

V. What Action is the Agency Taking

Through this notice, the Agency is making the petitions and other correspondence submitted by Nalco, Buckman Laboratories and Ashland Hercules available for public review and comment. Any public comments received on these petitions will be included in the electronic docket and reviewed by the Agency. Following review of the petitions and any comments received in response to this notice, EPA will issue its decision and response to the petitions.

In reviewing the materials in the docket and submitting any comments to the Agency, the Agency requests that, in addition to providing comments regarding any other issues raised by the materials in the docket, commenters respond to the following specific questions:

- When the ingredients in a product do not provide any pesticidal activity unless they react with other chemicals, should the product be treated as a pesticide? Are there any other factors which could or should lead to a different outcome in different settings? If so, what are they and what would the different outcome be?
- When a product is marketed as an essential part of a system or as a co-ingredient in a treatment regime that provides a pesticidal function, should the product be registered as a pesticide? Should the system be registered as a pesticide product? Are there any other factors which could or should lead to a different outcome in different settings? If so, what are they and what would the different outcome be?
- If a system is registered as a pesticide, how should requirements governing labeling and compositions apply to the system and to individual products comprising the system?
- What are the implications for other products containing ammonia or urea that are used in conjunction with chlorine-treated water in settings other than the production of pulp and paperboard?
- What substances, other than ammonia or urea, are sold for uses similar to the Ashland, Buckman, and Nalco products, and might require registration or might currently be registered?

List of Subjects

Environmental protection, Pesticides and pests.

Dated: May 3, 2010.

Joan Harrigan-Farrelly,
Director, Antimicrobial Division, Office of Pesticide Programs.

ENVIRONMENTAL PROTECTION AGENCY

[FRL-9153-2]

Science Advisory Board Staff Office; Notification of a Public Teleconference of the Science Advisory Board Integrated Nitrogen Committee

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: The EPA Science Advisory Board (SAB) Staff Office announces a public teleconference of the SAB Integrated Nitrogen Committee to discuss the Committee's draft report.

DATES: The public teleconference will be held on Tuesday, June 8, 2010 from 1 to 5 p.m. (Eastern Time).

ADDRESSES: The public teleconference will be conducted by telephone only.

FOR FURTHER INFORMATION CONTACT: Any member of the public wishing to obtain further information concerning this public teleconference should contact Dr. Thomas Armitage, Designated Federal Officer (DFO), EPA Science Advisory Board (1400F), 1200 Pennsylvania Avenue, NW., Washington, DC 20460; via telephone/voice mail (202) 343-9995; fax (202) 233-0643; or e-mail at armitage.thomas@epa.gov. General information concerning the EPA Science Advisory Board can be found on the SAB Web site at <http://www.epa.gov/sab>.

SUPPLEMENTARY INFORMATION: Pursuant to the Federal Advisory Committee Act (FACA), 5 U.S.C., App. 2, notice is hereby given that the SAB Integrated Nitrogen Committee will hold a public teleconference to discuss its draft report. The SAB was established pursuant to 42 U.S.C. 4365 to provide independent scientific and technical advice to the Administrator on the technical basis for Agency positions and regulations. The SAB is a Federal Advisory Committee under FACA. The SAB will comply with the provisions of FACA and all appropriate SAB Staff Office procedural policies.

Background: The SAB Integrated Nitrogen Committee is conducting a study to evaluate the need for integrated research and management strategies to reduce reactive nitrogen in the environment. At the global scale,

reactive nitrogen from human activities now exceeds that produced by natural terrestrial ecosystems. Reactive nitrogen both benefits and impacts the health and welfare of people and ecosystems. Scientific information suggests that reactive nitrogen is accumulating in the environment and that nitrogen cycling through biogeochemical pathways has a variety of consequences. Background information on the work of the Integrated Nitrogen Committee can be found on the SAB Web site at http://yosemite.epa.gov/sab/sabproduct.nsf/fedgrstr_activites/Nitrogen%20Project?OpenDocument. The purpose of the teleconference is for the SAB Integrated Nitrogen Committee to discuss its draft report addressing the environmental problems presented by reactive nitrogen and providing recommendations related to an integrated nitrogen management strategy.

Availability of Meeting Materials: The agenda and other materials in support of the teleconference will be placed on the SAB Web site at <http://www.epa.gov/sab> in advance of the teleconference.

Procedures for Providing Public Input: Public comment for consideration by EPA's federal advisory committees and panels has a different purpose from public comment provided to EPA program offices. Therefore, the process for submitting comments to a federal advisory committee is different from the process used to submit comments to an EPA program office.

Federal advisory committees and panels, including scientific advisory committees, provide independent advice to EPA. Members of the public can submit comments for a federal advisory committee to consider as it develops advice for EPA. They should send their comments directly to the Designated Federal Officer for the relevant advisory committee. *Oral Statements:* In general, individuals or groups requesting time to make an oral presentation at a public SAB teleconference will be limited to three minutes, with no more than a total of 30 minutes for all speakers. Interested parties should contact Dr. Armitage, DFO at the contact information provided above by June 1, 2010 to be placed on the list of public speakers for the teleconference.

Written Statements: Written statements should be supplied to the DFO via email at the contact information noted above by June 1, 2010 so that the information may be made available to the Committee members for their consideration. Written statements should be supplied in one of the following electronic formats: Adobe

Acrobat PDF, MS Word, MS PowerPoint, or Rich Text files in IBM-PC/Windows 98/2000/XP format. Submitters are requested to provide versions of signed documents, submitted with and without signatures, because the SAB Staff Office does not publish documents with signatures on its Web sites.

Accessibility: For information on access or services for individuals with disabilities, please contact Dr. Thomas Armitage at (202) 343-9995 or armitage.thomas@epa.gov. To request accommodation of a disability, please contact Dr. Armitage preferably at least 10 days prior to the teleconference, to give EPA as much time as possible to process your request.

Dated: May 14, 2010.

Vanessa T. Vu,

Director, EPA Science Advisory Board Staff Office.

Resmethrin; Notice of Receipt of Requests to Voluntarily Cancel Certain Pesticide Registrations

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: In accordance with section 6(f)(1) of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended, EPA is issuing a notice of receipt of requests by the registrants to voluntarily cancel their registrations of certain products containing the pesticide resmethrin. The requests would terminate resmethrin products registered for use as a wide area mosquito abatement adulticide in the United States. EPA intends to grant these requests at the close of the comment period for this announcement unless the Agency receives substantive comments within the comment period that would merit its further review of the requests, or unless the registrants withdraw their requests. If these requests are granted, any sale, distribution, or use of products listed in this notice will be permitted after the registration has been cancelled only if such sale, distribution, or use is consistent with the terms as described in the final order. Resmethrin users or anyone else that desires the retention of a resmethrin registration should contact

the applicable registrants during the comment period.

DATES: Comments must be received on or before November 15, 2010.

ADDRESSES: Submit your comments, identified by docket identification (ID) number EPA-HQ-OPP-2010-0306, by one of the following methods:

- **Federal eRulemaking Portal:** <http://www.regulations.gov>. Follow the on-line instructions for submitting comments.

- **Mail:** Office of Pesticide Programs (OPP) Regulatory Public Docket (7502P), Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460-0001.

- **Delivery:** OPP Regulatory Public Docket (7502P), Environmental Protection Agency, Rm. S-4400, One Potomac Yard (South Bldg.), 2777 S. Crystal Dr., Arlington, VA. Deliveries are only accepted during the Docket Facility's normal hours of operation (8:30 a.m. to 4 p.m., Monday through Friday, excluding legal holidays). Special arrangements should be made for deliveries of boxed information. The Docket Facility telephone number is (703) 305-5805.

Instructions: Direct your comments to docket ID number EPA-HQ-OPP-2010-0306. EPA's policy is that all comments received will be included in the docket without change and may be made available on-line at <http://www.regulations.gov>, including any personal information provided, unless the comment includes information claimed to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Do not submit information that you consider to be CBI or otherwise protected through www.regulations.gov or e-mail. The www.regulations.gov website is an "anonymous access" system, which means EPA will not know your identity or contact information unless you provide it in the body of your comment. If you send an e-mail comment directly to EPA without going through www.regulations.gov, your e-mail address will be automatically captured and included as part of the comment that is placed in the docket and made available on the Internet. If you submit an electronic comment, EPA recommends that you include your name and other contact information in the body of your comment and with any disk or CD-ROM you submit. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment. Electronic files should avoid the use of special characters, any form of encryption, and be free of any defects or viruses.

Docket: All documents in the docket are listed in the docket index available at <http://www.regulations.gov>. Although listed in the index, some information is not publicly available, e.g., CBI or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, is not placed on the Internet and will be publicly available only in hard copy form. Publicly available docket materials are available either in the electronic docket at <http://www.regulations.gov>, or, if only available in hard copy, at the OPP Regulatory Public Docket in Rm. S-4400, One Potomac Yard (South Bldg.), 2777 S. Crystal Dr., Arlington, VA. The hours of operation of this Docket Facility are from 8:30 a.m. to 4 p.m., Monday through Friday, excluding legal holidays. The Docket Facility telephone number is (703) 305-5805.

FOR FURTHER INFORMATION CONTACT: Tom Myers, Pesticide Re-evaluation Division (7508P), Office of Pesticide Programs, Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460-0001; telephone number: (703) 308-8589; fax number: (703) 308-7070; e-mail address: myers.tom@epa.gov.

SUPPLEMENTARY INFORMATION:

I. General Information

A. Does this Action Apply to Me?

This action is directed to the public in general, and may be of interest to a wide range of stakeholders including environmental, human health, and agricultural advocates; the chemical industry; pesticide users; and members of the public interested in the sale, distribution, or use of pesticides. Since others also may be interested, the Agency has not attempted to describe all the specific entities that may be affected by this action. If you have any questions regarding the applicability of this action to a particular entity, consult the person listed under **FOR FURTHER INFORMATION CONTACT**.

B. What Should I Consider as I Prepare My Comments for EPA?

1. **Submitting CBI.** Do not submit this information to EPA through www.regulations.gov or e-mail. Clearly mark the part or all of the information that you claim to be CBI. For CBI information in a disk or CD-ROM that you mail to EPA, mark the outside of the disk or CD-ROM as CBI and then identify electronically within the disk or CD-ROM the specific information that is claimed as CBI. In addition to one complete version of the comment that includes information claimed as CBI, a
