II. Introduction

This notice informs the public of FHFA's proposal to establish and maintain two new systems of records. This notice satisfies the Privacy Act requirement that an agency publish a system of records notice in the **Federal Register** when there is an addition to the agency's system of records. It has been recognized by Congress that

application of all requirements of the Privacy Act to certain categories of records may have an undesirable and often unacceptable effect upon agencies in the conduct of necessary public business. Consequently, Congress established general exemptions and specific exemptions that could be used to exempt records from provisions of the Privacy Act. Congress also required that exempting records from provisions of the Privacy Act would require the head of an agency to publish a determination to exempt a record from the Privacy Act as a rule in accordance with the Administrative Procedures Act. The Director of FHFA has determined that records and information in these two new systems of records are not exempt from requirements of the Privacy Act.

As required by the Privacy Act, 5 U.S.C. 552a(r), and pursuant to paragraph 4c of Appendix I to OMB Circular No. A-130, "Federal Agency Responsibilities for Maintaining Records About Individuals," dated February 8, 1996 (February 20, 1996; 61 FR 6427, 35), FHFA has submitted a report describing the two new systems of records covered by this notice, to the Committee on Government Operations of the House of Representatives, the Committee on Governmental Affairs of the Senate, and the Office of Management and Budget.

The proposed two new systems of records described above are set forth in their entirety below.

The Act requires the survey to be
