system of records. Most significantly, this notice updates the categories of individuals covered by this system to include individuals affiliated with secondary schools, LEAs and States who are authorized by the Department and their respective secondary school, LEA or State to access the Department's Title IV Federal Student Aid Systems. This notice also updates the system locations, the categories of records maintained in the system, the system's purposes, adds an additional routine use disclosure that is required by OMB, and makes other minor updates to the system.

POLICIES AND PRACTICES FOR STORING, RETRIEVING, ACCESSING, RETAINING, AND DISPOSING OF RECORDS IN THE SYSTEM:

STORAGE:

Records are maintained in a computer database as well as in hard copy. All hard copy forms are loaded into an imaging system accessible through internal systems only. Paper documents less than 12-months old are stored in locked file cabinets at the Vangent, Inc.

facility in Coralville, Iowa. Paper documents older than 12 months are stored at Iron Mountain secure storage facility. Documents are stored for three years after final contract payment. After the three-year period, documents are subsequently sent to the Federal Records Center for storage.

RETRIEVABILITY:

All individuals affiliated with authorized entities that have been granted access ("users of the SAIG, Participant Management System") to the Department's Title IV Federal Student Aid Systems whose information is included in this system of records have a unique user identification (ID) with a password. Records are retrieved by the names of the individual user and/or their unique system User ID.

SAFEGUARDS:

All users of the SAIG, Participation Management System will have a unique user ID with a password.

All physical access to the data housed at the Pearson location and within the VDC, and the locations of Department contractors where this system of records is maintained, is controlled and monitored by security personnel who check each individual entering the building for his or her employee or visitor badge.

The computer system employed by the Department offers a high degree of resistance to tampering and circumvention. This security system limits data access to Department and contract staff on a "need-to-know" basis, and controls individual users' ability to access and alter records within the system.

All interactions by users of the SAIG, Participation Management System are recorded.

RETENTION AND DISPOSAL:

Documents are stored for 3 years after a user of the SAIG, Participation Management System's individual enrollment account is terminated or closed. Thereafter, documents are sent to the Federal Records Center for storage. These records are covered by the General Records Schedule (GRS) 24, Item 6(a). The retention requirement is to destroy/delete the record 6 years after the user account is terminated or password is altered, or when no longer needed for investigative or security purposes, whichever is later.
