

reasonable because it applies uniformly to all similarly situated ROTs and Specialists. Additionally the different rates that are assessed for electronically delivered Penny and Non-Penny Pilot transactions and non-electronically delivered Penny and Non-Penny Pilot transactions are equitable because the rates are uniformly applied to similarly situated users. The fees are reasonable because they are within the range of fees assessed by the Exchange.

The degree of difference between the rates charged for different order types is the result of competitive forces in the marketplace and reflects certain competitive differences amongst market participants. The Exchange believes that the fees it charges for equity options remain competitive with fees charged by other venues and therefore continue to be reasonable and equitably allocated to those members that opt to direct orders to the Exchange rather than competing venues.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3) of the Act²² and Rule 19b-4(f)(2)²³ thereunder. At any time within 60 days of the filing of such proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>); or
