The PHS strongly encourages all grant and contract recipients to provide a smoke-free workplace and promote the non-use of all tobacco products. In addition, Public Law 103-227, the Pro-Children Act of 1994, prohibits smoking in certain facilities (or in some cases, any portion of the facility) in which regular or routine education, library, day care, health care, or early childhood development services are provided to children. This is consistent with the PHS mission to protect and advance the physical and mental health of the American people.

If the narrative exceeds the page limit, only the first 15 pages will be reviewed. There are three parts to the narrative: Part A—Program Information; Part B—Program Planning and Evaluation; and Part C—Program Report. See below for additional details about what must be included in the narrative.

Part A: Program Information (6 Pages)

Section 1: Needs

- Describe your legal status and organization.

- Describe briefly what the project intends to accomplish. Identify the expected results, benefits, and outcomes or products to be derived from each objective of the project.
- Provide a project specific work plan (milestone chart) that lists each objective, the tasks to be conducted in order to reach the objective, and the time frame needed to accomplish each task. Time frames should be projected in a realistic manner to assure that the scope of work can be completed within each budget period. (A work plan format is provided.)

e. In the case of proposed projects for identification of Indians with a potential for education or training in the health professions, include a method for assessing the potential of interested Indians for undertaking necessary education or training in such health professions.

f. State clearly the criteria by which the project's progress will be evaluated and by which the success of the project will be determined.

a. Clearly define the budget. Provide a justification and detailed breakdown of the funding by category for the first year of the project. Because this project is for a training grant, the Department of Health and Human Services' policy limiting reimbursement of indirect costs to the lesser of the applicant's actual indirect costs or 8 percent of total direct costs (exclusive of tuition and related fees and expenditures for equipment) is applicable. This limitation applies to all institutions of higher education.

c. The applicant may include as a direct cost tuition and student support for students who have been selected to receive a scholarship through the American Indians into Psychology Program grant. Scholarship support consists of full tuition/fees and a monthly stipend for 12 months. The current stipend is to be \$1,500.00 per month and adjusted annually at 2%.

f. Provide budget information on stipends that will be provided to undergraduate and graduate students to pursue a career in clinical psychology. 3. Submission Dates and Times

Applications must be submitted electronically through Grants.gov by July 23, 2010 at 12 midnight Eastern Standard Time (EST). Any application received after the application deadline will not be accepted for processing, and will be returned to the applicant(s) without further consideration for funding.

If technical challenges arise and assistance is required with the electronic application process, contact Grants.gov Customer Support via e-mail to support@grants.gov or at (800) 518-4726. Customer Support is available to address questions 24 hours a day, 7 days a week (except on Federal holidays). If problems persist, contact Paul Gettys, Division of Grants Policy (DGP), Paul.Gettys@ihs.gov at (301) 443-2114. Please be sure to contact Mr. Gettys at least ten days prior to the application deadline. Please do not contact the GPS until you have received a Grants.gov tracking number. In the event you are not able to obtain a tracking number, call the GPS as soon as possible.

If an applicant needs to submit a paper application instead of submitting electronically via Grants.gov, prior approval must be requested and obtained (see page 16 for additional information). The waiver must be documented in writing (e-mails are acceptable), before submitting a paper application. A copy of the written approval must be submitted along with the hardcopy that is mailed to the DGO (Refer to Section VII to obtain the mailing address). Paper applications that are submitted without a waiver will be returned to the applicant without review or further consideration. Late applications will not be accepted for processing, will be returned to the applicant and will not be considered for funding.

4. Intergovernmental Review

Executive Order 12372 requiring intergovernmental review is not applicable to this program.

5. Funding Restrictions

- Pre award costs are allowable pending prior approval from the awarding agency. However, in accordance with 45 CFR Part 74 all pre award costs are incurred at the recipient's risk. The awarding office is under no obligation to reimburse such costs if for any reason the applicant does not receive an award or if the award to the recipient is less than anticipated.

- The available funds are inclusive of direct and appropriate indirect costs.

- Only one grant will be awarded per applicant.
- IHS will not acknowledge receipt of applications.

6. Electronic Submission Requirements

Use the <http://www.Grants.gov> Web site to submit an application electronically and select the "Apply for Grants" link on the homepage. Download a copy of the application package, complete it offline, and then upload and submit the application via the Grants.gov Web site. Electronic copies of the application may not be submitted as attachments to e-mail messages addressed to IHS employees or offices.

Applicants that receive a waiver to submit paper application documents must follow the rules and timelines that are noted below. The applicant must seek assistance at least ten days prior to the application deadline.

Applicants that do not adhere to the timelines for Central Contractor Registry (CCR) and/or Grants.gov registration and/or request timely assistance with technical issues will not be considered for a waiver to submit a paper application.

Please be aware of the following:

- Please search for the application package in Grants.gov by entering the CFDA number or the Funding Opportunity Number. Both numbers are located in the header of this announcement.

- Paper applications are not the preferred method for submitting applications. However, if you experience technical challenges while submitting your application electronically, please contact Grants.gov Support directly at: <http://www.Grants.gov/CustomerSupport> or (800) 518-4726. Customer Support is available to address questions 24 hours a day, 7 days a week (except on Federal holidays).

- Upon contacting Grants.gov, obtain a tracking number as proof of contact. The tracking number is helpful if there are technical issues that cannot be resolved and waiver from the agency must be obtained.

- If it is determined that a waiver is needed, you must submit a request in writing (e-mails are acceptable) to Paul.Gettys@ihs.gov with a copy to Tammy.Bagley@ihs.gov. Please include a clear justification for the need to deviate from our standard electronic submission process.

- If the waiver is approved, the application should be sent directly to the DGO by the deadline date of July 23, 2010.

- Applicants are strongly encouraged not to wait until the deadline date to begin the application process through Grants.gov as the registration process for CCR and Grants.gov could take up to ten working days.

- Please use the optional attachment feature in Grants.gov to attach additional documentation that may be requested by the DGO.

- All applicants must comply with any page limitation requirements described in this Funding Announcement.

- After you electronically submit your application, you will receive an automatic acknowledgment from Grants.gov that contains a Grants.gov tracking number. The DGO will download your application from Grants.gov and provide necessary copies to the appropriate agency officials. Neither the DGO nor the Program Official will notify applicants that the application has been received.

E-mail applications will not be accepted under this announcement.

Dun and Bradstreet (D&B) Date Universal Numbering System (DUNS)

Applicants are required to have a DUNS number to apply for a grant or cooperative agreement from the Federal Government. The DUNS number is a unique nine-digit identification number provided by D&B, which uniquely identifies your entity. The DUNS number is site specific; therefore each distinct performance site may be assigned a DUNS number. Obtaining a DUNS number is easy and there is no charge. To obtain a DUNS number, you may access it through the following Web site <http://fedgov.dnb.com/webform> or to expedite the process call (866) 705-5711.

Another important fact is that applicants must also be registered with the CCR and a DUNS number is required before an applicant can complete their CCR registration. Registration with the CCR is free of charge. Applicants may register online at <http://www.ccr.gov>. Additional information regarding the DUNS, CCR, and Grants.gov processes can be found at: <http://www.Grants.gov>.

Applicants may register by calling 1 (866) 606-8220. Please review and complete the CCR Registration worksheet located at <http://www.ccr.gov>.

Continued failure to submit required reports may result in one or both of the following: (1) The imposition of special award provisions; and (2) the non-funding or non-award of other eligible projects or activities. This requirement applies whether the delinquency is attributable to the failure of the grantee organization or the individual responsible for preparation of the reports. The reporting requirements for this program are noted below.

These reports will include a brief comparison of actual accomplishments to the goals established for the period, reasons for unmet accomplishments (if applicable), and other pertinent information as required. Federal Cash Transaction Reports are due every calendar quarter to the Division of Payment Management, Payment Management Branch, Department of Health and Human Services at: <http://www.dpm.gov>. Failure to submit timely reports may cause a disruption in timely payments to your organization.

Grantees are responsible and accountable for accurate reporting of the Progress Reports and Financial Status Reports which are generally due annually. Financial Status Reports (SF-269) are due 90 days after each budget period and the final SF-269 must be verified from the grantee records on how the value was derived. Annual financial status reports must be submitted within 90 days after the end of the budget period. Final financial status reports are due within 90 days of expiration of the budget/project period. BILLING CODE 4165-16-P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Food and Drug Administration

[Docket No. FDA-2006-P-0089 (formerly Docket No. 2006P-0144)]

Determination That DELALUTIN (hydroxyprogesterone caproate) Injection, 125 Milligrams/Milliliter and 250 Milligrams/Milliliter, Was Not Withdrawn From Sale for Reasons of Safety or Effectiveness

AGENCY: Food and Drug Administration, HHS.

ACTION: Notice.

SUMMARY: The Food and Drug Administration (FDA) has determined that DELALUTIN (hydroxyprogesterone caproate) injection, 125 milligrams (mg)/milliliter (mL) and 250 mg/mL, was not withdrawn from sale for reasons of safety or effectiveness. This determination will allow FDA to approve abbreviated new drug applications (ANDAs) for hydroxyprogesterone caproate injection, 125 mg/mL and 250 mg/mL, if all other legal and regulatory requirements are met. However, in considering whether to file an ANDA for hydroxyprogesterone caproate, future applicants are advised that they may not be able to obtain DELALUTIN (hydroxyprogesterone caproate) injection, 125 mg/mL and 250 mg/mL, for bioequivalence testing because the product has not been commercially available for a number of years. An ANDA applicant who is unable to obtain DELALUTIN (hydroxyprogesterone caproate) injection, 125 mg/mL and 250 mg/mL, for bioequivalence testing should contact the Office of Generic Drugs for a determination of what is necessary to show bioavailability and same therapeutic effect.

SUPPLEMENTARY INFORMATION: In 1984, Congress enacted the Drug Price Competition and Patent Term Restoration Act of 1984 (Public Law 98-417) (the 1984 amendments), which authorized the approval of duplicate versions of drug products approved under an ANDA procedure. ANDA applicants must, with certain exceptions, show that the drug for which they are seeking approval contains the same active ingredient in the same strength and dosage form as

the "listed drug," which is a version of the drug that was previously approved. ANDA applicants do not have to repeat the extensive clinical testing otherwise necessary to gain approval of a new drug application (NDA). The only clinical data required in an ANDA are data to show that the drug that is the subject of the ANDA is bioequivalent to the listed drug.

The 1984 amendments include what is now section 505(j)(7) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 355(j)(7)) (the act), which requires FDA to publish a list of all approved drugs. FDA publishes this list as part of the "Approved Drug Products With Therapeutic Equivalence Evaluations," which is generally known as the "Orange Book." Under FDA regulations, drugs are withdrawn from the list if the agency withdraws or suspends approval of the drug's NDA or ANDA for reasons of safety or effectiveness or if FDA determines that the listed drug was withdrawn from sale for reasons of safety or effectiveness (21 CFR 314.162). Under § 314.161(a)(1) (21 CFR 314.161(a)(1)), the agency must determine whether a listed drug was withdrawn from sale for reasons of safety or effectiveness before an ANDA that refers to that listed drug may be approved. FDA may not approve an ANDA that does not refer to a listed drug.

DELALUTIN (hydroxyprogesterone caproate) injection, 125 mg/mL and 250 mg/mL, is the subject of NDA 10-347 and NDA 16-911 held by Bristol-Myers Squibb Company (BMS). According to the latest version of the approved labeling for DELALUTIN (hydroxyprogesterone caproate) injection, DELALUTIN is indicated in non-pregnant women: for the treatment of advanced adenocarcinoma of the uterine corpus (Stage III or IV); in the management of amenorrhea (primary and secondary) and abnormal uterine bleeding due to hormonal imbalance in the absence of organic pathology, such as submucous fibroids or uterine cancer; as a test for endogenous estrogen production ("Medical D and C"); and for the production of secretory endometrium and desquamation.

FDA originally approved NDA 10-347 for DELALUTIN (hydroxyprogesterone caproate) injection based on a finding of safety in 1956. The indications section of the original labeling approved in 1956 states that DELALUTIN appears to be useful in conditions generally responding to progestogens and provided suggested dosing and administration for the following indications: primary and secondary amenorrhea; metropathia hemorrhagica
