

of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements which have subsequently changed; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

Respondents/Affected Entities: Incinerators.

Estimated Number of Respondents: 82.

Frequency of Response: Initially and occasionally.

Estimated Total Annual Hour Burden: 8,393.

Estimated Total Annual Cost: \$998,858, which includes \$793,858 in labor costs, no capital/startup costs, and \$205,000 in operation and maintenance (O&M) costs.

Changes in the Estimates: There are no changes to the labor hours for the Respondents in this ICR as compared to the previous ICR. This is due to two considerations: (1) The regulations have not changed over the past three years and are not anticipated to change over the next three years; and (2) the growth rate for the respondents is very low, negative or non-existent.

However, there is an increase in respondent labor costs due to labor rate increases from the year 2003 to the most recent available labor rate data.

Dated: May 7, 2010.

John Moses,

Director, Collection Strategies Division.

BILLING CODE 6560-50-P

ENVIRONMENTAL PROTECTION AGENCY

[FRL-9146-6]

Clean Water Act Section 303(d): Availability of Los Angeles Area Lakes Total Maximum Daily Loads (TMDLs)

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of availability.

SUMMARY: This action announces the availability of EPA proposed total maximum daily loads (TMDLs) for Echo Park Lake, Lincoln Park Lake, Peck Road Park Lake, Lake Calabasas, Lake Sherwood, Puddingstone Reservoir, Legg Lakes, Santa Fe Dam Park and El Dorado Park Lakes to address nutrient, mercury, chlordane, dieldrin, DDT,

PCB, and trash impairments pursuant to Clean Water Act Section 303(d)(1), and requests public comment. Section 303(d)(1) requires that states submit water quality planning documents called total maximum daily loads for impaired waters for which existing technology-based pollution controls are not stringent enough to attain or maintain state water quality standards. EPA must approve or disapprove the State's submitted TMDLs.

EPA is providing the public the opportunity to review the proposed TMDLs. EPA is establishing these TMDLs in lieu of California because of deadlines associated with the consent decree described under **SUPPLEMENTARY INFORMATION**. EPA will prepare a responsiveness summary that demonstrates how public comments were considered in the final TMDL decisions. The responsiveness document will be available along with the final TMDLs at EPA's Region IX Web site below.

DATES: Comments must be submitted to EPA on or before June 28, 2010.

ADDRESSES: Comments on the proposed decisions should be sent to Valentina Cabrera Stagno, Water Division (WTR-2), U.S. Environmental Protection Agency Region IX, 75 Hawthorne Street, San Francisco, CA 94105, telephone (415) 972-3434, facsimile (415) 947-3537, e-mail cabrera-stagno.valentina@epa.gov. Oral comments will not be considered. Copies of the proposed TMDLs will be available on EPA Region IX's Web site at <http://www.epa.gov/region9/water/tmdl/progress.html> or by writing or calling Valentina Cabrera Stagno. Underlying documentation comprising the record for these TMDLs is available for public inspection at the above address.

FOR FURTHER INFORMATION CONTACT: Valentina Cabrera Stagno at (415) 972-3434 or cabrera-stagno.valentina@epa.gov.

SUPPLEMENTARY INFORMATION: Section 303(d) of the Clean Water Act requires states to identify water bodies that do not meet water quality standards and then to establish TMDLs for each water body for each pollutant of concern. TMDLs identify the maximum amount of pollutants that can be discharged to water bodies without causing violations of water quality standards. Echo Park Lake, Lincoln Park Lake, Peck Road Park Lake, Lake Calabasas, Lake Sherwood, Puddingstone Reservoir, Legg Lakes, Santa Fe Dam Park and El Dorado Park Lakes are included on the State of California's Section 303(d) list

of polluted waters due to water quality impacts associated with nutrients, mercury, chlordane, DDT, PCBs and trash. EPA will establish TMDLs for these lakes by March 2012 because of deadlines under a consent decree (*Heal the Bay Inc., et al. v. Browner* C 98-4825 SBA, entered March 24, 1999).

Dated: April 27, 2010.

Alexis Strauss,

Director, Water Division, EPA Region IX.

BILLING CODE 6560-50-P

ENVIRONMENTAL PROTECTION AGENCY

[FRL-9150-7; Docket ID No. EPA-HQ-ORD-2010-0403]

Draft Toxicological Review of Hexachloroethane: In Support of the Summary Information in the Integrated Risk Information System (IRIS)

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of Public Comment Period and Listening Session.

SUMMARY: EPA is announcing a 60-day public comment period and a public listening session for the external review draft document titled "Toxicological Review of Hexachloroethane: In Support of Summary Information on the Integrated Risk Information System (IRIS)" (EPA/635/R-09/007). The draft document was prepared by the National Center for Environmental Assessment (NCEA) within the EPA's Office of Research and Development (ORD). The public comment period and the external peer-review workshop, which will be scheduled at a later date and announced in the **Federal Register**, are separate processes that provide opportunities for all interested parties to comment on the document. EPA intends to forward the public comments that are submitted in accordance with this notice to the external peer-review panel prior to the meeting for their consideration. When finalizing the draft document, EPA intends to consider any public comments that EPA receives in accordance with this notice.

EPA is also announcing a listening session to be held on June 16, 2010, during the public comment period for this draft document. This listening session is a step in EPA's revised IRIS process, announced on May 21, 2009, to develop human health assessments for inclusion in the IRIS database. The purpose of the listening session is to allow all interested parties to present scientific and technical comments on

draft IRIS health assessments to EPA and other interested parties during the public comment period and before the external peer review meeting. EPA welcomes the scientific and technical comments that will be provided to the Agency by the listening session participants. The comments will be considered by the Agency as it revises the draft assessment in response to the independent external peer review and the public comments. All presentations submitted to EPA according to the instructions below will become part of the official public record.

EPA is releasing this draft document solely for the purpose of pre-dissemination peer review under applicable information quality guidelines. This document has not been formally disseminated by EPA. It does not represent and should not be construed to represent any Agency policy or determination.

DATES: The public comment period begins May 13, 2010, and ends July 12, 2010. Technical comments should be in writing and must be received by EPA by July 12, 2010.

The listening session on the draft IRIS health assessment for hexachloroethane will be held on June 16, 2010, beginning at 9 a.m. and ending at 4 p.m., Eastern Daylight Time. If you want to make a presentation at the listening session, you should register by June 9, 2010, indicate that you wish to make oral comments at the session, and indicate the length of your presentation. When you register, please indicate if you will need audio-visual aid (e.g., lap top computer and slide projector). In general, each presentation should be no more than 30 minutes. If, however, there are more requests for presentations than the allotted time allows, then the time limit for each presentation will be adjusted. A copy of the agenda for the listening session will be available at the meeting. If no speakers have registered by June 9, 2010, the listening session will be cancelled and EPA will notify those registered of the cancellation.

Listening session participants who want EPA to share their comments with the external peer reviewers should also submit written comments during the public comment period using the detailed and established procedures described in the **SUPPLEMENTARY INFORMATION** section of this notice.

Comments submitted to the docket prior to the end of the public comment period will be submitted to the external peer reviewers and considered by EPA in the disposition of public comments. All comments must be submitted to the docket, but comments received after the

public comment period closes will not be submitted to the external peer reviewers.

ADDRESSES: The draft "Toxicological Review of Hexachloroethane: In Support of Summary Information on the Integrated Risk Information System (IRIS)" is available primarily via the Internet on the NCEA home page under the Recent Additions and Publications menus at <http://www.epa.gov/ncea>. A limited number of paper copies are available from the Information Management Team, NCEA; telephone: 703-347-8561; facsimile: 703-347-8691. If you are requesting a paper copy, please provide your name, mailing address, and the document title.

Comments may be submitted electronically via <http://www.regulations.gov>, by mail, by facsimile, or by hand delivery/courier. Please follow the detailed instructions as provided in the **SUPPLEMENTARY INFORMATION** section of this notice.

The listening session on the draft hexachloroethane assessment will be held at the EPA offices at Two Potomac Yard (North Building), 7th Floor, Room 7100, 2733 South Crystal Drive, Arlington, Virginia 22202. To attend the listening session, register by June 9, 2010, by e-mailing saundkat@versar.com (subject line: Hexachloroethane Listening Session); by calling 703-750-3000, ext. 545, or toll free at 1-800-2-VERSAR (ask for Kathy Coon, the Hexachloroethane Listening Session Coordinator); or by faxing a registration request to 703-642-6954. Please reference the "Hexachloroethane Listening Session" and include your name, title, affiliation, full address and contact information.

Please note that to gain entrance to this EPA building to attend the meeting, attendees must have photo identification with them and must register at the guard's desk in the lobby. The guard will retain your photo identification and will provide you with a visitor's badge. At the guard's desk, attendees should give the name Christine Ross and the telephone number, 703-347-8592, to the guard on duty. The guard will contact Ms. Ross who will meet you in the reception area to escort you to the meeting room. When you leave the building, please return your visitor's badge to the guard and you will receive your photo identification.

A teleconference line will also be available for registered attendees/speakers. The teleconference number is 866-299-3188 and the access code is 926-378-7897, followed by the pound sign (#). The teleconference line will be

activated at 8:45 am, and you will be asked to identify yourself and your affiliation at the beginning of the call.

Information on Services for Individuals with Disabilities: EPA welcomes public attendance at the "Hexachloroethane Listening Session" and will make every effort to accommodate persons with disabilities. Questions regarding access or services for individuals with disabilities should be directed to Versar, Inc. by mailing Versar, Inc., 6850 Versar Center, Springfield, VA 22151; by e-mailing saundkat@versar.com (subject line: Hexachloroethane Listening Session); by calling (703) 750-3000, ext. 545, or toll free at 1-800-2-VERSAR (1-800-283-7727) (ask for Kathy Coon, the Hexachloroethane Listening Session Coordinator); or by faxing a registration request to 703-642-6954. Please reference the Hexachloroethane Listening Session and include your name, title, affiliation, full address and contact information.

FOR FURTHER INFORMATION CONTACT: For information on the public comment period, contact the Office of Environmental Information Docket; telephone: 202-566-1752; facsimile: 202-566-1753; or e-mail: ORD.Docket@epa.gov.

For information on the public listening sessions, please contact Christine Ross, IRIS Staff, National Center for Environmental Assessment, (8601P), U.S. EPA, 1200 Pennsylvania Avenue, NW., Washington, DC 20460; telephone: 703-347-8592; facsimile: 703-347-8689; or e-mail: ross.christine@epa.gov.

If you have questions about the document, please contact John Cowden, IRIS Staff, National Center for Environmental Assessment, 109 T.W. Alexander Dr., Research Triangle Park, NC 27709; telephone: 919-541-3667; facsimile: 919-541-2985; or e-mail: cowden.john@epamail.epa.gov.

SUPPLEMENTARY INFORMATION:

I. Information About IRIS

EPA's IRIS is a human health assessment program that evaluates quantitative and qualitative risk information on effects that may result from exposure to specific chemical substances found in the environment. Through the IRIS Program, EPA provides the highest quality science-based human health assessments to support the Agency's regulatory activities. The IRIS database contains information for more than 540 chemical substances that can be used to support the first two steps (hazard identification and dose-response evaluation) of the

risk assessment process. When supported by available data, IRIS provides oral reference doses (RfDs) and inhalation reference concentrations (RfCs) for chronic noncancer health effects and cancer assessments. Combined with specific exposure information, government and private entities use IRIS to help characterize public health risks of chemical substances in a site-specific situation and thereby support risk management decisions designed to protect public health.

II. How To Submit Technical Comments to the Docket at <http://www.regulations.gov>

Submit your comments, identified by Docket ID No. EPA-HQ-ORD-2010-0403 by one of the following methods:

- <http://www.regulations.gov>: Follow the on-line instructions for submitting comments.

- *E-mail*: ORD.Docket@epa.gov.

- *Fax*: 202-566-1753.

- *Mail*: Office of Environmental Information (OEI) Docket (Mail Code: 2822T), U.S. Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460. The phone number is 202-566-1752.

- *Hand Delivery*: The OEI Docket is located in the EPA Headquarters Docket Center, EPA West Building, Room 3334, 1301 Constitution Ave., NW., Washington, DC. The EPA Docket Center's Public Reading Room is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Public Reading Room is 202-566-1744. Such deliveries are only accepted during the docket's normal hours of operation, and special arrangements should be made for deliveries of boxed information. If you provide comments by mail or hand delivery, please submit one unbound original with pages numbered consecutively and three copies of the comments. For attachments, provide an index, number pages consecutively with the comments, and submit an unbound original and three copies.

Instructions: Direct your comments to Docket ID No. EPA-HQ-ORD-2010-0403. Please ensure that your comments are submitted within the specified comment period. Comments received after the closing date will be marked "late" and may only be considered if time permits. It is EPA's policy to include all comments it receives in the public docket without change and to make the comments available online at <http://www.regulations.gov>, including any personal information provided, unless a comment includes information

claimed to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Do not submit information that you consider to be CBI or otherwise protected through <http://www.regulations.gov> or e-mail. The <http://www.regulations.gov> Web site is an "anonymous access" system, which means EPA will not know your identity or contact information unless you provide it in the body of your comment. If you send an e-mail comment directly to EPA without going through <http://www.regulations.gov>, your e-mail address will be automatically captured and included as part of the comment that is placed in the public docket and made available on the Internet. If you submit an electronic comment, EPA recommends that you include your name and other contact information in the body of your comment and with any disk or CD-ROM you submit. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment. Electronic files should avoid the use of special characters, any form of encryption, and be free of any defects or viruses. For additional information about EPA's public docket visit the EPA Docket Center homepage at <http://www.epa.gov/epahome/dockets.htm>.

Docket: All documents in the docket are listed in the <http://www.regulations.gov> index. Although listed in the index, some information is not publicly available, e.g., CBI or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, will be publicly available only in hard copy. Publicly available docket materials are available either electronically in <http://www.regulations.gov> or in hard copy at the OEI Docket in the EPA Headquarters Docket Center.

Dated: April 20, 2010.

Rebecca Clark,

Acting Director, National Center for Environmental Assessment.

BILLING CODE 6560-50-P

FEDERAL COMMUNICATIONS COMMISSION

Public Information Collections Approved by The Office of Management and Budget (OMB)

May 7, 2010.

SUMMARY: The Federal Communications Commission has received Office of

Management and Budget (OMB) approval for the following public information collection(s) pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501-3520). The FCC may not conduct or sponsor a collection of information unless it displays a currently valid OMB control number, and no person is required to respond to a collection of information unless it displays a currently valid OMB control number.

DATES: Persons wishing to comment on this information collection should submit comments July 12, 2010. If you anticipate that you will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the contact listed below as soon as possible.

ADDRESSES: Direct all PRA comments to Nicolas A. Fraser, Office of Management and Budget (OMB), via fax at 202-395-5167, or via the Internet at Nicholas.A.Fraser@omb.eop.gov, and to Judith-b.Herman@fcc.gov, Federal Communications Commission (FCC), Room 1-B441, 445 12th Street, SW., Washington, DC 20554. To submit your PRA comments by e-mail send them to: PRA@fcc.gov.

FOR FURTHER INFORMATION CONTACT: For additional information about the information collection contact Judith B. Herman, OMD, 202-418-0214 or e-mail Judith-b.Herman@fcc.gov.

SUPPLEMENTARY INFORMATION:

OMB Control Number: 3060-1136.

OMB Approval Date: 03/29/2010.

OMB Expiration Date: 09/30/2010.

Title: Spectrum Dashboard Customer Feedback.

Form No.: N/A.

Estimated Annual Burden: 22,000 responses; .05 hours per response; 1,100 hours total per year.

Obligation to Respond: Voluntary.

Nature and Extent of Confidentiality: There is no need for confidentiality.

Needs and Uses: The Commission sought and obtained emergency OMB approval for this new information collection on March 29, 2010. This database of the frequency bands from 225 MHz-3.7 GHz available for non-federal uses, including nationwide broadband deployment.

The Commission will use the Spectrum Dashboard Customer Feedback database to obtain voluntary feedback from the wide range of stakeholders who will use the Spectrum Dashboard (e.g., individuals, licensees, manufacturers, entrepreneurs, industry analysts, regulators, and policy makers). In this regard, the Commission plans to keep the public engaged in an open and transparent dialogue regarding the utility of the software.
