For the actual revisions and/or
amendments made by these FAR cases,

subject set forth in the documents
following these item summaries.

FAC 2005-43 amends the FAR as
specified below:

**Item I—Government Property (FAR
Case 2008-011)**

This final rule amends the FAR to
revise FAR part 45 and its associated
clauses. Changes are being made to FAR
parts 2, 4, 15, 32, 42, 45, and 52. These
changes are to clarify and correct the
previous FAR rule for part 45,
Government Property, published under
Federal Acquisition Circular 2005-17,
FAR case 2004-025, May 15, 2007, (72
FR 27364). Minor changes are made to
the proposed rule published August 6,
2009 (74 FR 39262).

The rule specifically impacts
contracting officers, property
administrators, and contractors
responsible for the management of
Government property. The rule does not
affect the method of managing
Government property. The rule merely
clarifies and corrects the previous FAR
rule.

**Item II—Registry of Disaster Response
Contractors (FAR Case 2008-035)**

This final rule adopts, without
change, the interim rule implementing
Public Law 109-295, the Department of

Homeland Security Appropriations Act,
2007, section 697, which requires the
establishment and maintenance of a
registry of disaster response contractors.
The Disaster Response Registry is
located at <http://www.ccr.gov>. The
Federal Emergency Management Agency
(within the Department of Homeland
Security) has a link to the registry for
vendors on its Web site at [http://
www.fema.gov/business/
contractor.shtm](http://www.fema.gov/business/
contractor.shtm). The Registry covers
domestic disaster and emergency relief
activities.

**Item III—Recovery Act Subcontract
Reporting Procedures (FAR Case 2010-
008) (Interim)**

This interim rule amends the FAR to
revise the clause at FAR 52.204-11,
American Recovery and Reinvestment
Act—Reporting Requirements. The
revised clause will require first-tier
subcontractors with Recovery Act
funded awards of \$25,000 or more, to
report jobs information to the prime
contractor for reporting into
FederalReporting.gov. It also will
require the prime contractor to submit
its first report on or before the 10th day
after the end of the calendar quarter in
which the prime contractor received the
award, and quarterly thereafter.

The revised clause will be used for all
new solicitations and awards issued on
or after the effective date of this interim
rule. This clause is not required for any
existing contracts, or task and delivery
orders issued under a contract, that

contain the original clause FAR 52.204-
11 (March 2009). Therefore, this interim
rule does not require renegotiation of
existing Recovery Act contracts that
include the clause dated March 2009.

**Item IV—Clarification of Criteria for
Sole Source Awards to Service-
Disabled Veteran-Owned Small
Business Concerns (FAR Case 2008-
023)**

This final rule amends FAR
19.1406(a) to clarify the criteria that
need to be met in order to conduct a
sole source service-disabled veteran-
owned small business (SDVOSB)
concern acquisition. The FAR language
is amended to be consistent with the
Veterans Benefit Act of 2003 (15 U.S.C.
657f) and the Small Business
Administration's regulation (13 CFR
125.20) that implements the Act. This
final rule also amends FAR 19.1306(a)
to clarify the criteria that need to be met
in order to conduct a sole source for
Historically Underutilized Business
Zone (HUBZone) small business
concern acquisitions. These
amendments to the FAR alleviate
confusion for contracting officers on the
appropriate use of the criteria needed to
conduct sole source HUBZONE small
business and SDVOSB concern
acquisitions.

**Item V—Trade Agreements Thresholds
(FAR Case 2009-040) (Interim)**

This interim rule adjusts the
thresholds for application of the World

Trade Organization Government Procurement Agreement and the free trade agreements as determined by the United States Trade Representative, according to a pre-determined formula under the agreements.

SUPPLEMENTARY INFORMATION:

A. Background

DoD, GSA, and NASA published a proposed rule in the **Federal Register** at 74 FR 39262, August 6, 2009. This rule clarifies and corrects the previous FAR rule for part 45, Government Property, published under FAC 2005–17, FAR Case 2004–025, May 15, 2007 (72 FR 27364).

Sixteen respondents submitted 106 comments. The comments received were grouped under 31 general topics. A discussion of the comments and the changes to the rule as a result of these comments are provided below:

1. Access

There is no revision to the proposed rule based on this category of comment. One respondent recommended revising FAR 52.245–1(g)(4) to provide Government access to contractor site locations at reasonable times. The Councils did not agree. Similar language is already contained in the proposed rule at FAR 52.245–1(g)(1). The proposed FAR language at 52.245–1(g)(1) provides for Government access to all contractor site locations, prime and subcontractor (with prime contractor consent). This language was merely consolidated. The language consolidated and relocated subsections 52.245–1(g)(1) and 52.245–1(g)(4) into one subsection.

2. Closeout

There is no revision to the proposed rule based on this comment category. One respondent suggested adding a new paragraph after FAR 52.245–1(f)(x) entitled Disposition of contractor inventory. The Councils noted the issue raised by the commenter. The recommendations are outside the scope of this particular case.

3. Commingling

There is no revision to the proposed rule based on this comment category. Two respondents suggested that commingling Government and

contractor material should not occur. One respondent questioned whether equipment can be commingled by being located with similar equipment. Another respondent recommended revising FAR 52.245–1(f)(1)(viii)(B) to address commingling while in storage or in stockrooms. The Councils do not agree. The practice of commingling only applies to material. Equipment, special tooling, and special test equipment can be co-located, but by their nature are not commingled. The Councils see no need to limit the applicability of commingling to a particular location(s).

4. Contractor Records

There is no revision to the proposed rule based on this comment category. Two respondents submitted three comments on contractor records. Two comments requested clarification on retention periods in FAR 4.705–3(h). In addition, one commenter requested clarification of the term “property records” in FAR 4.705–3(h). Another respondent recommended removal of language “consisting of equipment usage and status reports” from FAR 4.705–3(c). The Councils disagree. The beginning of the retention period is defined in FAR 4.704(a). The definition of property records is in the proposed rule at FAR 45.101. The recommendation for removal of language from FAR 4.705–3(c) is outside the scope of this particular case and will be considered in the formulation of a new case.

5. Corrective Action

There is a revision to the proposed rule at FAR 52.245–1(g)(3) based on this comment category.

Two respondents recommended revising the action required for corrective action. One respondent recommended additional language to distinguish between the lines of authority and responsibility as follows: “ * * * the contractor shall immediately take all necessary corrective actions and shall prepare a corrective action plan at the request of the Property Administrator.” The Councils partially agree. The language at FAR 52.245–1(g)(3) is revised to add “ * * * the contractor shall prepare a corrective action plan when requested by the Property Administrator and take all necessary corrective actions as specified by the schedule within the corrective action plan.” The second respondent suggested that there needs to be a better audit protocol and due process in property management practices. The Councils noted the issues raised by this respondent and the respondent’s recommended revisions to FAR 52.245–1(g)(3). These revisions are outside the
