Federal Acquisition Regulation; FAR Case 2008-023, Clarification of Criteria for Sole Source Awards to Service-Disabled Veteran-Owned Small Business Concerns

AGENCIES: Department of Defense (DoD), General Services Administration (GSA), and National Aeronautics and Space Administration (NASA).

ACTION: Final rule.

SUMMARY: The Civilian Agency Acquisition Council and the Defense Acquisition Regulations Council (Councils) are issuing a final rule to amend the Federal Acquisition Regulation (FAR) to clarify the criteria that need to be met in order to conduct a sole source Service-disabled Veteran-owned Small Business (SDVOSB) concern acquisition.

DATES: *Effective Date:* August 2, 2010

SUPPLEMENTARY INFORMATION:

A. Background

The Councils published a proposed rule in the **Federal Register** at 74 FR 23373 on May 19, 2009, to revise the language in FAR 19.1406(a)(1) to clarify the criteria that need to be met in order to conduct a sole source SDVOSB concern acquisition. The final rule contains language that more closely mirrors the Veterans Benefit Act of 2003 (15 U.S.C. 657f). The final rule revises the language in FAR 19.1306(a)(1), which deals with sole source awards to Historically Underutilized Business Zone (HUBZone) small business concerns based on 15 U.S.C. 657a(b), to match the language in FAR 19.1406(a)(1) to alleviate confusion on the appropriate use of the criteria needed to conduct a sole source SDVOSB concern acquisition.

The public comment period for the FAR proposed rule closed July 20, 2009. Eight respondents submitted comments to the proposed rule. A discussion of the comments and the changes made to the rule as a result of those comments is provided below. Three respondents concurred with the proposed changes to clarify the criteria that needed to be met in order to conduct a sole source SDVOSB concern acquisition.

1. *Comment: Increase knowledge of the marketplace and SDVOSB advocacy.* One respondent expressed concern that the contracting officer does not have sufficient knowledge of the marketplace to make a sole-source determination without the advice of the U.S. Department of Veterans Affairs, the Small Business Administration (SBA), or other entities that advocate for the veteran community. The respondent further added that the regulatory language needs to mandate that the contracting officer exercise a higher level of advocacy for service-disabled veteran-owned firms to ensure these firms receive greater representation in the procurement process.

Response: The purpose of this regulatory change is to clarify the circumstances under which a contracting officer may award a sole-source contract to a small business concern owned and controlled by a service-disabled veteran. This case does not address market research or advocacy; therefore the respondent's comments are considered outside the scope of this case.

2. *Comment: Correction to FAR 19.1306(a)(2).* One respondent requested an additional review be conducted regarding FAR 19.1306(a)(2), because paragraph (c) does not exist.

Response: The reference to paragraph (c) is deleted.

3. *Comment: Revise the language in FAR 19.1306(a) and 19.1406(a).* Two respondents recommended revising paragraph (a) of FAR 19.1406 Sole Source Awards to Service-disabled Veterans-owned Small Business concerns to match the language in paragraph (a) of FAR 19.1306 by adding the language: "(a) A participating agency contracting office may award contracts to a service-disabled Veteran-owned small business concern on a sole source basis without considering small business set-asides provided-".

Response: FAR 19.1406(a) has been revised to be consistent with FAR 19.1306(a).

4. *Comment: Revise the SDVOSB language to mirror the 8(a) language.* One respondent recommended that the language in the FAR for SDVOSB sole

source criteria mirror the language of the 8(a) criteria.

Response: The SDVOSB program and the 8(a) Business Development Program were established under two separate statutes with different sole-source award requirements. The statute for the SDVOSB program does not require the FAR language to be similar to the FAR language for the 8(a) Business Development Program.

5. *Comment: Raise the prescribed \$3 million threshold to \$3.5 million.* One respondent recommended that the dollar limit for the sole source awards to a Service-disabled Veteran-owned small business be raised to \$3.5 million from the prescribed \$3 million to be consistent with the dollar limits for non-manufacturing 8(a) awards.

Response: Threshold changes are based on statute. Federal Acquisition Circular 2005-013, FAR Case 2004-033, published in the **Federal Register** at 71 FR 57363 on September 28, 2006, was based on a statutory requirement, raising thresholds in the FAR due to inflation. The escalation calculation for the inflationary threshold for sole source awards to Service-disabled Veteran-owned small businesses was not eligible for an inflationary increase (see <http://acquisition.gov/far/facsframe.html>). However, FAR Case 2008-024 is the case handling the next round of inflationary increases, and when that case is published as a final rule, the threshold may be raised; the Councils note that the inflation calculation is different for SDVOSB than for 8(a) and HUBZone because these statutes were enacted at different times.

This rule is a significant regulatory action and, therefore, was subject to review under Section 6(b) of Executive Order 12866, Regulatory Planning and Review, dated September 30, 1993. This rule is not a major rule under 5 U.S.C. 804.

B. Regulatory Flexibility Act

The Department of Defense, the General Services Administration, and the National Aeronautics and Space Administration certify that this final rule will not have a significant economic impact on a substantial number of small entities within the meaning of the Regulatory Flexibility Act, 5 U.S.C. 601, *et seq.*, because this rule clarifies the intent of the existing language and is not a change in policy. The Councils did not receive any comments on the Regulatory Flexibility Act or a perceived burden on small business.

C. Paperwork Reduction Act

The Paperwork Reduction Act does not apply because the changes to the FAR do not impose information collection requirements that require the approval of the Office of Management and Budget under 44 U.S.C. chapter 35, *et seq.*
