

canceled and we will refund the proceeds of the maturing security.

(3) *Special rules if the maturing security was purchased prior to May 15, 2010.* If the maturing security was purchased within TreasuryDirect or received through a transfer prior to May 15, 2010, we will debit your primary account at a financial institution for the additional funds. If we are unable to obtain sufficient funds from your primary account at a financial institution, the reinvestment will be canceled and we will refund the proceeds of the maturing security

■ 5. Revise § 363.210 to read as follows:

§ 363.210 Is there any period of time during which I will be unable to process certain transactions regarding my security?

A closed book period will be in effect for four business days prior to the date a marketable security interest and/or redemption payment is made. During the closed book period, you cannot change the registration of the security, change the payment destination of the proceeds, change the view or transaction rights, make transfers, initiate a SellDirect® transaction, or schedule, edit, or cancel a reinvestment. We will hold transactions requiring submission of a form for processing until the closed book period ends. If the security entered the closed book period due to a scheduled interest payment, we will delay until after the closed book period any SellDirect requests scheduled but not processed prior to the closed book period. If the security entered the closed book period due to a maturity payment, we will cancel SellDirect requests scheduled but not processed prior to the closed book period.

Richard L. Gregg,

Acting Fiscal Assistant Secretary.

BILLING CODE 4810-39-P

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

33 CFR Part 100

[Docket No. USCG-2010-0312]

Regattas and Marine Parades; Great Lakes Annual Marine Events

AGENCY: Coast Guard, DHS.

ACTION: Notice of enforcement of regulation.

SUMMARY: The Coast Guard will enforce the local regulations for annual regattas

and marine parades in the Captain of the Port Detroit zone from 8 a.m. on June 25, 2010 through 8 p.m. on July 25, 2010. This action is necessary and intended to ensure safety of life on the navigable waters immediately prior to, during, and immediately after regattas or marine parades. This rule will establish restrictions upon, and control movement of, vessels in specified areas immediately prior to, during, and immediately after regattas or marine parades. During the enforcement periods, no person or vessel may enter the regulated areas without permission of the Captain of the Port.

DATES: The regulations in 33 CFR part 100 will be enforced as listed below under the subject heading **SUPPLEMENTARY INFORMATION.**

FOR FURTHER INFORMATION CONTACT: If you have questions on this notice, call or e-mail Commander Joseph Snowden, Prevention, U.S. Coast Guard Sector Detroit, 110 Mount Elliot Ave., Detroit MI, 48207; telephone (313)-568-9508, e-mail *Joseph.H.Snowden@uscg.mil*.

SUPPLEMENTARY INFORMATION: The Coast Guard will enforce the following regulated areas, listed in three separate sections of 33 CFR part 100, which were published in the July 18, 2008 issue of the **Federal Register**. (73 FR 41263, 41264):

§ 100.914 Trenton Rotary Roar on the River, Trenton, MI.

This regulation is effective from 12 p.m. on July 23, 2010 until 8 p.m. on July 25, 2010. This regulation will be enforced from 12 p.m. to 6 p.m. on July 23, 2010; and from 8 a.m. to 8 p.m. on July 24 and 25, 2010.

§ 100.915 St. Clair River Classic Offshore Race, St. Clair, MI.

This regulation is effective from 11 a.m. on July 23, 2010 until 6 p.m. on July 25, 2010. This regulation will be enforced daily from 11 a.m. to 6 p.m. on July 23, 24, and 25, 2010.

§ 100.919 International Bay City River Roar, Bay City, MI.

This regulation is effective from 8 a.m. on June 25, 2010 until 6 p.m. on June 28, 2010. This regulation will be enforced from 8 a.m. to 6 p.m. on June 25; and from 9 a.m. to 6 p.m. on June 26 and 27, 2010. In the case of inclement weather on June 27, 2010, this regulation will also be enforced from 9 a.m. to 6 p.m. on June 28, 2010.

In accordance with the general regulations in § 100.901 of this part, entry into, transiting, or anchoring within these regulated areas is prohibited unless authorized by the

Captain of the Port Detroit, or his designated on-scene representative.

These regulated areas are closed to all vessel traffic, except as may be permitted by the Captain of the Port Detroit or his designated on-scene representative.

The “on-scene representative” of the Captain of the Port is any Coast Guard commissioned, warrant, or petty officer who has been designated by the Captain of the Port to act on his behalf. The on-scene representative of the Captain of the Port will be aboard either a Coast Guard or Coast Guard Auxiliary vessel. The Captain of the Port or his designated on scene representative may be contacted via VHF Channel 16.

Vessel operators desiring to enter or operate within the regulated area shall contact the Captain of the Port Detroit or his on-scene representative to obtain permission.

Vessel operators given permission to enter or operate in the regulated area must comply with all directions given to them by the Captain of the Port or his on-scene representative.

Dated: April 22, 2010.

E. J. Marohn,

Commander, U.S. Coast Guard, Acting Captain of the Port Detroit.

Coast Guard

33 CFR Part 147

[Docket No. USCG-2010-0337]

RIN 1625-AA00

Safety Zone; Riser for DEEPWATER HORIZON at Mississippi Canyon 252 Outer Continental Shelf MODU in the Gulf of Mexico

AGENCY: Coast Guard, DHS.

ACTION: Temporary final rule.

SUMMARY: The Coast Guard is establishing a safety zone around the riser for the DEEPWATER HORIZON, a Mobile Offshore Drilling Unit (MODU), at Mississippi Canyon 252 in the Outer Continental Shelf. The safety zone is needed to protect personnel involved in oil pollution response efforts. Placing a safety zone around the riser will significantly reduce the threat of collisions, oil spills, and releases of natural gas, and thereby protect the safety of life, property, and the environment. Oil response efforts are

taking place on the water's surface and subsurface.

DATES: *Effective Date:* This rule is effective in the CFR on May 11, 2010 through May 26, 2010. This rule is effective with actual notice for purposes of enforcement on April 26, 2010. This rule will remain in effect until May 26, 2010.

ADDRESSES: Documents indicated in this preamble as being available in the docket are part of docket USCG-2010-0337 and are available online by going to <http://www.regulations.gov>, inserting USCG-2010-0337 in the "Keyword" box, and then clicking "Search." They are also available for inspection or copying at the Docket Management Facility (M-30), U.S. Department of Transportation, West Building Ground Floor, Room W12-140, 1200 New Jersey Avenue SE., Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT: If you have questions on this temporary rule, call or e-mail Dr. Madeleine McNamara, U.S. Coast Guard, District Eight Waterways Management Coordinator; telephone 504-671-2103, madeleine.w.mcnamara@uscg.mil. If you have questions on viewing the docket, call Renee V. Wright, Program Manager, Docket Operations, telephone 202-366-9826.

SUPPLEMENTARY INFORMATION:

Regulatory Information

The Coast Guard is issuing this temporary final rule without prior notice and opportunity to comment pursuant to authority under section 4(a) of the Administrative Procedure Act (APA) (5 U.S.C. 553(b)). This provision authorizes an agency to issue a rule without prior notice and opportunity to comment when the agency for good cause finds that those procedures are "impracticable, unnecessary, or contrary to the public interest." Under 5 U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for not publishing a notice of proposed rulemaking (NPRM) with respect to this rule because it would be impracticable to do so, as the MODU is on fire and immediate action is necessary to protect first responders and to prevent entry into the area that is most impacted by the fire.

Under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the **Federal Register**. Good cause exists because the MODU is on fire and immediate action is necessary to protect first responders and to prevent entry into the area that is most impacted by the fire.

Background and Purpose

The Coast Guard is establishing a safety zone in the deepwater area of the Gulf of Mexico in response to the sinking of the DEEPWATER HORIZON, a Mobile Offshore Drilling Unit (MODU), which has sunk in the deepwater area of the Gulf of Mexico near Mississippi Canyon 252.

The safety zone is located in the location of the riser attached to the seabed of the Outer Continental Shelf. The purpose of the safety zone is to protect both environmental responders and the environment. Efforts are underway to activate the blowout preventer using submersible remote operating vehicles. In evaluating the need for the safety zone, the Coast Guard explored relevant safety factors and considered several criteria, including but not limited to, (1) the level of shipping activity around the facility, (2) safety concerns for personnel aboard the facility, (3) concerns for the environment, (4) the likelihood that an allision would result in a catastrophic event based on proximity to shipping fairways, offloading operations, production levels, and size of the crew, (5) the volume of traffic in the vicinity of the proposed area, (6) the types of vessels navigating in the vicinity of the proposed area, and (7) the structural configuration of the facility. We have determined that a safety zone is needed to protect persons and vessels in the vicinity of the oil spill.

Discussion of Rule

The Coast Guard is establishing a safety zone encompassing all areas within 500 meters around the position 28-44-18N and 088-21-54W. The safety zone is located in the deepwater area of the Gulf of Mexico near Mississippi Canyon 252. For the purpose of this regulation, the deepwater area is considered to be waters of 304.8 meters (1,000 feet) or greater depth extending to the limits of the Exclusive Economic Zone (EEZ) contiguous to the territorial sea of the United States and extending to a distance up to 200 nautical miles from the baseline from which the breadth of the sea is measured. The deepwater area also includes an extensive system of fairways. Navigation in the vicinity of the safety zone consists of large commercial shipping vessels, fishing vessels, cruise ships, tugs with tows and the occasional recreational vessel.

Results from a thorough and comprehensive examination of the criteria, IMO guidelines, and existing regulations warrant the establishment of

a safety zone of 500 meters around the position 28-44-18N and 088-21-54W. The regulation will reduce significantly the threat of collisions, allisions, oil spills, and releases of natural gas and increase the safety of life, property, and the environment in the Gulf of Mexico by prohibiting entry into the zone unless specifically authorized by the Commander, Eighth Coast Guard District.

In accordance with the general regulations located at 33 CFR 147, entry into this zone is prohibited unless specifically authorized by the Commander, Eighth Coast Guard District or a designated representative. They may be contacted on VHF-FM Channel 13 or 16 or by telephone at 504-589-6225.

Regulatory Analyses

We developed this rule after considering numerous statutes and executive orders related to rulemaking. Below we summarize our analyses based on 13 of these statutes or executive orders.

Regulatory Planning and Review

This rule is not a significant regulatory action under section 3(f) of Executive Order 12866, Regulatory Planning and Review, and does not require an assessment of potential costs and benefits under section 6(a)(3) of that Order. The Office of Management and Budget has not reviewed it under that Order.

This rule is not a significant regulatory action due to the location of the riser for the MODU DEEPWATER HORIZON—on the Outer Continental Shelf—and its distance from both land and safety fairways. Vessels traversing waters near the safety zone will be able to safely travel around the zone without incurring additional costs.

Small Entities

Under the Regulatory Flexibility Act (5 U.S.C. 601-612), we have considered whether this rule would have a significant economic impact on a substantial number of small entities. The term "small entities" comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000.

The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities. This rule will affect the following entities, some of which might be small entities: The owners or operators of

vessels intending to transit or anchor in Mississippi Canyon block 252.

This safety zone will not have a significant economic impact or a substantial number of small entities for the following reasons: This rule will enforce a safety zone around a MODU that is in an area of the Gulf of Mexico not frequented by vessel traffic and is not in close proximity to a safety fairway. Further, vessel traffic can pass safely around the safety zone without incurring additional costs.

Assistance for Small Entities

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we offer to assist small entities in understanding the rule so that they can better evaluate its effects on them and participate in the rulemaking process.

Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency's responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1–888–REG–FAIR (1–888–734–3247). The Coast Guard will not retaliate against small entities that question or complain about this rule or any policy or action of the Coast Guard.

Collection of Information

This rule calls for no new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

Federalism

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on State or local governments and would either preempt State law or impose a substantial direct cost of compliance on them. We have analyzed this rule under that Order and have determined that it does not have implications for federalism.

Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or

more in any one year. Though this rule will not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

Taking of Private Property

This rule will not cause a taking of private property or otherwise have taking implications under Executive Order 12630, Governmental Actions and Interference with Constitutionally Protected Property Rights.

Civil Justice Reform

This rule meets applicable standards in sections 3(a) and 3(b)(2) of Executive Order 12988, Civil Justice Reform, to minimize litigation, eliminate ambiguity, and reduce burden.

Protection of Children

We have analyzed this rule under Executive Order 13045, Protection of Children from Environmental Health Risks and Safety Risks. This rule is not an economically significant rule and does not create an environmental risk to health or risk to safety that may disproportionately affect children.

Indian Tribal Governments

This rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

Energy Effects

We have analyzed this rule under Executive Order 13211, Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use. We have determined that it is not a “significant energy action” under that order because it is not a “significant regulatory action” under Executive Order 12866 and is not likely to have a significant adverse effect on the supply, distribution, or use of energy. The Administrator of the Office of Information and Regulatory Affairs has not designated it as a significant energy action. Therefore, it does not require a Statement of Energy Effects under Executive Order 13211.

Technical Standards

The National Technology Transfer and Advancement Act (NTTAA) (15 U.S.C. 272 note) directs agencies to use voluntary consensus standards in their regulatory activities unless the agency provides Congress, through the Office of

Management and Budget, with an explanation of why using these standards would be inconsistent with applicable law or otherwise impractical. Voluntary consensus standards are technical standards (e.g., specifications of materials, performance, design, or operation; test methods; sampling procedures; and related management systems practices) that are developed or adopted by voluntary consensus standards bodies.

This rule does not use technical standards. Therefore, we did not consider the use of voluntary consensus standards.

Environment

We have analyzed this rule under Department of Homeland Security Management Directive 023–01 and Commandant Instruction M16475.ID, which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (NEPA) (42 U.S.C. 4321–4370f), and have concluded this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This rule is categorically excluded, under figure 2–1, paragraph (34)(g), of the Instruction. This rule involves the establishment of a safety zone.

Pursuant to paragraph (34)(g) of the Instruction, an environmental analysis checklist and a categorical exclusion determination will be available in the future in the docket where indicated under **ADDRESSES**.

List of Subjects in 33 CFR Part 147

Continental shelf, Marine safety, Navigation (water).

■ For the reasons discussed in the preamble, the Coast Guard amends 33 CFR part 147 as follows:

PART 147—SAFETY ZONES

■ 1. The authority citation for part 147 continues to read as follows:

Authority: 14 U.S.C. 85; 43 U.S.C. 1333; and Department of Homeland Security Delegation No. 0170.1.

■ 2. Add § 147.T08–849 to read as follows:

§ 147.T08–849 DEEPWATER HORIZON Mobile Offshore Drilling Unit Safety Zone.

(a) *Location.* All areas within 500 meters (1640.4 feet) around the position of the riser at 28–44–18N and 088–21–54W is a safety zone. This area surrounds the DEEPWATER HORIZON, a Mobile Offshore Drilling Unit (MODU), has sunk in the deepwater area

of the Gulf of Mexico near Mississippi Canyon 252.

(b) *Regulation.* No vessel may enter or remain in this safety zone except the following:

(1) An attending or first response vessel; or

(2) A vessel authorized by the Commander, Eighth Coast Guard District or a designated representative.

Dated: 26 April 2010.

Mary E. Landry,

Admiral, U.S. Coast Guard, Commander, Eighth Coast Guard District.

Coast Guard

33 CFR Part 165

[Docket No. USCG-2010-0166]

RIN 1625-AA00

Safety Zone, Brandon Road Lock and Dam to Lake Michigan including Des Plaines River, Chicago Sanitary and Ship Canal, Chicago River, and Calumet-Saganashkee Channel, Chicago, IL

AGENCY: Coast Guard, DHS.

ACTION: Temporary interim rule with request for comments.

SUMMARY: The Coast Guard is establishing a temporary safety zone from Brandon Road Lock and Dam to Lake Michigan. This temporary safety zone will cover 77 miles of navigable waterways in the Chicago area. This temporary interim rule is intended to restrict vessels from entering certain segments of the navigable waters of the Des Plaines River, the Chicago Sanitary and Ship Canal (CSSC), branches of the Chicago River, and the Calumet-Saganashkee Channel (Cal-Sag Channel). This temporary safety zone is necessary to protect the waters, waterway users and vessels from hazards associated with a myriad of actions designed to control the spread of aquatic nuisance species. Because Federal and State agencies may take such actions at any time and in any segment of the waterways covered by this temporary safety zone, this rule provides the Captain of the Port, Sector Lake Michigan, the ability to take targeted and expeditious action in order to protect vessels and persons from the hazards associated with any Federal and State efforts to control aquatic nuisance species.

DATES: *Effective Date:* This rule is effective in the CFR on May 11, 2010 through March 1, 2011. This rule is effective with actual notice for purposes of enforcement on April 28, 2010. This rule will remain in effect until March 1, 2011.

Comment Period: Comments and related material must reach the Coast Guard on or before July 12, 2010.

ADDRESSES: You may submit comments identified by docket number USCG-2010-0166 using any one of the following methods:

(1) *Federal eRulemaking Portal:*

<http://www.regulations.gov>.

(2) *Fax:* 202-493-2251.

(3) *Mail:* Docket Management Facility (M-30), U.S. Department of Transportation, West Building Ground Floor, Room W12-140, 1200 New Jersey Avenue SE., Washington, DC 20590-0001.

(4) *Hand delivery:* Same as mail address above, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays. The telephone number is 202-366-9329.

To avoid duplication, please use only one of these four methods. See the "Public Participation and Request for Comments" portion of the **SUPPLEMENTARY INFORMATION** section below for instructions on submitting comments.

FOR FURTHER INFORMATION CONTACT: If you have questions on this rule, call CDR Tim Cummins, Deputy Prevention Division, Ninth Coast Guard District, telephone 216-902-6045, e-mail address Timothy.M.Cummins@uscg.mil. If you have questions related to the application of piscicide, please contact Mr. Bill Bolen, U.S. Environmental Protection Agency, Senior Advisor, Great Lakes National Program Office, 77 W. Jackson Blvd., Chicago, IL 60604, at (312) 353-6316. If you have questions on viewing the docket, call Renee V. Wright, Program Manager, Docket Operations, telephone 202-366-9826.

SUPPLEMENTARY INFORMATION:

Public Participation and Request for Comments

We encourage you to participate in this rulemaking by submitting comments and related materials. All comments received will be posted, without change, to <http://www.regulations.gov> and will include any personal information you have provided.

Submitting Comments

If you submit a comment, please include the docket number for this rulemaking (USCG-2010-0166),

indicate the specific section of this document to which each comment applies, and provide a reason for each suggestion or recommendation. You may submit your comments and material online (via <http://www.regulations.gov>) or by fax, mail or hand delivery, but please use only one of these means. If you submit a comment online via <http://www.regulations.gov>, it will be considered received by the Coast Guard when you successfully transmit the comment. If you fax, hand deliver, or mail your comment, it will be considered received by the Coast Guard when it is received at the Docket Management Facility. We recommend that you include your name and mailing address, e-mail address, or telephone number in the body of your document so that we can contact you if we have questions regarding your submission.

To submit your comment online, go to <http://www.regulations.gov>, click on the "submit a comment" box, which will then become highlighted in blue. In the "Document Type" drop down menu select "Proposed Rule" and insert "USCG-2010-0166" in the "Keyword" box. Click "Search" then click on the balloon shape in the "Actions" column. If you submit comments by mail or hand delivery, submit them in an unbound format, no larger than 8½ by 11 inches, suitable for copying and electronic filing. If you submit comments by mail and would like to know that they reached the Facility, please enclose a stamped, self-addressed postcard or envelope. We will consider all comments and material received during the comment period and may change this rule based on your comments.

Viewing Comments and Documents

To view comments, as well as documents mentioned in this preamble as being available in the docket, go to <http://www.regulations.gov>, click on the "read comments" box, which will then become highlighted in blue. In the "Keyword" box insert "USCG-2010-0166" and click "Search." Click the "Open Docket Folder" in the "Actions" column. You may also visit the Docket Management Facility in Room W12-140 on the ground floor of the Department of Transportation West Building, 1200 New Jersey Avenue SE., Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays. We have an agreement with the Department of Transportation to use the Docket Management Facility.

Privacy Act

Anyone can search the electronic form of comments received into any of
