

The FCC may not conduct or sponsor a collection of information unless it displays a currently valid control number. If you anticipate that you will be submitting PRA comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the FCC contact listed below as soon as possible.

ADDRESSES: Direct all PRA comments to Nicholas A. Fraser, Office of Management and Budget, via fax at 202-395-5167 or via the Internet at Nicholas.A.Fraser@omb.eop.gov and to the Federal Communications Commission via email to PRA@fcc.gov.

 Nature and Extent of Confidentiality: There is no need for confidentiality.

Needs and Uses: The Commission will submit this revised information collection to the Office of Management and Budget (OMB) after this comment period to obtain the full three year clearance from them. The Commission has reduced the annual burden hours by 200,003 hours (78,573 hours program change reduction and 121,430 hours adjusted due to recalculations of the burden estimates).

The Commission is revising this collection in an effort to streamline the application process for the federal universal service schools and libraries support mechanism (also referred to as the “E-Rate” program) and to remove outdated and unneeded questions. We propose revising the forms by removing questions that were originally intended to assist service providers but are no longer useful; and by removing questions that are outside the scope of the information needed for the Universal Service Administrative Company (USAC), the administrator of the federal universal service fund and to process E-Rate applications. We further proposed limiting data collection to information that is not already available through other USAC forms or review processes. Finally, applicants will be required to include their FCC Registration Numbers (FRNs) and consultants must provide their contact information, when applicable, on FCC Forms 470 and 471.

Federal Communications Commission.

Marlene H. Dortch,
Secretary, Office of the Secretary, Office of Managing Director.

SUPPLEMENTARY INFORMATION:**A. Purpose**

Part 28 of the FAR contains guidance related to obtaining financial protection against damages under Government contracts (e.g., use of bonds, bid guarantees, insurance etc.). Part 52 contains the texts of solicitation provisions and contract clauses. These regulations implement a statutory requirement for information to be provided by Federal contractors relating to payment bonds furnished under construction contracts which are subject to the Miller Act (40 U.S.C. 270a-270d). This collection requirement is mandated by Section 806 of the National Defense Authorization Act for Fiscal Years 1992 and 1993 (Pub. L. 102-190), as amended by Section 2091 of the Federal Acquisition Streamlining Act of 1994 (Pub. L. 103-335). The clause at 52.228-12, Prospective Subcontractor Requests for Bonds, implements Section 806(a)(3) of Public Law 102-190, as amended, which specifies that, upon the request of a prospective subcontractor or supplier offering to furnish labor or material for the performance of a construction

contract for which a payment bond has been furnished to the United States pursuant to the Miller Act, the contractor shall promptly provide a copy of such payment bond to the requestor.

In conjunction with performance bonds, payment bonds are used in Government construction contracts to secure fulfillment of the contractor's obligations under the contract and to assure that the contractor makes all payments, as required by law, to persons furnishing labor or material in performance of the contract. This regulation provides prospective subcontractors and suppliers a copy of the payment bond furnished by the contractor to the Government for the performance of a Federal construction contract subject to the Miller Act. It is expected that prospective subcontractors and suppliers will use this information to determine whether to contract with that particular prime contractor. This information has been and will continue to be available from the Government. The requirement for contractors to provide a copy of the payment bond upon request to any prospective subcontractor or supplier under the Federal construction contract is contained in Section 806(a)(3) of Public Law 102-190, as amended by Sections 2091 and 8105 of Public Law 103-355.
