The Department also updated both its Loan Guarantee Agreement form and Loan Insurance Agreement form to increase the timeframe in which closing must occur following issuance of a loan guarantee certificate from 60 to 90 days and to add provisions that will allow the Department to publicize successful financing projects.

The Department has also adjusted its burden hour estimates based on past experience with the program, refining the number of applications it expects to receive and the time it takes to complete them.

SUPPLEMENTARY INFORMATION:

I. Abstract

This information collection allows OFECCR to receive written applications for allocations of the \$400,000,000 in Tax Credit Bonding Authority granted to the Secretary as a result of the American Reinvestment and Recovery Act of 2009 (ARRA) of 2009. This bonding authority is for the purpose of the construction, rehabilitation and repair of BIA-funded schools. Indian tribes interested in obtaining an allocation of the bonding authority to finance construction, rehabilitation, or repair of a BIA-funded elementary or secondary school or dormitory must provide certain information as part of the application. The information collection allows OFECCR to determine whether the project is eligible to be considered for an allocation. No third party notification or public disclosure burden is associated with this collection. OFECCR obtained an emergency approval of this information collection from OMB to allow it to solicit applications for tax credit bonds. See 74 FR 56211 (October 30, 2009). OMB's approval for the information collection expires April 30, 2010. Because the tax credit bond authority extends through calendar year 2010, OFECCR is requesting a renewal of the OMB authority to collect information from Indian tribes through applications.

The Paperwork Reduction Act of 1995 provides an opportunity for interested parties to comment on information collection requests. OFECCR is proceeding with this public comment period as the first step in obtaining renewal of the information collection clearance from OMB. OFECCR has adjusted its estimated number of respondents and responses downward based on its experience during the first six months of collecting this information. Each clearance request contains (1) type of review, (2) title, (3) summary of the collection, (4) respondents, (5) frequency of collection, (6) reporting and record keeping requirements.

II. Request for Comments

If you would like to comment on this information collection, please send your comments to the location listed in the **ADDRESSES** section. Your comments should address: (a) The necessity of the information collection for the proper performance of the agencies, including whether the information will have practical utility; (b) the accuracy of our estimate of the burden (hours and cost) of the collection of information, including the validity of the methodology and assumptions used; (c) ways we could enhance the quality,

utility and clarity of the information to be collected; and (d) ways we could minimize the burden of the collection of the information on the respondents, such as through the use of automated collection techniques or other forms of information technology.

Please note that an agency may not sponsor or conduct and an individual need not respond to a collection of information unless it has a valid OMB Control Number. It is our policy to make all comments available to the public for review at the location listed in the **ADDRESSES** section during the hours of 9 a.m.–5 p.m., Eastern Time, Monday through Friday except for legal holidays.
