SUPPLEMENTARY INFORMATION: Section 3506 of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35) requires that the Office of Management and Budget (OMB) provide interested Federal agencies and the public an early opportunity to comment on information collection requests. OMB may amend or waive the requirement for public consultation to the extent that public participation in the approval process would defeat the purpose of the

information collection, violate State or Federal law, or substantially interfere with any agency's ability to perform its statutory obligations. The Acting Director, Information Collection Clearance Division, Regulatory Information Management Services, Office of Management, publishes that notice containing proposed information collection requests prior to submission of these requests to OMB. Each proposed information collection, grouped by office, contains the following: (1) Type of review requested, e.g. new, revision, extension, existing or reinstatement; (2) Title; (3) Summary of the collection; (4) Description of the need for, and proposed use of, the information; (5) Respondents and frequency of collection; and (6) Reporting and/or Recordkeeping burden. OMB invites public comment.

Abstract: Section 3505(a)(2) of the Paperwork Reduction Act (PRA) of 1995 provides the OMB Director authority to approve the streamlined clearance process proposed in this information collection request. This information collection request was originally approved by OMB in January of 1997. This information collection streamlines the clearance process for all discretionary grant information collections which do not fit the generic application process. The streamlined clearance process continues to reduce the clearance time for the U.S. Department of Education's (ED's) discretionary grant information collections by two months or 60 days. This is desirable for two major reasons: it would allow ED to provide better customer service to grant applicants and help meet ED's goal for timely awards of discretionary grants. This is a request to extend the clearance process for discretionary grant information collections, and continue to be streamlined in the following manner:

the clearance process begins when ED submits the collection to OMB and, simultaneously, publishes a 30-day public comment period notice in the **Federal Register**. OMB has 60 days, following the beginning of the public comment period, to reach a decision on the collection.

Requests for copies of the information collection submission for OMB review may be accessed from <http://edicsweb.ed.gov>, by selecting the "Browse Pending Collections" link and by clicking on link number 4250. When you access the information collection, click on "Download Attachments" to view. Written requests for information should be addressed to U.S. Department of Education, 400 Maryland Avenue, SW., LBJ, Washington, DC 20202-4537. Requests may also be electronically mailed to the Internet address ICDocketMgr@ed.gov or faxed to 202-401-0920. Please specify the complete title of the information collection when making your request.

Comments regarding burden and/or the collection activity requirements should be electronically mailed to ICDocketMgr@ed.gov. Individuals who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1-800-877-8339.

Ford Federal Direct Loan, Academic Competitiveness Grant, National Science and Mathematics Access To Retain Talent Grant, and Teacher Education Assistance for College and Higher Education Programs

ACTION: Notice of deadline dates for receipt of applications, reports, and other records for the 2009-2010 award year.

SUMMARY: The Secretary announces deadline dates for the receipt of documents and other information from institutions and applicants for the Federal student aid programs authorized under Title IV of the Higher Education

Act of 1965, as amended, for the 2009–2010 award year. The Federal student aid programs include the Federal Supplemental Educational Opportunity Grant, Federal Family Education Loan, Federal Work-Study, Federal Perkins Loan, Federal Pell Grant, Leveraging Educational Assistance Partnership, William D. Ford Federal Direct Loan, Academic Competitiveness Grant (ACG), National Science and Mathematics Access to Retain Talent Grant (National SMART Grant), and Teacher Education Assistance for College and Higher Education (TEACH) programs.

These programs, administered by the U.S. Department of Education (Department), provide financial assistance to students attending eligible postsecondary educational institutions to help them pay their educational costs.

Deadline and Submission Dates: See Tables A, B, and C at the end of this notice.

Table A—Deadline Dates for Application Processing and Receipt of Student Aid Reports (SARs) or Institutional Student Information Records (ISIRs) by Institutions

Table A provides information and deadline dates for application processing, including receipt of the Free Application for Federal Student Aid (FAFSA) and corrections to and signatures for the FAFSA, receipt of SARs and ISIRs, and receipt of verification documents.

The deadline date for the receipt of a FAFSA by the Department's Central Processing System is June 30, 2010, regardless of the method that the applicant uses to submit the FAFSA. The deadline date for the receipt of a signature page for the FAFSA (if required), corrections, changes of addresses or schools, or requests for a duplicate SAR is September 21, 2010. Verification documents must be received by the institution no later than the earlier of 120 days after the student's last date of enrollment or September 28, 2010.

For all Federal student aid programs except Parent PLUS, a SAR or ISIR with an official expected family contribution must be received by the institution no later than the earlier of the student's last date of enrollment or September 28, 2010. For purposes of only the Federal Pell Grant, ACG, or National SMART Grant programs, a valid SAR or valid ISIR for a student not meeting the conditions for a late disbursement must be received no later than the earlier of the student's last date of enrollment or September 28, 2010. A valid SAR or

valid ISIR for a student meeting the conditions for a late disbursement under the Federal Pell Grant, ACG, or National SMART Grant programs must be received according to the deadline dates provided in Table A.

In accordance with the regulations in 34 CFR 668.164(g)(4)(i), an institution may not make a late disbursement later than 180 days after the date of the institution's determination that the student withdrew or, for a student who did not withdraw, as provided in 34 CFR 668.22, 180 days after the date the student otherwise became ineligible. Table A provides that an institution must receive a valid SAR or valid ISIR no later than 180 days after its determination of a student's withdrawal or, for a student who did not withdraw, 180 days after the date the student otherwise became ineligible, but not later than September 28, 2010.

Table B—Federal Pell Grant, ACG, and National SMART Grant Programs Submission Dates for Disbursement Information by Institutions

Table B provides the earliest submission and deadline dates for institutions to submit Federal Pell Grant, ACG, and National SMART Grant disbursement records to the Department's Common Origination and Disbursement (COD) System and deadline dates for requests for administrative relief if the institution cannot meet the established deadline for specified reasons.

In general, an institution must submit Federal Pell Grant, ACG, or National SMART Grant disbursement records no later than 30 days after making a Federal Pell Grant, ACG, or National SMART Grant disbursement or becoming aware of the need to adjust a student's previously reported Federal Pell Grant, ACG, or National SMART Grant disbursement. In accordance with the regulations in 34 CFR 668.164, we consider that Federal Pell Grant, ACG, and National SMART Grant funds are disbursed on the date that the institution: (a) Credits those funds to a student's account in the institution's general ledger or any subledger of the general ledger, or (b) pays those funds to a student directly. We consider that Federal Pell Grant, ACG, and National SMART Grant funds are disbursed even if an institution uses its own funds in advance of receiving program funds from the Department. An institution's failure to submit disbursement records within the required 30-day timeframe may result in an audit or program review finding. In addition, the Secretary may initiate an adverse action,

such as a fine or other penalty for such failure.

Table C—Federal Pell Grant Disbursement Information for a Payment Period That Occurs in Two Award Years (Crossover Payment Period)

Table C provides the deadline dates regarding when the receipt of information requires the institution to assign a student's 2010 crossover payment period that occurs in the 2009–2010 and 2010–2011 award years to the award year in which the student would receive a greater Federal Pell Grant payment for the payment period.

In accordance with 34 CFR 690.64, as amended by the final regulations published on October 29, 2009, and effective on July 1, 2010 (74 FR 55902, 55951), an institution must, regardless of a student's enrollment status, assign a crossover payment period (a payment period that includes both June 30 and July 1) to the award year in which the student would receive the greater payment for the crossover payment period based on the information available at the time the student's Federal Pell Grant is initially calculated. Table C sets a September 10, 2010 deadline for the receipt of any information that would require an institution to reassign the 2010 crossover payment period to the award year providing the greater payment. During the subsequent period of time but not later than February 1, 2011, an institution may establish a policy concerning reassignment of the 2010 crossover payment period (74 FR 55922).

It is important to note that for the 2010 transition crossover payment period only, an institution is not required to award a Federal Pell Grant to a student from the award year that will provide the greater payment if the institution established a written crossover payment period policy prior to July 1, 2010 and under that policy a student would be awarded a Federal Pell Grant from the 2009–2010 award year without applying the regulations as amended on October 29, 2009 (74 FR 55904).

Revisions to Oil Pipeline Regulations Pursuant to the Energy Policy Act of 1992; Notice of Annual Change in the Producer Price Index for Finished Goods

May 19, 2010.

The Commission’s regulations include a methodology for oil pipelines to change their rates through use of an index system that establishes ceiling levels for such rates. The Commission bases the index system, found at 18 CFR 342.3, on the annual change in the Producer Price Index for Finished Goods (PPI–FG), plus one point three percent (PPI+1.3). The Commission determined in an “Order Establishing Index For Oil Price Change Ceiling Levels” issued March 21, 2006, that PPI+1.3 is the appropriate oil pricing index factor for pipelines to use.¹

The regulations provide that the Commission will publish annually, an index figure reflecting the final change in the PPI–FG, after the Bureau of Labor Statistics publishes the final PPI–FG in May of each calendar year. The annual average PPI–FG index figures were

177.1 for 2008 and 172.5 for 2009.² Thus, the percent change (expressed as a decimal) in the annual average PPI–FG from 2008 to 2009, plus 1.3 percent, is negative 0.012974.³ Oil pipelines must multiply their July 1, 2009, through June 30, 2010, index ceiling levels by positive 0.987026⁴ to compute their index ceiling levels for July 1, 2010, through June 30, 2011, in accordance with 18 CFR 342.3(d). For guidance in calculating the ceiling levels for each 12 month period beginning January 1, 1995,⁵ see *Explorer Pipeline Company*, 71 FERC 61,416 at n.6 (1995).

In addition to publishing the full text of this Notice in the **Federal Register**, the Commission provides all interested persons an opportunity to view and/or print this Notice via the Internet through FERC’s Home Page (<http://www.ferc.gov>) and in FERC’s Public Reference Room during normal business hours (8:30 a.m. to 5 p.m. Eastern time) at 888 First Street, NE, Room 2A, Washington DC 20426.
