

term protection of the Monument's objects, while allowing for authorized uses, recreation activities, scientific studies, and interpretive facilities that are consistent with the protection of monument values. The Approved RMP for the Bradshaw-Harquahala Planning Area provides an optimal balance between authorized resource use and the protection and long-term sustainability of sensitive resources within the planning area.

The Arizona Governor's Office did not identify any inconsistencies between the Proposed RMP/Final EIS and state or local plans, policies, and programs following the 60-day Governor's Consistency Review (initiated April 15, 2008) in accordance with planning regulations at 43 CFR 1610.3-2(e).

The Approved RMP for the Agua Fria National Monument contains implementation level decisions that identify individual roads and trails within designated areas as open, closed, or limited. These decisions, which are contained in Appendix C of the Approved RMP, are appealable under 43 CFR part 4. Any party adversely affected by an implementation decision may appeal within 30 days of publication of this Notice of Availability pursuant to 43 CFR, part 4, subpart E. The appeal should state the specific route(s), as identified in Appendix C of the Approved RMP, on which the decision is being appealed. The appeal must be filed with the Hassayampa Field Manager at the above-listed address. Please consult the appropriate regulations (43 CFR, part 4, subpart E) for further appeal requirements.

**Authority:** 40 CFR 1506.6.

#### Notice of Proposed Withdrawal Extension and Opportunity for Public Meeting; Oregon

**AGENCY:** Bureau of Land Management, Interior.

**ACTION:** Notice.

**SUMMARY:** The United States Forest Service has filed an application with the

Bureau of Land Management (BLM) that proposes to extend the duration of Public Land Order (PLO) No. 6875 for an additional 20-year term. PLO No. 6875 withdrew approximately 1,050 acres of National Forest System lands from mining in order to protect the rare botanical specimens and the unique natural environment located within the Babyfoot and Big Craggies Botanical Areas. The withdrawal created by PLO No. 6875 will expire on August 27, 2011, unless extended. This notice also gives an opportunity to comment on the proposed action and to request a public meeting.

**DATES:** Comments and requests for a public meeting must be received by July 21, 2010.

**ADDRESSES:** Comments and meeting requests should be sent to the Oregon/Washington State Director, BLM, P.O. Box 2965, Portland, Oregon 97208-2965.

**FOR FURTHER INFORMATION CONTACT:**

David Krantz, Rogue River-Siskiyou National Forest, (541) 618-2037, or Charles R. Roy, BLM Oregon/Washington State Office, (503) 808-6189.

**SUPPLEMENTARY INFORMATION:** The United States Forest Service has filed an application requesting that the Secretary of the Interior extend PLO No. 6875 (56 FR 42539 (1991)), which withdrew certain lands in Curry and Josephine Counties, Oregon, from location and entry under the United States mining laws (30 U.S.C. ch. 2), for an additional 20-year term, subject to valid existing rights. The area described contains approximately 1,050 acres in Curry and Josephine Counties. PLO No. 6875 is incorporated herein by reference.

The purpose of the proposed withdrawal extension is to continue the protection of rare botanical specimens and the unique natural environment located within the Babyfoot and Big Craggies Botanical Areas.

The use of a right-of-way, interagency agreement, or cooperative agreement would not provide adequate protection.

The Forest Service would not need to acquire water rights to fulfill the purpose of the requested withdrawal extension.

Records related to the application may be examined by contacting Charles R. Roy at the above address or phone number.

For a period of 90 days from the date of publication of this notice, all persons who wish to submit comments, suggestions, or objections in connection with the proposed withdrawal extension may present their views in writing to
