II. Contractor Requirements

Under these contract numbers, the contractor will perform the following:

Under Contract No. EP10H001162, The contractor shall conduct information gathering session for the purpose of building the Incidents Data System. The contractor will collect and document requirements for an integrated data system and centralized incident data repository. The Contractor will be the primary resource for gathering information form a workgroup formed for the purpose of creating the Incidents Data system. After requirements have been approved, the Contractor shall design and build the Incidents Data System following all EPA-approved application development methodology. The gathering and creation of the system entails exposure to sensitive data in order for the Contractor to understand the complexity of the data and workflow.

These contracts involve no subcontractors. The OPP has determined that the contracts described in this document involve work that is being conducted in connection with FIFRA, in that pesticide chemicals will be the subject of certain evaluations to be made under this contract. These evaluations may be used in subsequent regulatory decisions under FIFRA.

Some of this information may be entitled to confidential treatment. The information has been submitted to EPA under sections 3, 4, 6, and 7 of FIFRA and under sections 408 and 409 of FFCA.

In accordance with the requirements of 40 CFR 2.307(h)(3), the contracts with Avaya Government Solutions, prohibits use of the information for any purpose not specified in these contracts; prohibits disclosure of the information to a third party without prior written approval from the Agency; and requires

that each official and employee of the contractor sign an agreement to protect the information from unauthorized release and to handle it in accordance with the *FIFRA Information Security Manual*. In addition, Avaya Government Solutions is required to submit for EPA approval a security plan under which any CBI will be secured and protected against unauthorized release or compromise.

No information will be provided to Avaya Government Solutions until the requirements in this document have been fully satisfied. Records of information provided to Avaya Government Solutions will be maintained by EPA Project Officers for these contracts. All information supplied to Avaya Government Solutions by EPA for use in connection with these contracts will be returned to EPA when Avaya Government Solutions has completed its work.

II. Contractor Requirements

Under Contract No. EP-W-10-004, Versar, Inc. and its subcontractor, Syracuse Research Corporation, will conduct a comprehensive examination of all product chemistry data submitted to the Health Effects Division of the Office of Pesticides Programs in support of registration. The data assessment report will include the review and discussion of each chemical's identity, how it is manufactured, how it may be detected or measured, and a summary of data regarding its characteristic physical/chemical properties as specified by published guidelines.

The discussions mentioned in this unit are considered "Confidential Business Information." Thus, the

discussion of the specific procedures, equipment, and conditions required for the commercial manufacture of the pesticide chemical shall not be incorporated into the product chemistry portion of the Registration Eligibility Decision (RED) document; however, this information will be summarized in referenced memoranda, in appendices labeled "Confidential." The data mentioned in this unit will be used to perform tasks 1–4 of the Performance Work Statement.

The OPP has determined that access by Versar, Inc. and its subcontractor, Syracuse Research Corporation, to information on all pesticide chemicals is necessary for the performance of this contract.

Some of this information may be entitled to confidential treatment. The information has been submitted to EPA under sections 3, 4, 6, and 7 of FIFRA and under sections 408 and 409 of FFDCA.

In accordance with the requirements of 40 CFR 2.307(h)(2), the contract with Versar, Inc. and its subcontractor, Syracuse Research Corporation, prohibits use of the information for any purpose not specified in the contract; prohibits disclosure of the information to a third party without prior written approval from the Agency; and requires that each official and employee of the contractor sign an agreement to protect the information from unauthorized release and to handle it in accordance with the *FIFRA Information Security Manual*. In addition, Versar, Inc. and its subcontractor, Syracuse Research Corporation, are required to submit, for EPA approval, a security plan under which any CBI will be secured and protected against unauthorized release or compromise. No information will be provided to Versar, Inc. and its subcontractor, Syracuse Research Corporation, until the requirements in this document have been fully satisfied. Records of information provided to Versar, Inc. and its subcontractor, Syracuse Research Corporation, will be maintained by EPA's Project Officers for this contract. All information supplied to Versar, Inc. and its subcontractor, Syracuse Research Corporation, by EPA for use in connection with this contract will be returned to EPA when Versar, Inc. and its subcontractor, Syracuse Research Corporation, have completed their work.
