

Secretary will award prior experience points to an applicant by evaluating the applicant's performance under its expiring Training program grant. Prior experience points, if any, will be added to the application's averaged peer review score to determine the total score for each application. Under section 402A(c)(3) of the HEA, the Secretary is not required to make awards under the Training Program for Federal TRIO Programs in the order of the scores received by the application in the peer review process and adjusted for prior experience.

In accordance with section 437(d)(1) of the General Education Provisions Act (GEPA), 20 U.S.C. 1232(d)(1), for FY 2010, the Secretary will select an application for funding within each specific absolute priority for which a grant is requested in the order of the peer review score received by the application in the peer review process.

Within each specific priority, if there are insufficient funds to fund all applications at the next peer review score, the Secretary adds the prior experience points awarded under 34 CFR 642.32 to the peer review score to determine an adjusted total score for those applications. The Secretary makes awards at the next peer review score to the applicants that have the highest total adjusted score.

In the event a tie score still exists, the Secretary will select for funding the applicant that has the greatest capacity to provide training to eligible participants in all regions of the Nation in order to assure accessibility to the greatest number of prospective training participants, consistent with 34 CFR 642.33.

Waiver of Proposed Rulemaking: Under the Administrative Procedure Act (5 U.S.C. 553) the Department generally offers interested parties the opportunity to comment on proposed requirements. Section 437(d)(1) of GEPA, however, allows the Secretary to exempt from rulemaking requirements, regulations governing the first grant competition under a new or substantially revised program authority. This is the first grant competition for this program under sections 402A and 402G of the HEA and therefore qualifies for this exemption. In order to ensure timely grant awards, the Secretary has decided to forego public comment on the requirements in the *Review and Selection Process* section of this notice, under section 437(d)(1) of GEPA. These requirements will apply to the FY 2010 grant competition only.

VI. Award Administration Information

1. **Award Notices:** If your application is successful, we notify your U.S.

Representative and U.S. Senators and send you a Grant Award Notification (GAN). We may notify you informally, also.

If your application is not evaluated or not selected for funding, we notify you.

2. **Administrative and National Policy Requirements:** We identify administrative and national policy requirements in the application package and reference these and other requirements in the *Applicable Regulations* section of this notice.

We reference the regulations outlining the terms and conditions of an award in the *Applicable Regulations* section of this notice and include these and other specific conditions in the GAN. The GAN also incorporates your approved application as part of your binding commitments under the grant.

3. **Reporting:** At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. If you receive a multi-year award, you must submit an annual performance report that provides the most current performance and financial expenditure information as directed by the Secretary under 34 CFR 75.118. The Secretary may also require more frequent performance reports under 34 CFR 75.720(c). For specific requirements on reporting, please go to <http://www.ed.gov/fund/grant/apply/appforms/appforms.html>.

4. **Performance Measures:** The success of the Training Program is measured by its cost-effectiveness based on the number of TRIO project personnel receiving training each year; the percentage of Training Program participants that, each year, evaluate the training as benefiting them in increasing their qualifications and skills in meeting the needs of disadvantaged students; and the percentage of Training Program participants that, each year, evaluate the trainings as benefiting them in increasing their knowledge and understanding of the Federal TRIO Programs. All grantees will be required to submit an annual performance report documenting their success in training personnel working on TRIO-funded projects, including the average cost per trainee and the trainees' evaluations of the effectiveness of the training provided. The success of the Training Program also is assessed on the quantitative and qualitative outcomes of the training projects based on project evaluation results.
