

resource issues to be addressed in the EA; and (5) identify those issues that require a detailed analysis, as well as those issues that do not require a detailed analysis.

Procedures

The meetings are recorded by a stenographer and become part of the formal record of the Commission proceeding on the project.

Individuals, organizations, and agencies with environmental expertise and concerns are encouraged to attend the meeting and to assist the staff in defining and clarifying the issues to be addressed in the EA.

Kimberly D. Bose,

Secretary.

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Project No. 2144-038; Project No. 2225-013]

City of Seattle, Public Utility District No. 1 of Pend Oreille County; Notice of Technical Conference and Site Visit for the Boundary Hydroelectric Project and Sullivan Creek Hydroelectric Project Settlement Agreement and Soliciting Scoping Comments on the Proposed Sullivan Creek Hydroelectric Project Surrender

May 11, 2010.

On March 29, 2010, the City of Seattle (City) and the Public Utility District No. 1 of Pend Oreille, County, Washington (District) filed a joint comprehensive settlement agreement (Settlement), explanatory statement and a request to consolidate the processing of the City's relicensing of the Boundary Hydroelectric Project No. 2144-038, and the District's surrender of its license for the Sullivan Creek Hydroelectric Project No. 2225-013. On April 2, 2010, the District filed an application to surrender the Sullivan Creek Project. Parts of both projects occupy lands within the Colville National Forest.

Technical Conference

Commission staff will hold a technical conference to discuss the proposed license articles for a new license for the Boundary Project and the proposed Sullivan Creek license surrender conditions submitted as part of the joint Settlement.

The technical conference will be held on Thursday, June 10, 2010, beginning

at 9 a.m. (PST) at Quality Inn Oakwood, 7919 North Division, Spokane, WA. Participation at the technical conference will be limited to Commission staff and the Settlement Parties. However, the public is free to attend and provide comments on the scope of issues that should be addressed in the Commission's environmental assessment. The technical conference will be recorded by a court reporter, and all statements (verbal and written) will become part of the Commission's public record for the project. The conference and site visit described below are posted on the Commission's calendar located at <http://www.ferc.gov/EventCalendar/EventsList.aspx> along with other related information.

Site Visit

On Wednesday, June 9, 2010, Commission staff, along with representatives of the City and the District, will conduct a site visit of the Boundary and Sullivan Creek Projects. All interested individuals, organizations, and agencies are invited to attend. All participants should meet at the Boundary powerhouse gate at 10:15 a.m. (PST). For those persons only interested in the Sullivan Creek surrender, we will be at the Sullivan Lake Dam at 12:15 p.m. In addition, all participants are responsible for their own transportation to the site and throughout the day. Anyone planning to attend the site visit must notify Mary Pat Dileva at marypat.dileva@seattle.gov by Wednesday, June 2, 2010. RSVPs are required for security and planning purposes.

Scoping for the Surrender of the District's Sullivan Creek Project

Commission staff intends to prepare an environmental assessment (EA) covering both the relicensing of the Boundary Project and the surrender of the Sullivan Creek Project, pursuant to the National Environmental Policy Act of 1969, as amended. Scoping of the relicensing of the Boundary Project was completed in 2006. To support and assist our environmental review, we are conducting paper scoping of the Sullivan Creek surrender to ensure that all pertinent issues are identified and analyzed, and the EA is thorough. This notice solicits written comments from Federal, State, and local resource agencies, Indian tribes, and other interested persons through the scoping process.

All scoping comments should be submitted in writing to the Commission no later than June 25, 2010. All correspondence must clearly show at the top of the page: "Sullivan Creek

Hydroelectric Project, FERC No. 2225-013." Send your comments about the project to: Kimberly D. Bose, Secretary, Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426. Scoping comments may be filed electronically via the Internet in lieu of paper. See 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site at <http://www.ferc.gov> under the "e-Filing" link. The Commission strongly encourages electronic filings.

For further information, contact David Turner at (202) 502-6091, or by e-mail at david.turner@ferc.gov.

Kimberly D. Bose,

Secretary.

ENVIRONMENTAL PROTECTION AGENCY

[EPA-R09-OAR-2010-0208; FRL-9152-5]

Adequacy Determination for the Motor Vehicle Emissions Budgets in the Truckee Meadows PM₁₀ Maintenance Plan for Transportation Conformity Purposes; State of Nevada

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of adequacy.

SUMMARY: In this notice, EPA is notifying the public that the Agency has found that motor vehicle emissions budgets (MVEBs) for particles with an aerodynamic diameter of a nominal 10 microns or less (PM₁₀), contained in the *Redesignation Request and Maintenance Plan for the Truckee Meadows 24-Hour PM₁₀ Non-Attainment Area* ("Truckee Meadows PM₁₀ Maintenance Plan"), are adequate for transportation conformity purposes. The Truckee Meadows PM₁₀ Maintenance Plan was submitted to EPA on July 13, 2009 by the Nevada Division of Environmental Protection as a revision to the Nevada State Implementation Plan. As a result of our adequacy finding, the Washoe County Regional Transportation Commission and the U.S. Department of Transportation must use these budgets in future conformity analyses.

DATES: This finding is effective June 2, 2010.

FOR FURTHER INFORMATION CONTACT: Eleanor Kaplan, U.S. EPA, Region IX, Air Division AIR-2, 75 Hawthorne Street, San Francisco, CA 94105-3901; (415) 947-4147 or kaplan.eleanor@epa.gov.
