Confidentiality: No need for confidentiality required with this collection of information.

Needs and Uses: The Commission adopted on December 20, 2006 a Report and Order In the Matter of Implementation of Section 621(a)(1) of the Cable Communications Policy Act of 1984 as amended by the Cable Television Consumer Protection and Competition Act of 1992 (“R&O”), FCC 06-180, MB Docket 05-311. This R&O provides rules and guidance to implement Section 621 of the Communications Act of 1934, as amended. Section 621 of the Communications Act prohibits franchising authorities from unreasonably refusing to award competitive franchises for the provision of cable services. The Commission has found that the current franchising

process constitutes an unreasonable barrier to entry for competitive entrants that impede enhanced cable competition and accelerated broadband deployment. The information collection requirements adopted as a result of FCC 06-180 are as follows:

47 CFR 76.41(b) requires a competitive franchise applicant to include the following information in writing in its franchise application, in addition to any information required by applicable state and local laws: (1) the applicant’s name; (2) the names of the applicant’s officers and directors; (3) the business address of the applicant; (4) the name and contact information of a designated contact for the applicant; (5) a description of the geographic area that the applicant proposes to serve; (6) the PEG channel capacity and capital support proposed by the applicant; (7) the term of the agreement proposed by the applicant; (8) whether the applicant holds an existing authorization to access the public rights-of-way in the subject franchise service area; (9) the amount of the franchise fee the applicant offers to pay; and (10) any additional information required by applicable state or local laws.

47 CFR 76.41 (d) states when a competitive franchise applicant files a franchise application with a franchising authority and the applicant has existing authority to access public rights-of-way in the geographic area that the applicant proposes to serve, the franchising authority grant or deny the application within 90 days of the date the application is received by the franchising authority. If a competitive franchise applicant does not have existing authority to access public rights-of-way in the geographic area that the applicant proposes to serve, the franchising authority must perform grant or deny the application within 180 days of the date the application is received by the franchising authority. A franchising authority and a competitive franchise applicant may agree in writing to extend the 90-day or 180-day deadline, whichever is applicable.

FEDERAL COMMUNICATIONS COMMISSION

Notice of Public Information Collections Approved by the Office of Management and Budget (OMB)

April 28, 2010.

SUMMARY: The Federal Communications Commission (FCC) has received Office of Management and Budget (OMB) approval for the following public information collections pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501-3520). An agency may not conduct or sponsor a collection of information unless it displays a currently valid OMB control number, and no person is required to respond to a collection of information unless it displays a currently valid OMB control number. Comments concerning the accuracy of the burden estimates and any suggestions for reducing the burden should be directed to the person listed in the **FOR FURTHER INFORMATION CONTACT** section below.

FOR FURTHER INFORMATION CONTACT: For additional information, send an e-mail to Cathy.Williams@fcc.gov or call Cathy Williams on (202) 418-2918.

Type of Review: Reinstatement without change of a previously approved collection.

Number of Respondents/Responses: 1,200 respondents; 2,400 responses.

Estimated Time per Response: 1 to 1.5 hours.

Total Annual Burden: 4,500 hours.

Total Annual Cost: \$4,598,100.

Obligation to Respond: Required to obtain benefits. Statutory authority for this collection of information is contained in Sections 154(i), 303, and 308 of the Communications Act of 1934, as amended.

Nature and Extent of Confidentiality: No need for confidentiality required with this information collection.

Needs and Uses: The Commission requested and received from the Office of Management and Budget (OMB) the reinstatement of OMB control number 3060-0405.

In 2008, we merged the requirements that were previously under this OMB control number into an existing information collection, OMB control number 3060-0029, Application for TV Broadcast Station License, FCC Form

302-TV. Although the requirements were merged under the supporting statement, the forms themselves remained separate and only shared the same OMB control number. Since that time, we find that the merging of these requirements under one OMB control number is ineffective, causing delays in submissions to OMB for review, especially when the various requirements were revised by multiple and simultaneously adopted Commission actions.

FCC Form 349 is used to apply for authority to construct a new FM translator or FM booster broadcast station, or to make changes in the existing facilities of such stations.

Form 349's Newspaper Notice (third party disclosure) requirement; 47 CFR 73.3580: Form 349 also contains a third party disclosure requirement, pursuant to 47 CFR 73.3580. This rule requires stations applying for a new broadcast station, or to make major changes to an existing station, to give local public notice of this filing in a newspaper of general circulation in the community in which the station is located. This local public notice must be completed within 30 days of the tendering of the application. This notice must be published at least twice a week for two consecutive weeks in a three-week period. In addition, a copy of this notice must be placed in the station's public inspection file along with the application, pursuant to 47 CFR 73.3527. This recordkeeping information collection requirement is contained in OMB Control No. 3060-0214, which covers 47 CFR 73.3527.

OMB Control No.: 3060-0837.

OMB Approval Date: 4/19/2010.

Expiration Date: 4/30/2013.

Title: Application for DTV Broadcast Station License, FCC Form 302-DTV.

Form No.: FCC Form 302-DTV.

Number of Respondents/Responses: 300 respondents; 300 responses.

Estimated Time per Response: 2 hours.

Total Annual Burden: 600 hours.

Total Annual Cost: \$133,800.

Obligation to Respond: Required to obtain or retain benefits. Statutory authority for this collection of information is contained in Sections 154(i), 303, and 308 of the Communications Act of 1934, as amended.

Nature and Extent of Confidentiality: No need for confidentiality required with this information collection.

Needs and Uses: The Commission requested and received from the Office

of Management and Budget (OMB) the reinstatement of OMB control number 3060-0837. In 2008, we merged the requirements that were previously under this OMB control number into an existing information collection, OMB control number 3060-0029, Application for TV Broadcast Station License, FCC Form 302-TV. Although the requirements were merged under the supporting statement, the forms themselves remained separate and only shared the same OMB control number. Since that time, we find the merging of these requirements under one OMB control number as ineffective causing delays for submission to OMB for review especially when the various requirements were revised by multiple Commission actions.

Form 302-DTV is used by licensees and permittees of Digital TV ("DTV") broadcast stations to obtain a new or modified station license and/or to notify the Commission of certain changes in the licensed facilities of those stations. It may be used: (1) To cover an authorized construction permit (or auxiliary antenna), provided that the facilities have been constructed in compliance with the provisions and conditions specified on the construction permit; or (2) to implement modifications to existing licenses as permitted by Section 73.1675(c) or 73.1690(c) of the Commission's rules.
