SUPPLEMENTARY INFORMATION:

Background: The President directed
that the Blue Ribbon Commission on
America's Nuclear Future (the
Commission) be established to conduct
a comprehensive review of policies for
managing the back end of the nuclear
fuel cycle. The Commission will
provide advice and make
recommendations on issues including
alternatives for the storage, processing,
and disposal of civilian and defense
spent nuclear fuel and nuclear waste.

The Commission held its second full
Commission meeting on May 25 and 26,
2010. The Commission is scheduled to
submit a draft report to the Secretary of
Energy by July 2011, and a final report
by January 2012.

Purpose of the Meeting: The meeting
will provide the Commission with a
range of local and regional perspectives
from a wide variety of individuals and
organizations. The tours will afford the
Commissioners an opportunity to see
first-hand a collection of facilities
involved in the treatment, packaging
and storage of used fuel and high-level
wastes.

Tentative Agenda: The meeting is
expected to start at 8 a.m. on July 14
with the Commissioners touring
relevant areas of the Hanford Site.
Presentations to the Commission are
expected to begin at approximately 2
p.m. at the Three Rivers Convention
Center. The Commission will then hear
presentations and statements from
various stakeholder groups, and ask
questions of the presenters, to provide
additional information for Commission
consideration. The meeting on July 15 is
expected to start at 8:30 a.m. with
additional presentations and statements,
move to discussions by the
Commissioners, and conclude with
public statements. The meeting will end
by 1 p.m.

Public Participation: The meeting and
the tour of the relevant areas of the

Hanford Site are open to the public on
a space-available basis. Those wishing
to attend the tour with the
Commissioners must register in advance
at <http://www.hanford.gov>. Registration
is on a “first-come, first-served” basis
and is limited to 80 people. Registration
will open on July 2 at 7 a.m. and close
on July 9 at noon.

Individuals and representatives of
organizations who would like to offer
comments and suggestions may do so at
the end of the meeting on Thursday,
July 15, 2010. Approximately 45
minutes will be reserved for public
comments. Time allotted per speaker
will depend on the number who wish to
speak but will not exceed 5 minutes.
The Designated Federal Officer is
empowered to conduct the meeting in a
fashion that will facilitate the orderly
conduct of business. Those wishing to
speak should register to do so beginning
at 8 a.m. on July 15, 2010 at the Three
Rivers Convention Center.

Those not able to attend the meeting
or have insufficient time to address the
committee are invited to send a written
statement to Timothy A. Frazier, U.S.
Department of Energy, 1000
Independence Avenue, SW.,
Washington, DC 20585, e-mail to
CommissionDFO@nuclear.energy.gov, or
post comments on the Commission Web
site at <http://www.brc.gov>.

Additionally, the meeting will be
available via live Webcast. The link will
be available at <http://www.brc.gov>.

Minutes: The minutes of the meeting
will be available at <http://www.brc.gov>
or by contacting Mr. Frazier. He may be
reached at the postal address or e-mail
address above.
