Annual Seattle Yacht Club's "Opening Day" Marine Parade

AGENCY: Coast Guard, DHS.

ACTION: Notice of enforcement of regulation.

SUMMARY: The Coast Guard will enforce the Special Local Regulation in Portage Bay, Portage Cut (Montlake Cut), and Union Bay, WA during the Annual Seattle Yacht Club's "Opening Day" Marine Parade from 8 a.m. through 6 p.m. on May 2, 2010. This action is necessary to ensure participant and spectator safety while preventing vessel congestion in these waterways during the parade. During the enforcement period, no spectators shall anchor, block, loiter in, or impede the transit of participants or official patrol vessels in the regulated area. Further, due to the large number of craft confined within this small body of water, all vessels, both spectator and participants will maintain a "NO WAKE" speed.

DATES: The regulations in 33 CFR 100.1304 will be enforced from 8 a.m. through 6 p.m. on May 2, 2010.

FOR FURTHER INFORMATION CONTACT: If you have questions on this notice, call or e-mail Ensign Ashley M. Wanzer, Sector Seattle Waterways Management Division, Coast Guard; telephone 206-217-6175, e-mail SectorSeattleWWM@uscg.mil.

SUPPLEMENTARY INFORMATION: The Coast Guard will enforce the Special Local Regulation for the annual Seattle Yacht Club's "Opening Day" Marine Parade in 33 CFR 100.1304 on May 2, 2010, from

8 a.m. to 6 p.m. These regulations can be found in the May 4, 1989 issue of the **Federal Register** (54 FR 19167).

Under the provisions of 33 CFR 100.1304, the regulated area shall be closed for the duration of the event to all vessel traffic not participating in the event and authorized by the event sponsor or Coast Guard Patrol Commander. All persons or vessels not registered with the sponsor as participants or not part of the regatta patrol are considered spectators. Spectator vessels must be at anchor within a designated spectator area or moored to a waterfront facility in a way that will not interfere with the progress of the event. The following are established as spectator areas: Northwest of the University Bridge, north of the log boom which will be placed in Union Bay, and east of Webster Point.

No spectators shall anchor, block, loiter in, or impede the through transit of participants or official patrol vessels in the regulated area during the effective dates and times unless cleared for such entry by the Patrol Commander.

Due to the large number of craft confined within this small body of water, all vessels, both spectator and participants, will maintain a "NO WAKE" speed. This requirement will be strictly enforced to preserve the safety of both life and property.

The Coast Guard may be assisted by other Federal, State, or local law enforcement agencies in enforcing this regulation.

This notice is issued under authority of 33 CFR 100.1304 and 5 U.S.C. 552(a). If the Captain of the Port determines that the regulated area need not be enforced for the full duration stated in this notice, she may use a Broadcast Notice to Mariners to grant general permission to enter the regulated area.

This action is necessary to ensure public safety from the inherent dangers associated with high-speed races while ensuring unencumbered access for rescue personnel in the event of an emergency. During the enforcement period, no person or vessel will be allowed to enter the safety zone without the permission of the Captain of the Port, on-scene Patrol Commander or Designated Representative.

DATES: The regulations in 33 CFR 100.1301 will be enforced on: August 5, 2010 from 10 a.m. to 3 p.m.; August 6, 2010 from 8:30 a.m. to 6 p.m.; August 7, 2010 from 8:30 a.m. to 6 p.m.; and August 8, 2010 from 7:30 a.m. to 6 p.m.

FOR FURTHER INFORMATION CONTACT: If you have questions on this notice, call or e-mail Ensign Ashley M. Wanzer, Sector Seattle Waterways Management Division, Coast Guard; telephone 206-217-6175, e-mail SectorSeattleWWM@uscg.mil.

SUPPLEMENTARY INFORMATION: The Coast Guard will enforce the special local regulation for the annual Seattle Seafair Unlimited Hydroplane Race in 33 CFR 100.1301 on August 5, 2010 from 10 a.m. to 3 p.m.; August 6, 2010 from 8:30 a.m. to 6 p.m.; August 7, 2010 from 8:30 a.m. to 6 p.m.; and August 8, 2010 from 7:30 a.m. to 6 p.m.

Under the provisions of 33 CFR 100.1301, the Coast Guard will restrict general navigation in the following area:

The waters of Lake Washington bounded by the Interstate 90 (Mercer Island/Lacey V. Murrow) Bridge, the western shore of Lake Washington, and the east/west line drawn tangent to Bailey Peninsula and along the shoreline of Mercer Island.

The regulated area has been divided into two zones. The zones are separated by a line perpendicular from the I-90 Bridge to the northwest corner of the East log boom and a line extending from the southeast corner of the East log boom to the southeast corner of the hydroplane race course and then to the northerly tip of Ohlers Island in Andrews Bay. The western zone is designated Zone I, the eastern zone, Zone II. (Refer to NOAA Chart 18447).

The Coast Guard will maintain a patrol consisting of Coast Guard vessels, assisted by Auxiliary Coast Guard vessels, in Zone II. The Coast Guard patrol of this area is under the direction of the Coast Guard Patrol Commander (the "Patrol Commander"). The Patrol Commander is empowered to control the movement of vessels on the racecourse and in the adjoining waters during the periods this regulation is in effect. The Patrol Commander may be assisted by other federal, state and local law enforcement agencies.

Only authorized vessels may be allowed to enter Zone I during the hours this regulation is in effect. Vessels in the vicinity of Zone I shall maneuver and anchor as directed by Coast Guard Officers or Petty Officers.

During the times in which this regulation is in effect, the following rules shall apply:

1. Swimming, wading, or otherwise entering the water in Zone I by any person is prohibited while hydroplane boats are on the racecourse. At other times in Zone I, any person entering the water from the shoreline shall remain west of the swim line, denoted by buoys, and any person entering the water from the log boom shall remain within ten (10) feet of the log boom.

2. Any person swimming or otherwise entering the water in Zone II shall remain within ten (10) feet of a vessel.

3. Rafting to a log boom will be limited to groups of three vessels.

4. Up to six (6) vessels may raft together in Zone II if none of the vessels are secured to a log boom.

5. Only vessels authorized by the Patrol Commander, other law enforcement agencies or event sponsors shall be permitted to tow other watercraft or inflatable devices.

6. Vessels proceeding in either Zone I or Zone II during the hours this regulation is in effect shall do so only at speeds which will create minimum

wake, seven (07) miles per hour or less. This maximum speed may be reduced at the discretion of the Patrol Commander.

7. Upon completion of the daily racing activities, all vessels leaving either Zone I or Zone II shall proceed at speeds of seven (07) miles per hour or less. The maximum speed may be reduced at the discretion of the Patrol Commander.

8. A succession of sharp, short signals by whistle or horn from vessels patrolling the areas under the direction of the Patrol Commander shall serve as signal to stop. Vessels signaled shall stop and shall comply with the orders of the patrol vessel; failure to do so may result in expulsion from the area, citation for failure to comply, or both.

The Coast Guard may be assisted by other Federal, State, or local law enforcement agencies in enforcing this regulation.

This notice is issued under authority of 33 CFR 100.1301 and 5 U.S.C. 552(a). If the COTP determines that the regulated area need not be enforced for the full duration stated in this notice, he or she may use a Broadcast Notice to Mariners to grant general permission to enter the regulated area.

Double-leaf operations will be allowed with a four hour notice. The deviation may be

cancelled at any time via Broadcast Notice to Mariners.

DATES: This deviation is effective from May 10, 2010 through October 31, 2010.

The Florida Department of Transportation requests a deviation allowing for single-leaf operations from May 10, 2010 through October 31, 2010. Double-leaf openings will be available with a four hour notice to the bridge tender.

This deviation will allow the rehabilitation of the bridge to be completed in a timely fashion while not unreasonably affecting vessel traffic as it does provide for requested double-leaf opening with a four hour notice. This rehabilitation is necessary to extend the bridge life.

In accordance with 33 CFR 117.35(e), the drawbridge must return to its regular operating schedule immediately at the end of the designated time period. This deviation from the operating regulations is authorized under 33 CFR 117.35.
