BILLING CODE 9110-04-P

POSTAL SERVICE

39 CFR Part 111

Restricting the Mailing of Replica or Inert Explosive Devices

AGENCY: Postal Service™.

ACTION: Final rule.

SUMMARY: The Postal Service is revising *Mailing Standards of the United States Postal Service*, Domestic Mail Manual (DMM®) 601.11, to implement a new standard restricting the mailing of replica or inert explosive devices, such as simulated grenades that are not dangerous but bear a realistic appearance to explosive devices, to Registered Mail™ service only.

DATES: *Effective Date:* July 6, 2010.

FOR FURTHER INFORMATION CONTACT: Evans King, 202-268-4982, or Mary J. Collins, 202-268-5440.

SUPPLEMENTARY INFORMATION: The Postal Service published a proposed rule in the **Federal Register** on January 5, 2010 (75 FR 282-283), which added restrictions to the mailing of replica and inert explosive devices in the mail. The Postal Service did not receive any comments in response to this proposal. Therefore, we will be revising the DMM

as proposed. The Postal Service will specifically identify these items using the term "replica or inert explosive devices" rather than the proposed "replica or inert munitions." The Postal Service is also implementing a revised process for mailing such items via Registered Mail service only rather than prohibiting them from the mail altogether.

In the past, postal operations have been disrupted and facilities have been evacuated when replica or inert explosive devices have been discovered in the mail. Such evacuations resulted in unnecessary expense and loss of productivity to the Postal Service and have jeopardized USPS® service commitments. We believe the implementation of the DMM revisions described in this final rule will minimize the chances of operational disruptions caused by replica or inert explosive devices and at the same time allow mailers to continue to use the mail for shipping these items.

The Postal Service hereby adopts the following changes to the *Mailing Standards for the United States Postal Service*, Domestic Mail Manual (DMM), which is incorporated by reference in the Code of Federal Regulations. See 39 CFR 111.1.
