¹² Letter from Nikki Poulos, Managing Director and General Counsel, FICC (April 27, 2010).

On March 12, 2008, FICC filed a proposed rule change pursuant to Section 19(b)(1) of the Act and Rule 19b-4 thereunder to introduce central counterparty ("CCP") and guarantee settlement services to its MBS Division.¹³ Currently, FICC acts as the CCP and provides guarantee settlement services for its Government Securities Division members' eligible U.S. Government securities transactions but does not act as the CCP or provide guarantee settlement services for its MBS Division members' eligible mortgage-backed securities transactions.

Pursuant to this Notice and Order, the Commission is extending FICC's temporary registration as a clearing agency in order that FICC may continue to operate as a registered clearing agency and may continue to provide uninterrupted clearing and settlement services to its users. The Commission will consider permanent registration of FICC at a future date after the Commission has acted upon FICC's proposed rule change to introduce CCP and guarantee settlement services to its MBS Division.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-62329; File No. SR-OCC-2010-09]

Self-Regulatory Organizations; The Options Clearing Corporation; Notice of Filing of Proposed Rule Change Relating to Sprott Physical Gold Shares

June 21, 2010.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934,¹ notice is hereby given that on June 7, 2010, The Options Clearing Corporation ("OCC") filed with the Securities and Exchange Commission the proposed rule change as described in Items I, II, and III below, which Items have been prepared primarily by OCC. The Commission is publishing this notice to

solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of the Substance of the Proposed Rule Change

The proposed rule change would add an interpretation following the definition of "fund share" in Article I, Section 1(F)(8), of OCC's By-Laws to clarify that OCC will clear and treat as options on securities any option contract on Sprott Physical Gold Shares that are traded on a securities exchange and will clear and treat as security futures any futures contracts on Sprott Physical Gold Shares.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, OCC included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. OCC has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

The purpose of the proposed rule change is to clarify OCC's treatment of options and security futures on Sprott Physical Gold Shares. To accomplish this purpose, OCC is proposing to amend the interpretation following the definition of "fund share" in Article I, Section 1, of OCC's By-Laws to make clear that OCC will (i) clear and treat as securities options any option contracts on Sprott Physical Gold Shares that are traded on securities exchanges and (ii) clear and treat as security futures any futures contracts on Sprott Physical Gold Shares. The Commission has approved rule filings where OCC amended or added other interpretations with respect to its treatment and clearing of options and security futures on SPDR Gold Shares; iShares®-COMEX Gold Shares and iShares® Silver Shares; ETFs Physical Swiss Gold Shares and ETFs Physical Silver Shares; and ETFs Palladium Shares and ETFs Platinum Shares.²

In its capacity as a "derivatives clearing organization" registered as such with the Commodities Futures Trading Commission ("CFTC"), OCC is filing this proposed rule change for prior approval by the CFTC pursuant to provisions of the Commodity Exchange Act ("CEA") in order to foreclose any potential liability under the CEA based on an argument that the clearing by OCC of such options as securities options, or the clearing of such futures as security futures, constitutes a violation of the CEA. The products for which approval is requested are essentially the same as the options and security futures on SPDR Gold Shares, iShares® COMEX Gold Shares and iShares® Silver Shares that OCC currently clears pursuant to the rule changes referred to above and exemptions issued by the CFTC.³ The underlying Sprott Physical Gold Shares, however, are structured differently from the gold and silver ETFs underlying the currently cleared products.⁴

Sprott Physical Gold Trust is described by the issuer as a closed-end mutual fund trust organized under the laws of the Province of Ontario, Canada. Sprott Physical Gold Shares are redeemable for physical gold on a monthly rather than a daily basis and have redemption terms that are different from the fund shares underlying the contracts that were the subject of the previous filings. In addition, unlike the underlying ETFs referred to in the previous filings, Sprott Physical Gold Shares cannot be created through the deposit of gold in "creation unit" size transactions, and therefore the outstanding number of shares in the trust therefore cannot be increased through such a mechanism. OCC believes that these differences do not have jurisdictional significance for purposes of this filing. OCC believes that this filing raises no new regulatory or policy issues with respect to the options and security futures, notwithstanding the differences between the two products.

OCC states that the proposed interpretation of OCC's By-Laws is consistent with the purposes and
