SUPPLEMENTARY INFORMATION:

Background

The NACMCF was established in March 1988, in response to a recommendation in a 1985 report of the National Academy of Sciences Committee on Food Protection, Subcommittee on Microbiological Criteria, "An Evaluation of the Role of Microbiological Criteria for Foods." The current charter for the NACMCF and other information about the Committee are available for viewing on the NACMCF homepage at http://frwebgate.access.gpo.gov/cgi-bin/leaving.cgi?from=leavingFR.html&log=linklog&to=http://www.fsis.usda.gov/About_Fsis/NACMCF/index.asp.

The Committee provides scientific advice and recommendations to the Secretary of Agriculture and the Secretary of Health and Human Services concerning the development of microbiological criteria by which the safety and wholesomeness of food can be assessed. For example, the Committee assists in the development of criteria for microorganisms that indicate whether food has been processed using good manufacturing practices.

Appointments to the Committee will be made by the Secretary of Agriculture after consultation with the Secretary of Health and Human Services to ensure that recommendations made by the Committee take into account the needs of the diverse groups served by the Department.

Membership shall include, to the extent practicable, individuals with demonstrated ability to represent minorities, women, and persons with disabilities.

Given the complexity of issues, the full Committee expects to meet at least once yearly, and the meetings will be announced in the **Federal Register**. The subcommittees will meet as deemed necessary by the chairperson and will be held as working group meetings in an open public forum. Intermittently, subcommittees may also meet through computer-based conferencing (net meetings). Subcommittees may invite technical experts to present information for consideration by the subcommittee. The subcommittee meetings will not be announced in the **Federal Register**. FSIS will announce the agenda and subcommittee working group meetings through the Constituent Update, available on-line at http://www.fsis.usda.gov/news_&_events/Constituent_Update/index.asp.

NACMCF holds subcommittee working group meetings in order to accomplish the work of NACMCF; all work accomplished by the subcommittees is reviewed and

approved by the full Committee during a public meeting of the full Committee, as announced in the **Federal Register**. All data and records available to the full Committee are expected to be available to the public at the time the full Committee reviews and approves the work of the subcommittee.

Appointment to the Advisory Committee is for a two-year term, renewable for up to two consecutive terms. Members are expected to attend all meetings in person, as this is necessary for the functioning of this advisory committee. However, the Advisory Committee realizes that unexpected events or extenuating circumstances (e.g., a personal or family emergency) may result in a member's inability to attend a meeting in-person and that attendance through teleconferencing may be necessary. Because attendance through teleconferencing has been a less than optimal means to contribute to the work of the committee, members should make efforts to attend all meetings to the extent that this is possible.

Members must be prepared to work outside of scheduled Committee and subcommittee meetings and may be required to assist in document preparation. Committee members serve on a voluntary basis; however, travel reimbursement and per diem reimbursement are available.

Regarding Nominees Who Are Selected

All SGE and Federal government employee nominees who are selected must complete the Office of Government Ethics (OGE) 450 Confidential Financial Disclosure Report before rendering any advice or prior to their first meeting. All members will be reviewed for conflict of interest pursuant to 18 U.S.C. 208 in relation to specific NACMCF work charges. Financial disclosure updates will be required annually. Members must report any changes in financial holdings requiring additional disclosure. OGE 450 forms are available on-line at: http://www.usoge.gov/forms/form_450.aspx.

Additional Public Notification

Public awareness of all segments of rulemaking and policy development is important. Consequently, in an effort to ensure that minorities, women, and persons with disabilities are aware of this notice, FSIS will announce it online through the FSIS Web page located at http://www.fsis.usda.gov/regulations_&_policies/2010_Notices_Index/index.asp.

FSIS will also make copies of this **Federal Register** publication available through the FSIS Constituent Update,

which is used to provide information regarding FSIS policies, procedures, regulations, **Federal Register** notices, FSIS public meetings, and other types of information that could affect or would be of interest to constituents and stakeholders. The Update is communicated via Listserv, a free electronic mail subscription service for industry, trade groups, consumer interest groups, health professionals, and other individuals who have asked to be included. The Update is also available on the FSIS Web page. Through the Listserv and Web page, FSIS is able to provide information to a much broader and more diverse audience. In addition, FSIS offers an electronic mail subscription service which provides automatic and customized access to selected food safety news and information. This service is available at http://www.fsis.usda.gov/news_and_events/email_subscription/. Options range from recalls to export information to regulations, directives and notices. Customers can add or delete subscriptions themselves, and have the option to password protect their accounts.

Done at Washington, DC, on June 24, 2010.

Alfred V. Almanza,
Administrator.

SUPPLEMENTARY INFORMATION:

Background

- On March 11, 2010, President Obama issued Executive Order 13534 to enhance and coordinate Federal efforts to facilitate the creation of jobs in the United States through the promotion of exports, and to ensure the effective use of Federal resources in support of these goals. The Executive Order can be found

online at <http://www.whitehouse.gov/the-press-office/executive-order-national-export-initiative>. The Executive Order instructs the Export Promotion Cabinet, through the TPCC, to provide a report to the President within 180 days on a comprehensive plan to carry out the goals of the NEI.

- The TPCC, established by the Export Enhancement Act of 1992 (Pub. L. 102-429), is an interagency committee that coordinates the development of U.S. Government trade promotion policies and programs. The TPCC is composed of representatives from 20 Federal agencies. The Secretary of Commerce chairs the TPCC. Other agencies and offices represented are the Export-Import Bank, the Overseas Private Investment Corporation, the U.S. Trade and Development Agency, the Small Business Administration, the Departments of Agriculture, State, Defense, Energy, Homeland Security, Interior, Labor, Transportation and the Treasury, the Office of the U.S. Trade Representative, the U.S. Agency for International Development, the U.S. Environmental Protection Agency, the Office of Management and Budget, the National Security Council, the National Economic Council, and the Council of Economic Advisors.

- The NEI is President Obama's initiative to improve conditions that directly affect the private sector's ability to export. The NEI will help meet the Administration's goal of doubling exports over the next 5 years by working to remove trade barriers, by helping firms—especially small businesses—overcome the hurdles to entering new export markets, by assisting with financing, and in general by pursuing a government-wide approach to export advocacy abroad, among other steps.

General information concerning the NEI and government programs that help U.S. businesses export is available at <http://www.export.gov>.

Public Comments

The TPCC is seeking information from exporters, other private businesses, trade associations, academia, labor organizations, non-governmental organizations, and other interested parties regarding:

- (1) Identification of Federal government programs or regulations that impede the ability of U.S. companies to export;
- (2) Effective foreign trade promotion programs and activities that could inform U.S. Federal government program development;
- (3) Identification of the most (or least) effective Federal government programs that support U.S. exports, including
