

and records are essential in determining compliance; and are required, in general, of all sources subject to NESHAP.

Any owner or operator subject to the provisions of this part shall maintain a file of these measurements, and retain the records for at least five years following the date of such measurements and records. These notifications, reports, and records are essential in determining compliance; and are required, in general, of all sources subject to NESHAP.

All reports are sent to the delegated state or local authority. In the event that there is no such delegated authority, the reports are sent directly to the EPA regional office. This information is being collected to assure compliance with 40 CFR part 63, subpart DDD, as authorized in sections 112 and 114(a) of the Clean Air Act. The required information consists of emissions data and other information that have been determined to be private.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB Control Number. The OMB Control Number for EPA regulations listed in 40 CFR part 9 and 48 CFR chapter 15, are identified on the form and/or instrument, if applicable.

Burden Statement: The annual public reporting and recordkeeping burden for this collection of information, estimated to average 132 hours per response. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose, and provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information. All existing ways will have to adjust to comply with any previously applicable instructions and requirements that have subsequently changed; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

Respondents/Affected Entities: Mineral wool production.

Estimated Number of Respondents: 6.

Frequency of Response: Initially, and semiannually.

Estimated Total Annual Hour Burden: 1,581.

Estimated Total Annual Cost: \$153,169, which includes \$148,669 in

labor costs, no capital/startup costs, and \$4,500 in operation and maintenance (O&M) costs.

Changes in the Estimates: There is a change in this ICR as compared to the previous one. Based on our discussions with the mineral wool production industry representative, the decrease is due to the closures of a number of facilities that the industry has been experiencing. There is no growth anticipated in the mineral wool production industry over the next three years.

There is a decrease in the capital/startup and operations and maintenance (O&M) costs from the previous ICR, which is also due to the decrease in the number of mineral wool production facilities.

Dated: April 29, 2010.

John Moses,

Director, Collection Strategies Division.

ENVIRONMENTAL PROTECTION AGENCY

[FRL-9146-3]

Proposed Consent Decree, Clean Air Act Citizen Suit

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of Proposed Consent Decree; Request for Public Comment.

SUMMARY: In accordance with section 113(g) of the Clean Air Act, as amended ("CAA"), 42 U.S.C. 7413(g), notice is hereby given of a proposed consent decree, to address a lawsuit filed by Sierra Club and WildEarth Guardians in the United States District Court for the District of Columbia: *Sierra Club, et al. v. Jackson*, No. 1:10-cv-133-(PLF) (D. DC). On January 27, 2010, Plaintiffs filed an amended complaint to compel EPA to take final action on the State Implementation Plan ("SIP") infrastructure submittals for Maine, Rhode Island, Connecticut, New Hampshire, Alabama, Kentucky, Mississippi, South Carolina, Wisconsin, Indiana, Michigan, Ohio, Louisiana, Kansas, Nebraska, Missouri, Colorado, Montana, South Dakota, Utah, and Wyoming with regard to the 1997 8-hour ozone National Ambient Air Quality Standards ("NAAQS") as required by section 110(k)(2) of the CAA. Under the terms of the proposed consent decree, EPA has agreed to take final action no later than April 29, 2011.

DATES: Written comments on the proposed consent decree must be received by June 7, 2010.

ADDRESSES: Submit your comments, identified by Docket ID number EPA-HQ-OGC-2010-0419, online at <http://www.regulations.gov> (EPA's preferred method); by e-mail to oei.docket@epa.gov; mailed to EPA Docket Center, Environmental Protection Agency, Mailcode: 2822T, 1200 Pennsylvania Ave., NW., Washington, DC 20460-0001; or by hand delivery or courier to EPA Docket Center, EPA West, Room 3334, 1301 Constitution Ave., NW., Washington, DC, between 8:30 a.m. and 4:30 p.m. Monday through Friday, excluding legal holidays. Comments on a disk or CD-ROM should be formatted in Word or ASCII file, avoiding the use of special characters and any form of encryption, and may be mailed to the mailing address above.

FOR FURTHER INFORMATION CONTACT:

Geoffrey L. Wilcox, Air and Radiation Law Office (2344A), Office of General Counsel, U.S. Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460; telephone: (202) 564-5601; fax number (202) 564-5603; e-mail address: branning.amy@epa.gov.

SUPPLEMENTARY INFORMATION:

I. Additional Information About the Proposed Consent Decree

The proposed consent decree establishes a deadline of April 29, 2011 for the Administrator to sign a notice or notices, pursuant to section 110(k)(2) of the CAA, either approving, disapproving, or approving in part and disapproving in part, the 1997 8-hour ozone NAAQS Infrastructure SIPs for Maine, Rhode Island, Connecticut, New Hampshire, Alabama, Kentucky, Mississippi, South Carolina, Wisconsin, Indiana, Michigan, Ohio, Louisiana, Kansas, Nebraska, Missouri, Colorado, Montana, South Dakota, Utah, and Wyoming.

In addition, the proposed consent decree states that within fifteen (15) business days following signature of such action, EPA shall deliver notice of such action to the Office of the **Federal Register** for publication. The proposed consent decree also states that after EPA's demonstration that it has satisfied all of the obligations under the decree, it may move to have this decree terminated.

For a period of thirty (30) days following the date of publication of this notice, the Agency will accept written comments relating to the proposed consent decree from persons who were not named as parties or intervenors to

the litigation in question. EPA or the Department of Justice may withdraw or withhold consent to the proposed consent decree if the comments disclose facts or considerations that indicate that such consent is inappropriate, improper, inadequate, or inconsistent with the requirements of the Act. Unless EPA or the Department of Justice determines, based on any comment submitted, that consent to this consent decree should be withdrawn, the terms of the decree will be affirmed.

II. Additional Information About Commenting on the Proposed Consent Decree

A. How can I get a copy of the consent decree?

The official public docket for this action (identified by Docket ID No. EPA-HQ-OGC-2010-0419) contains a copy of the proposed consent decree. The official public docket is available for public viewing at the Office of Environmental Information (OEI) Docket in the EPA Docket Center, EPA West, Room 3334, 1301 Constitution Ave., NW., Washington, DC. The EPA Docket Center Public Reading Room is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Public Reading Room is (202) 566-1744, and the telephone number for the OEI Docket is (202) 566-1752.

An electronic version of the public docket is available through <http://www.regulations.gov>. You may use the <http://www.regulations.gov> to submit or view public comments, access the index listing of the contents of the official public docket, and to access those documents in the public docket that are available electronically. Once in the system, key in the appropriate docket identification number then select "search".

It is important to note that EPA's policy is that public comments, whether submitted electronically or in paper, will be made available for public viewing online at <http://www.regulations.gov> without change, unless the comment contains copyrighted material, CBI, or other information whose disclosure is restricted by statute. Information claimed as CBI and other information whose disclosure is restricted by statute is not included in the official public docket or in the electronic public docket. EPA's policy is that copyrighted material, including copyrighted material contained in a public comment, will not be placed in EPA's electronic public docket but will be available only in printed, paper form in the official public

docket. Although not all docket materials may be available electronically, you may still access any of the publicly available docket materials through the EPA Docket Center.

B. How and to whom do I submit comments?

You may submit comments as provided in the **ADDRESSES** section. Please ensure that your comments are submitted within the specified comment period. Comments received after the close of the comment period will be marked "late." EPA is not required to consider these late comments.

If you submit an electronic comment, EPA recommends that you include your name, mailing address, and an e-mail address or other contact information in the body of your comment and with any disk or CD ROM you submit. This ensures that you can be identified as the submitter of the comment and allows EPA to contact you in case EPA cannot read your comment due to technical difficulties or needs further information on the substance of your comment. Any identifying or contact information provided in the body of a comment will be included as part of the comment that is placed in the official public docket, and made available in EPA's electronic public docket. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment.

Use of the <http://www.regulations.gov> Web site to submit comments to EPA electronically is EPA's preferred method for receiving comments. The electronic public docket system is an "anonymous access" system, which means EPA will not know your identity, e-mail address, or other contact information unless you provide it in the body of your comment. In contrast to EPA's electronic public docket, EPA's electronic mail (e-mail) system is not an "anonymous access" system. If you send an e-mail comment directly to the Docket without going through <http://www.regulations.gov>, your e-mail address is automatically captured and included as part of the comment that is placed in the official public docket, and made available in EPA's electronic public docket.

Dated: April 30, 2010.

Richard B. Ossias,

Associate General Counsel.
