

effective pursuant to Section 19(b)(3)(A) of the Act and Rule 19b-4(f)(6)(iii) thereunder.

A proposed rule change filed under Rule 19b-4(f)(6)¹⁴ normally does not become operative prior to 30 days after the date of the filing. However, pursuant to Rule 19b-4(f)(6)(iii),¹⁵ the Commission may designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has asked the Commission to waive the 30-day operative delay so that the proposal may become operative immediately upon filing. The Commission notes that the proposed rule changes are substantially identical to rule changes proposed by FINRA and approved by the Commission after an opportunity for public comment, and do not raise any new substantive issues.¹⁶ For these reasons, the Commission believes that waiver of the 30-day operative delay is consistent with the protection of investors and the public interest because it will promote greater harmonization between NYSE Rules and FINRA Rules of similar purpose, resulting in less burdensome and more efficient regulatory compliance for joint members and greater harmonization between NYSE Rules and FINRA Rules. Therefore, the Commission designates the proposed rule change effective and operative upon filing.¹⁷

At any time within 60 days of the filing of the proposed rule changes, the Commission may summarily abrogate such rule changes if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.
