

identified. The alternatives include processing all Gold Hill ore in the Gold Hill area rather than trucking some ore to Round Mountain for processing (Gold Hill area processing alternative); constructing an overpass rather than a grade crossing at the intersection of the transportation and utility corridor and County Road 875 (County Road Overpass Alternative); and completing mining at Round Mountain under current BLM authorizations (No Action Alternative). Other alternatives considered, and the rationale for their elimination from detailed analysis, are also discussed. Mitigation measures have been identified, as needed, to minimize potential environmental impacts and to ensure that the proposed project would not result in undue or unnecessary degradation of public lands. In addition, the Final EIS includes an analysis of cumulative impacts, including a comprehensive evaluation of potential impacts to Native American cultural values.

The BLM mailed information on the proposed Round Mountain Mine expansion to the Timbisha, Duckwater, Yomba, and Ely tribes in December 2006. Tribal representatives and individuals attended scoping meetings for the project in January 2007. Several informal meetings were held at the Round Mountain Mine attended by tribal representatives and members of the newly formed Western Shoshone Descendants of Big Smoky Valley. Six of these informal meetings were held between June 2007 and April 2009. Some of the meetings included field trips to inspect cultural sites discovered during cultural surveys of the proposed project area. The tribes and some Native American individuals received copies of the Draft EIS for the proposed mine expansion. Some tribal representatives and individuals attended the two BLM-hosted public meetings on the Draft EIS held on August 18 and 19, 2009. Written comments from Native Americans were received at the meetings and by mail during the public comment period (July 31, 2009 to September 14, 2009). The comments, and the responses to the comments, are incorporated into the Final EIS.

A Notice of Intent to prepare an EIS was published in the **Federal Register** on December 26, 2006. Two public scoping meetings were held in 2007 in Hadley and Tonopah, Nevada. The Draft EIS was released for public review on July 21, 2009, with a 45-day comment period. Following release of the Draft EIS, two public comment meetings were held in Hadley and Tonopah in August 2009 to solicit additional comments on the document. Comment responses and

resultant changes in the impact analyses are documented in the Final EIS.

Habitat Conservation Plan for City of Kent, Washington

AGENCY: Fish and Wildlife Service, Interior; National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of Receipt of an Application for Incidental Take Permits; Notice of Availability of a Draft Environmental Impact Statement and Draft Habitat Conservation Plan, Including a Proposed Implementation Agreement for Public Comment.

SUMMARY: The City of Kent, Washington (Kent), has submitted applications to the National Marine Fisheries Service (NMFS) and U.S. Fish and Wildlife Service (FWS) (together, the Services, us) for Incidental Take Permits (Permit) under the Endangered Species Act of 1973, as amended (ESA). We jointly prepared a Draft Environmental Impact Statement (DEIS) to support permit-issuance decisions by each agency. As required by the ESA, Kent has also prepared a Habitat Conservation Plan (Plan) designed to minimize and mitigate any such take of endangered or threatened species. The Permit applications are related to water withdrawal and habitat enhancement measures on Rock Creek, tributary to the Cedar River, King County, Washington. The Permit and the Plan each have a proposed term of 50 years.

We request comments from the public on the DEIS, the proposed Plan, and the proposed Implementation Agreement (IA). All comments we receive will become part of the public record and will be available for review under the ESA.

DATES: We must receive any written comments on the DEIS, draft Plan, and draft IA no later than June 22, 2010.

ADDRESSES: Address all written comments to: Tim Romanski, U.S. Fish and Wildlife Service, 510 Desmond Drive SE, Suite 102, Lacey, WA 98503, facsimile (360) 753-9518; or John Stadler, National Marine Fisheries Service, 510 Desmond Drive SE, Suite 103, Lacey, WA 98503, facsimile (360)
