

(FFEL) servicers in retaining jobs at their loan servicing facilities located in the United States as of January 1, 2010. The SAFRA Act provides for eligible loan servicers to apply for funds to assist them in maintaining jobs of people working on loan servicing at their U.S. locations. The Department will determine by formula the dollar amount of funds each eligible servicer will receive.

Additional Information: The Department (ED) is requesting that OMB grant an emergency clearance by June 25, 2010 for all documents necessary to meet the Congressional legislative mandate to award funds to loan servicers prior to the end of the fiscal year. SAFRA requires the Secretary to provide payments to student loan servicers in FY 2010 and FY 2011 for retaining jobs at locations in the United States where such servicers were operating under part B of the HEA on January 1, 2010.

This data collection is necessary to assist Federal Family Education Loan (FFEL) servicers in retaining jobs at their loan servicing facilities located in the United States as of January 1, 2010. The SAFRA Act provides for eligible loan servicers to apply for funds to assist them in maintaining jobs of people working on loan servicing at their U.S. locations. The Department will determine by formula the dollar amount of funds each eligible servicer will receive.

Emergency clearance is needed so that eligible servicers can apply for an award under SAFRA, and ED can meet the deadline set by Congress to evaluate the applications and obligate the awards before the end of the 2010 government fiscal year. We have a tight time frame to notify servicers, review their application, determine award amounts and inform servicers of award amounts and receive their updated plan for retaining jobs at their location within the U.S.

Implementation of the SAFRA Act requirements will be conducted in several phases. First, FFEL loan servicers will submit application forms with payroll information for individuals working within a servicing entity on loan origination activity at the location they designate on the date specified in the final requirements, as well as a plan for preserving jobs at that facility. This information provided will be used by the Department to determine award amount. The Department will calculate, by formula, the award each servicer will receive and will then notify the servicer of the award amount. Finally, the servicer will, before any funds are disbursed, submit an updated plan

detailing how it will use the awarded funds to preserve jobs at that facility based on the actual award amount. The awarded amount will subsequently be disbursed to the servicer.

Upon receiving emergency clearance of the document the Department will publish the "Interim final requirements" in a separate **Federal Register** notice and start accepting applications from eligible servicers.
