Charter Renewals

ACTION: Notice of Renewal of the Advisory Committee on Commercial Remote Sensing Charter.

SUMMARY: In accordance with the provisions of the Federal Advisory Committee Act, 5 U.S.C. App 2, and the General Services Administration (GSA) rule on Federal Advisory Committee Management, 41 CFR Part 101-6, and after consultation with GSA, the Secretary of Commerce has determined that the renewal of the Advisory Committee on Commercial Remote Sensing (ACCRES) is in the public interest in connection with the performance of duties imposed on the Department by law. The ACCRES Charter was renewed on April 1, 2010.

SUPPLEMENTARY INFORMATION: The Committee was first established in May 2002, to advise the Under Secretary of Commerce for Oceans and Atmosphere on matters relating to the U.S. commercial remote-sensing industry and NOAA's activities to carry out the responsibilities of the Department of Commerce set forth in the Land Remote Sensing Policy Act of 1992 (15 U.S.C. Secs. 5621-5625).

ACCRES will have a fairly balanced membership consisting of approximately 9 to 15 members serving in a representative capacity. All members should have expertise in remote sensing, space commerce or a related field. Each candidate member shall be recommended by the Assistant Administrator of the National Environmental Data and Information Service (NESDIS) and shall be appointed by the Under Secretary for a term of two years serving at the discretion of the Under Secretary.

The Committee will function solely as an advisory body, and in compliance with provisions of the Federal Advisory Committee Act. Copies of the Committee's revised Charter have been filed with the appropriate committees of the Congress and with the Library of Congress.

Certain Crepe Paper Products From the People's Republic of China: Continuation of Antidumping Duty Order

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

DATES: *Effective Date:* May 13, 2010.

SUMMARY: As a result of the determinations by the Department of Commerce ("Department") and the International Trade Commission ("ITC") that revocation of the antidumping duty order on certain crepe paper products from the People's Republic of China ("PRC") would likely lead to a continuation or recurrence of dumping and material injury to an industry in the United States, the Department is publishing a notice of continuation of the antidumping duty order.

FOR FURTHER INFORMATION CONTACT: Alexis Polovina, AD/CVD Operations, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone: (202) 482-3927.

SUPPLEMENTARY INFORMATION: On December 1, 2009, the Department published the notice of initiation of the sunset review of the antidumping duty order on certain crepe paper products from the PRC pursuant to section 751(c) of the Tariff Act of 1930, as amended ("the Act"). See *Initiation of Five-Year ("Sunset") Review*, 74 FR 62748 (December 1, 2009).

As a result of its review, the Department determined that revocation of the antidumping duty order on certain crepe paper products from the PRC would likely lead to a continuation or recurrence of dumping and, therefore, notified the ITC of the magnitude of the margins likely to prevail should the order be revoked. See *Certain Crepe Paper Products From the People's*

Republic of China: Final Results of Expedited Sunset Review of Antidumping Duty Order, 75 FR 15415 (March 29, 2010).

On April 30, 2010, the ITC determined, pursuant to section 751(c) of the Act, that revocation of the antidumping duty order on certain crepe paper from the PRC would likely lead to a continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable future. See *Crepe Paper Products From China Determination*, 75 FR 24968 (May 6, 2010), and USITC Publication 4148 (April 2010), *Crepe Paper Products from China: Investigation No. 731-TA-1070A (Review)*.

Scope of the Order

For purposes of the order, the term "certain crepe paper" includes crepe paper products that have a basis weight not exceeding 29 grams per square meter prior to being creped and, if appropriate, flame-proofed. Crepe paper has a finely wrinkled surface texture and typically but not exclusively is treated to be flame-retardant. Crepe paper is typically but not exclusively produced as streamers in roll form and packaged in plastic bags. Crepe paper may or may not be bleached, dye colored, surface-colored, surface decorated or printed, glazed, sequined, embossed, die-cut, and/or flame retardant. Subject crepe paper may be rolled, flat or folded, and may be packaged by banding or wrapping with paper, by placing in plastic bags, and/or by placing in boxes for distribution and use by the ultimate consumer. Packages of crepe paper subject to this order may consist solely of crepe paper of one color and/or style, or may contain multiple colors and/or styles. The merchandise subject to this order does not have specific classification numbers assigned to them under the Harmonized Tariff Schedule of the United States ("HTSUS"). The tariff classifications are provided for convenience and customs purposes; however, the written description of the scope of this order is dispositive.

Continuation of the Order

As a result of these determinations by the Department and the ITC that revocation of the antidumping duty order would likely lead to a continuation or recurrence of dumping
