

DEPARTMENT OF DEFENSE**Office of the Secretary****[Docket No. DoD-2010-OS-0082]****Information Collection; Comment Request****ACTION:** Notice.

SUMMARY: The Department of Defense is submitting to OMB for emergency clearance, the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35). The Department of Defense Comprehensive Review Working Group (CRWG) is the working group the Secretary of Defense directed to examine the issues associated with a repeal of the law known as "Don't Ask, Don't Tell." As part of this study, CRWG has requested that RAND update its report on "Sexual Orientation and U.S. Military Personnel Policy: Options and Assessment." A shortened comment period of 5 days is necessary because the collection of information by RAND to update their report on sexual orientation in the military is needed prior to the submission of CRWG's report to the Secretary of Defense to inform its recommendations to the Secretary. RAND's report, therefore, must be finished by mid-September 2010. As RAND's report requires the collection of data from numerous different sources in a range of locations throughout the country and world, it is necessary to begin data collection procedures as earlier as possible in June, 2010.

DATES: Consideration will be given to all comments received by June 23, 2010.

Needs and Uses: The Department of Defense Comprehensive Review Working Group (CRWG) is the working group the Secretary of Defense directed to examine the issues associated with a repeal of the law known as "Don't Ask, Don't Tell." The CRWG is studying what

impact, if any, repeal would have on military readiness, military effectiveness, unit cohesion, recruiting, retention, and family readiness. As part of these efforts, RAND was asked to update its report on sexual orientation in the military from 1993 and look at how repeal may impact the military. To give the broadest view of the potential impact repeal would have, RAND is talking with and studying a range of state government agencies and institutions, universities, and private companies. By talking to these groups, RAND will be able to give a better understanding of how, based on comparable experiences in other settings, repeal could impact the military. RAND's study is, therefore, an important piece CRWG's report to the Secretary of Defense that will also inform the writing of other sections of the final report.

BILLING CODE 5001–06–P

DEPARTMENT OF DEFENSE

Department of the Army; Corps of Engineers

Notice of Availability of a Final General Conformity Determination and Record of Decision for the Pacific L.A. Marine Terminal LLC Crude Oil Terminal Project, Port of Los Angeles, Los Angeles County, CA

AGENCY: Department of the Army—U.S. Army Corps of Engineers, DoD.

ACTION: Notice of availability.

SUMMARY: In November 2008, the Los Angeles Harbor Department (LAHD) and the U.S. Army Corps of Engineers, Los Angeles District, Regulatory Division (Corps) published a joint Final Supplemental Environmental Impact Statement and Subsequent Environmental Impact Report (SEIS/SEIR) for the development of a marine oil terminal at Berth 408 on Pier 400 in the Port of Los Angeles, Los Angeles

County, California (Project). On February 19, 2010, the Corps published a draft general conformity determination for the Federal action associated with the Project. Comments were received on the draft general conformity determination until March 22, 2010. A general conformity determination was required because Project construction would require Federal action (i.e., issuance of a Corps permit for work and structures in and over navigable waters of the U.S. pursuant to Section 10 of the River and Harbor Act) and not all the Federal action's direct and indirect air emissions would be below specified de minimis thresholds (40 CFR 51.853(b)). On June 1, 2010 and June 3, 2010, the Corps made a final general conformity determination and completed its environmental review and executed the Record of Decision (ROD), respectively, for the Federal action associated with the Project. The Corps considered and responded to all comments received in making the final general conformity determination and executing the ROD.

The public can request copies of the final general conformity determination document or the ROD from the Corps at the address listed below, or can view or download the final general conformity determination document from the Corps' Website (<http://www.spl.usace.army.mil/regulatory/POLA.htm>, scroll down to the link under Pier 400 Crude Oil Marine Terminal Project) or the Port's Web site (http://www.portoflosangeles.org/environment/public_notices.asp, scroll down to link under Pacific L.A. Marine Terminal LLC Crude Oil Terminal). In addition, copies of the final general conformity document are available for review during the next 30 days at the following libraries: L.A. Public Library, Central Branch, 630 West 5th Street, Los Angeles, California; L.A. Public Library, San Pedro Branch, 921 South Gaffey Street, San Pedro, California; and L.A. Public Library, Wilmington Branch, 1300 North Avalon, Wilmington, California.

Questions or comments concerning the final general conformity determination or the ROD should be directed to Dr. Spencer D. MacNeil, Senior Project Manager, North Coast Branch, Regulatory Division, U.S. Army Corps of Engineers, 2151 Alessandro Drive, Suite 110, Ventura, California 93001, (805) 585–2152.

SUPPLEMENTARY INFORMATION: None.
