

the Exchange to pause trading in an individual stock when the primary listing market for such stock issues a trading pause in any Circuit Breaker Securities, as defined below and in proposed Interpretation and Policy .05 of Rule 11.14. If, however, trading has not resumed on the primary listing market and ten minutes have passed since the individual stock trading pause message has been received from the responsible single plan processor, the Exchange may resume trading in such stock.

The proposed rule would apply to trading pauses issued by primary listing markets in "Circuit Breaker Securities", as defined in proposed Interpretation and Policy .05. Specifically, on a pilot basis, set to end on December 10, 2010, Circuit Breaker Securities would mean the securities included in the S&P 500® Index.

In addition to adding a new paragraph to Rule 11.14 as paragraph (d), and renaming existing paragraph (d) as paragraph (e), the Exchange has also proposed minor changes to Rule 11.14. To make clear that the existing trading halt described in Rule 11.14 applies to all stocks traded on the Exchange, the Exchange has added the word "all" to the text of paragraphs (a) and (b) of Rule 11.14. Finally, the Exchange has proposed certain minor changes to the references in its rules, specifically: (1) Deleting references to the number of the Rule to avoid inaccurate cross-references in the event there are other changes to the Exchange's Rules; and (2) renaming sections .01 to .04 and proposed section .05 of the Rule as "Interpretations and Policies" rather than "Commentary" to be consistent with the rest of the Exchange's rules.

2. Statutory Basis

Approval of the rule change proposed in this submission is consistent with the requirements of the Act and the rules and regulations thereunder that are applicable to a national securities exchange, and, in particular, with the requirements of Section 6(b) of the Act.³ In particular, the proposed change is consistent with Section 6(b)(5) of the Act,⁴ because it would promote just and equitable principles of trade, remove impediments to, and perfect the mechanism of, a free and open market and a national market system, and, in general, protect investors and the public interest. The proposed rule change is also designed to support the principles of Section 11A(a)(1)⁵ of the Act in that

it seeks to assure fair competition among brokers and dealers and among exchange markets. The Exchange believes that the proposed rule meets these requirements in that it promotes transparency and uniformity across markets concerning decisions to pause trading in a security when there are significant price movements.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change imposes any burden on competition.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

The Exchange has neither solicited nor received written comments on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Within 35 days of the date of publication of this notice in the **Federal Register** or within such longer period (i) as the Commission may designate up to 90 days of such date if it finds such longer period to be appropriate and publishes its reasons for so finding or (ii) as to which the self-regulatory organization consents, the Commission will:

- (A) By order approve the proposed rule change, or
- (B) Institute proceedings to determine whether the proposed rule change should be disapproved.⁶

(the “Exchange” or “BATS”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange is proposing to amend BATS Rule 11.18, entitled “Trading Halts Due to Extraordinary Market Volatility.”

The text of the proposed rule change is available at the Exchange’s Web site at <http://www.batstrading.com>, at the principal office of the Exchange, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in Sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The primary listing markets for U.S. stocks are in the process of amending their rules so that they may, from time to time, issue a trading pause for an individual security if the price of such security moves 10% or more from a sale in a preceding five-minute period. The Exchange is proposing the rule change described below in consultation with other markets and Commission staff to provide for uniform market-wide trading pause standards for individual securities in the S&P 500® Index that experience rapid price movement, as set forth below. The Exchange is not currently the primary listing market for any securities, and thus, will not be

issuing any trading pauses pursuant to its rules.

The Exchange proposes to add a new paragraph to BATS Rule 11.18 to allow the Exchange to pause trading in an individual stock when the primary listing market for such stock issues a trading pause in any Circuit Breaker Securities, as defined below and in proposed Interpretation and Policy .05 of Rule 11.18. If, however, trading has not resumed on the primary listing market and ten minutes have passed since the individual stock trading pause message has been received from the responsible single plan processor, the Exchange may resume trading in such stock.

The proposed rule would apply to trading pauses issued by primary listing markets in “Circuit Breaker Securities”, as defined in proposed Interpretation and Policy .05. Specifically, on a pilot basis, set to end on December 10, 2010, Circuit Breaker Securities would mean the securities included in the S&P 500® Index.

In addition to adding a new paragraph to Rule 11.18 as paragraph (d), and renaming existing paragraph (d) as paragraph (e), the Exchange has also proposed minor changes to Rule 11.18. To make clear that the existing trading halt described in Rule 11.18 applies to all stocks traded on the Exchange, the Exchange has added the word “all” to the text of paragraphs (a) and (b) of Rule 11.18. Finally, the Exchange has proposed certain minor changes to the references in its rules, specifically: (1) Deleting references to the number of the Rule to avoid inaccurate cross-references in the event there are other changes to the Exchange’s Rules; and (2) renaming sections .01 to .04 and proposed section .05 of the Rule as “Interpretations and Policies” rather than “Commentary” to be consistent with the rest of the Exchange’s rules.

2. Statutory Basis

Approval of the rule change proposed in this submission is consistent with the requirements of the Act and the rules and regulations thereunder that are applicable to a national securities exchange, and, in particular, with the requirements of Section 6(b) of the Act.³ In particular, the proposed change is consistent with Section 6(b)(5) of the Act,⁴ because it would promote just and equitable principles of trade, remove impediments to, and perfect the mechanism of, a free and open market and a national market system, and, in general, protect investors and the public

interest. The proposed rule change is also designed to support the principles of Section 11A(a)(1)⁵ of the Act in that it seeks to assure fair competition among brokers and dealers and among exchange markets. The Exchange believes that the proposed rule meets these requirements in that it promotes transparency and uniformity across markets concerning decisions to pause trading in a security when there are significant price movements.

B. Self-Regulatory Organization’s Statement on Burden on Competition

The Exchange does not believe that the proposed rule change imposes any burden on competition.

C. Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

The Exchange has neither solicited nor received written comments on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Within 35 days of the date of publication of this notice in the **Federal Register** or within such longer period (i) as the Commission may designate up to 90 days of such date if it finds such longer period to be appropriate and publishes its reasons for so finding or (ii) as to which the self-regulatory organization consents, the Commission will:

(A) By order approve the proposed rule change, or

(B) Institute proceedings to determine whether the proposed rule change should be disapproved.⁶

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-62125; File No. SR-ISE-2010-48]

Self-Regulatory Organizations; Notice of Filing of Proposed Rule Change by International Securities Exchange LLC To Amend ISE Rule 2102 To Provide for a Trading Pause for Individual Securities When the Price Moves Ten Percent or More

May 19, 2010.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the "Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on May 18, 2010, the International Securities Exchange, LLC (the "Exchange" or "ISE" or "self-regulatory organization") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I and II below, which items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend Rule 2102 (Hours of Business) to provide for a trading pause for individual securities when the price moves 10 percent or more.

The text of the proposed rule change is available on the Exchange's Internet Web site at <http://www.ise.com>, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The self-regulatory organization has prepared summaries, set forth in sections A, B and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to add a new paragraph to ISE Rule 2102 to allow the Exchange to pause trading in an individual stock when the primary listing market for such stock issues a trading pause. The primary listing markets for U.S. stocks are in the process of amending their rules so that they may, from time to time, issue a trading pause for an individual security if the price of such security moves 10% or more from a sale in a preceding five-minute period. The Exchange is proposing this rule change in consultation with U.S. listing markets and the Securities and Exchange Commission ("Commission") staff to provide for uniform market-wide trading pause standards for individual securities included in the S&P 500[®] Index. The Exchange is not currently the primary listing market for any securities, and thus, will not be issuing any trading pauses pursuant to its rules. As proposed, the Exchange will pause trading in that stock until trading has resumed on the primary listing market. The Exchange is proposing that this rule be implemented as a pilot, beginning on June 7, 2010 and concluding on December 10, 2010. This pilot program will provide the exchanges with an opportunity to assess the effect of this rule proposal on the markets.

2. Statutory Basis

The statutory basis for the proposed rule change is Section 6(b)(5) of the Act,³ which requires the rules of an exchange to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system and, in general, to protect investors and the public interest. The proposed rule change also is designed to support the principles of Section 11A(a)(1)⁴ of the Act in that it seeks to assure fair competition among brokers and dealers and among exchange markets. The Exchange believes that the proposed rule meets these requirements in that it promotes transparency and uniformity across markets concerning decisions to pause trading in a security when there are significant price movements.

⁷ The Commission believes that a 10-day comment period is reasonable, given the urgency of the matter. It will provide adequate time for comment.
