International Trade Administration

[A-570-943]

Certain Oil Country Tubular Goods From the People's Republic of China: Amended Final Determination of Sales at Less Than Fair Value and Antidumping Duty Order

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

DATES: *Effective Date:* May 21, 2010.

SUMMARY: Based on affirmative final determinations by the Department of Commerce (the "Department") and the International Trade Commission ("ITC"), the Department is issuing an antidumping duty order on certain oil country tubular goods ("OCTG") from the People's Republic of China ("PRC"). On May 14, 2010 the ITC notified the Department of its affirmative determination of threat of material injury to a U.S. industry, and its negative determination of critical circumstances. *See Certain Oil Country*

Tubular Goods from China (Investigation No. 731-TA-1159 (Final), USITC Publication 4152 (May 2010)). In addition, the Department is amending its final determination as a result of ministerial errors.

FOR FURTHER INFORMATION CONTACT: Paul Stolz or Eugene Degnan, AD/CVD Operations, Office 8, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone: (202) 482-4474 or (202) 482-0414, respectively.

SUPPLEMENTARY INFORMATION: In accordance with sections 735(d) and 777(i)(1) of the Tariff Act of 1930, as amended, ("Act"), the Department published the final determination of sales at less than fair value in the antidumping investigation of OCTG from the PRC. *See Certain Oil Country Tubular Goods from the People's Republic of China: Final Determination of Sales at Less Than Fair Value, Affirmative Final Determination of Critical Circumstances and Final Determination of Targeted Dumping*, 75 FR 20335 (April 19, 2010) ("*Final Determination*").

Amendment to the Final Determination

On April 19, 2010, the Department published its affirmative final determination in this proceeding. *See Final Determination*. On April 21, 2010, Tianjin Pipe (Group) Corporation ("TPCO"), a mandatory respondent, and Petitioners¹ submitted ministerial error allegations and requested, pursuant to 19 CFR 351.224, that the Department correct the alleged ministerial errors in the calculation of TPCO's dumping margin. Petitioners submitted rebuttal comments on April 26, 2010. TPCO submitted rebuttal comments on April 23, 2010 and on April 27, 2010.² No other interested party submitted

ministerial error allegations or rebuttal comments.

After analyzing all interested party comments and rebuttals, we have determined, in accordance with section 735(e) of the Act and 19 CFR 351.224(e), that we made ministerial errors in our calculations for the *Final Determination* with respect to TPCO. For a detailed discussion of these ministerial errors, as well as the Department's analysis of the errors and allegations, *see* the Memorandum to the File, "Ministerial Error Memorandum, Certain Oil Country Tubular Goods from the People's Republic of China, Final Determination of Sales at Less Than Fair Value," dated May 18, 2010.

Additionally, in the *Final Determination*, we determined that numerous companies qualified for a separate rate. *See Final Determination*. Because the only other mandatory respondent in this investigation, Jiangsu Changbao Steel Tube Co., Ltd. and Jiangsu Changbao Precision Tube Co., Ltd. (collectively "Changbao"), was determined to be part of the PRC-wide entity in the *Final Determination*, the cash deposit rate for these separate-rate companies is based on the calculated rate of the sole remaining mandatory respondent: TPCO. *See id.*; *see also Final Determination* and accompanying "Issues and Decision Memorandum for the Antidumping Duty Investigation of Certain Oil Country Tubular Goods from the People's Republic of China", at Comment 30. Therefore, because the margin for TPCO has changed since the *Final Determination*, the separate rate has changed as well. It is now 32.07 percent. *See* Memorandum to the File, "Investigation of Certain Oil Country Tubular Goods from the People's Republic of China: Amended Final Determination Analysis Memorandum, Tianjin Pipe (Group) Corporation," dated May 18, 2010. The amended weighted-average dumping margins are as follows:

Exporter	Producer	Weighted-average margin percent
Tianjin Pipe International Economic and Trading Corporation	Tianjin Pipe (Group) Corporation	32.07
Angang Group Hong Kong Co., Ltd	Angang Steel Co. Ltd	32.07
Angang Steel Co., Ltd., and Angang Group International Trade Corporation.	Angang Steel Co. Ltd	32.07

¹ United States Steel Corporation, Maverick Tube Corporation, TMK IPSCO, V&M Star L.P., Wheatland Tube Corp., Evraz Rocky Mountain Steel, and United Steel, Paper and Forestry, Rubber,

Manufacturing, Energy, Allied Industrial and Service Workers International Union, AFL-CIO-CLC are the petitioners (collectively "Petitioners") in this investigation.

² This second set of rebuttal comments was submitted by TPCO in response to Petitioners' rebuttal comments submitted on April 23, 2010.
