FOR FURTHER INFORMATION CONTACT: Heather Muslow, Monument Planner, Canyons of the Ancients National Monument, 27501 Highway 184, Dolores, Colorado 81323, Phone: (970) 882-5632.

SUPPLEMENTARY INFORMATION: The planning effort for the Canyons of the Ancients National Monument officially began in April 2002 with an extended public scoping period. Since then the BLM has maintained public interest and

input through meetings and workshops, open houses, field trips, presentations, newsletters, public notices and announcements, and a planning Web site. In addition, an 11-member Monument Advisory Committee was established in June 2003, and continues today as a Monument Sub-Group of the Southwest Resource Advisory Council, to provide recommendations on management of the Monument. The Plan is a result of a collaborative process that involved local, state, Federal and tribal interests. The plan provides a framework to guide subsequent management decisions on approximately 170,730 acres managed by the BLM. Within the Monument boundary, there are approximately 400 acres of National Park Service lands (Hovenweep National Monument) and 12,200 acres of private inholdings. Until the signing of the ROD, the Canyons of the Ancients National Monument was being managed under the BLM 1985 San Juan/San Miguel RMP and the Interim Guidance provided after the National Monument was established. The current Approved RMP now provides the management direction for the National Monument. The Monument was established to protect nationally and internationally significant cultural and natural resources on a landscape scale, and is a component of the BLM's National Landscape Conservation System. The Plan balances this primary focus with ongoing multiple-uses including fluid mineral extraction, livestock grazing, recreation use, and transportation needs. The Proposed RMP/Final Environmental Impact Statement (EIS) was published in July 2009, and identified a proposed plan which has been carried forward in the ROD. Fourteen protests were received on the Proposed RMP/Final EIS. No inconsistencies were identified with state plans during the Governor's consistency review of the Proposed RMP/Final EIS. The Montezuma County Comprehensive Plan, however, "places the highest priority on the continuation of traditional and historic uses such as grazing, timber harvesting, mining, and energy development" (Pg. 12-2, No 4). No changes to the proposed plan occurred as a result of these reviews. Minor clarifications were made in preparing the Approved RMP and are highlighted in the ROD. The decisions identifying routes of travel within designated areas are implementation decisions and are appealable under 43 CFR Part 4. These decisions are contained on Map 5 of the Approved RMP. Any party adversely affected by the proposed route identifications may

appeal within 30 days of publication of this Notice of Availability pursuant to 43 CFR part 4, subpart E. The appeal should state the specific route(s), as identified on Map 5 of the Approved RMP, on which the decision is being appealed. The appeal must be filed with the Monument Manager at the above listed address. Please consult the appropriate regulations (43 CFR part 4, subpart E) for further appeal requirements.

Authority: 40 CFR 1506.6.

Helen M. Hankins,
State Director.

BILLING CODE 4310-JB-P**INTERNATIONAL TRADE COMMISSION**

[Inv. No. 337-TA-723]

In the Matter of Certain Inkjet Ink Cartridges With Printheads and Components Thereof; Notice of Investigation**AGENCY:** International Trade Commission.**ACTION:** Institution of investigation pursuant to 19 U.S.C. 1337.

SUMMARY: Notice is hereby given that a complaint was filed with the U.S. International Trade Commission on May 25, 2010, under section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. 1337, on behalf of Hewlett-Packard Company of Palo Alto, California and Hewlett-Packard Development Company, L.P. of Houston, Texas. A letter supplementing the complaint was filed on June 16, 2010. The complaint alleges violations of section 337 based upon the importation into the United States, the sale for importation, and the sale within the United States after importation of certain inkjet ink cartridges with printheads and components thereof by reason of infringement of certain claims of U.S. Patent Nos. 6,234,598 ("the '598 patent"); 6,309,053 ("the '053 patent"); 6,398,347 ("the '347 patent"); 6,412,917 ("the '917 patent"); 6,481,817 ("the '817 patent"); and 6,402,279 ("the '279 patent"). The complaint further alleges that an industry in the United States exists as required by subsection (a)(2) of section 337.

The complainants request that the Commission institute an investigation and, after the investigation, issue an exclusion order and cease and desist orders.
