

*Legislative Authority:* Section 426 of the Social Security Act [42 U.S.C. 626(a)(2)].

**SUMMARY:** The Administration for Children and Families (ACF) hereby

gives notice to the public that the following program within the Agency will administratively impose a matching requirement on grants awarded under the following program title and funding

opportunity announcement for Fiscal Year 2010:

Program office	Funding opportunity number	Funding opportunity title	Fiscal year	Program title	CFDA number	Match percentage	Composition of match
Administration for Children, Youth and Families—Children's Bureau.	HHS-2010-ACF-ACYF-CA-0022.	Initiative to Reduce Long-Term Foster Care.	2010	Child Welfare Training.	93.648	10 percent of Total Approved Project Cost.	Cash and In-Kind.

Historically, ACF has found that the imposition of a matching requirement on awards under certain programs result in an increased level of community support and, often, a higher profile in the community. This can contribute to the success and sustainability of the project. The Fiscal Year 2010 funding opportunity announcement for the Initiative to Reduce Long-Term Foster Care program will advise applicants on the percentage of funds that must be contributed through non-Federal resources, the composition of the match, and whether the merit of the match will be taken into consideration as a criterion in the competitive review. The administratively imposed matching requirement will apply only to new grants and their continuation grants, awarded under funding opportunity announcement HHS-2010-ACF-ACYF-CA-0022.

This matching requirement does not represent an addition to any existing matching requirements on awards made under other funding opportunity announcements issued in Fiscal Year 2008 or before. The amount and acceptable types of non-Federal resources allowed is not negotiable. However, matching may be provided as direct or indirect costs. Specific information related to the matching requirement and the competitive review process will be provided in the published funding opportunity announcement. Any unmatched Federal funds will be disallowed. Costs borne by matching contributions are subject to the regulations governing allowability found under 45 CFR 74.23 and 45 CFR 92.24.

Notices of planned grant opportunities proposed by HHS's Operating Divisions are available at the HHS Forecast Web site. Each Forecast record contains actual or estimated dates and funding levels for grants that the agency intends to award during the fiscal year.
