Barium Chloride From the People's Republic of China: Continuation of Antidumping Duty Order

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

DATES: *Effective Date:* June 28, 2010.

SUMMARY: As a result of the determinations by the Department of

Commerce ("Department") and the International Trade Commission ("ITC") that revocation of the antidumping duty order on barium chloride from the People's Republic of China ("PRC") would likely lead to a continuation or recurrence of dumping and material injury to an industry in the United States, the Department is publishing a notice of continuation of the antidumping duty order.

FOR FURTHER INFORMATION CONTACT: Melissa Blackledge, AD/CVD Operations, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone: (202) 482-3518.

SUPPLEMENTARY INFORMATION: On July 1, 2009, the Department published the notice of initiation of the third sunset review of the antidumping duty order on barium chloride from the PRC pursuant to section 751(c) of the Tariff Act of 1930, as amended ("the Act"). See *Initiation of Five-year ("Sunset") Review*, 74 FR 31412 (July 1, 2009). As a result of its review, the Department determined that revocation of the antidumping duty order on barium chloride from the PRC would likely lead to a continuation or recurrence of dumping and, therefore, notified the ITC of the magnitude of the margins likely to prevail should the order be revoked. See *Barium Chloride From the People's Republic of China: Final Results of Expedited Third Sunset Review of Antidumping Duty Order*, 74 FR 55814 (October 29, 2009).

On May 26, 2010, the ITC determined, pursuant to section 751(c) of the Act, that revocation of the antidumping duty order on barium chloride from the PRC would likely lead to a continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time. See *Barium Chloride From China*, 75 FR 33824 (June 15, 2010), and *Barium Chloride from China* (Inv. No. 731-TA-149 (Third Review), USITC Publication 4157 (June 2010)).

Scope of the Order

The merchandise covered by the order is barium chloride, a chemical compound having the formulas BaCl₂ or BaCl₂·2H₂O, currently classifiable under item number 2827.39.45.00 of the Harmonized Tariff Schedule of the

United States ("HTSUS").¹ Although the HTSUS item number is provided for convenience and for customs purposes, the written description remains dispositive.

Continuation of the Order

As a result of these determinations by the Department and the ITC that revocation of the antidumping duty order would likely lead to a continuation or recurrence of dumping and material injury to an industry in the United States, pursuant to section 751(d)(2) of the Act, the Department hereby orders the continuation of the antidumping order on barium chloride from the PRC. U.S. Customs and Border Protection will continue to collect antidumping duty cash deposits at the rates in effect at the time of entry for all imports of subject merchandise.

The effective date of the continuation of the order will be the date of publication in the **Federal Register** of this notice of continuation. Pursuant to section 751(c)(2) of the Act, the Department intends to initiate the next five-year review of the order not later than 30 days prior to the fifth anniversary of the effective date of continuation.

This five-year (sunset) review and this notice are in accordance with section 751(c) of the Act and published pursuant to section 777(i)(1) of the Act.

Dated: June 17, 2010.

Ronald K. Lorentzen,

Deputy Assistant Secretary for Import Administration.

Floor-Standing, Metal-Top Ironing Tables and Certain Parts Thereof from the People's Republic of China: Continuation of the Antidumping Duty Order

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

EFFECTIVE DATE: June 28, 2010.

¹ The scope reflects the HTSUS item number currently in effect.

SUMMARY: As a result of the determinations by the Department of Commerce (the Department) and the International Trade Commission (the Commission) that revocation of the antidumping duty order on floor-standing, metal-top ironing tables and certain parts thereof (ironing tables) from the People's Republic of China (PRC) would likely lead to a continuation or recurrence of dumping and material injury to an industry in the United States, the Department is publishing a notice of continuation of the antidumping duty order.

FOR FURTHER INFORMATION CONTACT: Michael J. Heaney or Robert James, AD/CVD Operations Office 7, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street & Constitution Avenue, NW, Washington, DC 20230; telephone: (202) 482-4475 or (202) 482-0649, respectively.

SUPPLEMENTARY INFORMATION:

Background

On July 1, 2009, the Department initiated a sunset review of the antidumping duty order on ironing tables from the PRC pursuant to section 751(c) of the Tariff Act of 1930, as amended (the Tariff Act). See *Initiation of Five-Year ("Sunset") Reviews*, 74 FR 31412 (July 1, 2009).

As a result of its review, the Department determined that revocation of the antidumping duty order on ironing tables from the PRC would likely lead to a continuation or recurrence of dumping and, therefore, notified the Commission of the magnitude of the margins likely to prevail should the order be revoked. See *Floor-Standing, Metal-Top Ironing Tables and Certain Parts Thereof from the People's Republic of China: Final Results of Expedited Five-year (Sunset) Review of Antidumping Duty Order*, 74 FR 56794 (November 3, 2009).

On May 21, 2010, the Commission determined, pursuant to section 751(c) of the Tariff Act, that revocation of the antidumping duty order on ironing tables from the PRC would likely lead to a continuation or recurrence of material injury to an industry in the United States within the reasonably foreseeable future. See USITC Publication 4155 (June 2010), and *Ironing Tables and Certain Parts Thereof From China; Determination*, 75 FR 33636 (June 14, 2010).

Scope of the Order

For purposes of this order, the product covered consists of floor-standing, metal-top ironing tables,

assembled or unassembled, complete or incomplete, and certain parts thereof. The subject tables are designed and used principally for the hand ironing or pressing of garments or other articles of fabric. The subject tables have full-height leg assemblies that support the ironing surface at an appropriate (often adjustable) height above the floor. The subject tables are produced in a variety of leg finishes, such as painted, plated, or matte, and they are available with various features, including iron rests, linen racks, and others. The subject ironing tables may be sold with or without a pad and/or cover. All types and configurations of floor-standing, metal-top ironing tables are covered by this review.

Furthermore, this order specifically covers imports of ironing tables, assembled or unassembled, complete or incomplete, and certain parts thereof. For purposes of this order, the term "unassembled" ironing table means a product requiring the attachment of the leg assembly to the top or the attachment of an included feature such as an iron rest or linen rack. The term "complete" ironing table means product sold as a ready-to-use ensemble consisting of the metal-top table and a pad and cover, with or without additional features, e.g., iron rest or linen rack. The term "incomplete" ironing table means product shipped or sold as a "bare board" – i.e., a metal-top table only, without the pad and cover with or without additional features, e.g., iron rest or linen rack. The major parts or components of ironing tables that are intended to be covered by this order under the term "certain parts thereof" consist of the metal top component (with or without assembled supports and slides) and/or the leg components, whether or not attached together as a leg assembly. The order covers separately shipped metal top components and leg components, without regard to whether the respective quantities would yield an exact quantity of assembled ironing tables.

Ironing tables without legs (such as models that mount on walls or over doors) are not floor-standing and are specifically excluded. Additionally, tabletop or countertop models with short legs that do not exceed 12 inches in length (and which may or may not collapse or retract) are specifically excluded.

The subject ironing tables are currently classifiable under Harmonized Tariff Schedule of the United States (HTSUS) subheading 9403.20.0011. The subject metal top and leg components are classified under HTSUS subheading 9403.90.8040. Although the HTSUS

subheadings are provided for convenience and for Customs and Border Protection (CBP) purposes, the Department's written description of the scope remains dispositive.

Continuation of the Order

As a result of these determinations by the Department and the Commission that revocation of the antidumping duty order on ironing tables would likely lead to a continuation or recurrence of dumping and material injury to an industry in the United States, pursuant to section 751(d)(2) of the Tariff Act, the Department hereby orders the continuation of the antidumping order on ironing tables from the PRC. United States Customs and Border Protection will continue to collect antidumping duty cash deposits at the rates in effect at the time of entry for all imports of subject merchandise. The effective date of the continuation of the order will be the date of publication in the **Federal Register** of this notice of continuation.

Pursuant to section 751(c)(2) of the Tariff Act, the Department intends to initiate the next five-year review of the order not later than 30 days prior to the fifth anniversary of the effective date of continuation.

This five-year (sunset) review and this notice are in accordance with section 751(c) of the Tariff Act and published pursuant to section 777(i)(1) of the Tariff Act.

Dated: June 21, 2010.

Paul Piquado,

Acting Deputy Assistant Secretary for Import Administration.
