

SUPPLEMENTARY INFORMATION: On May 7, 2010, EPA published a notice that the Commonwealth of Massachusetts had petitioned the Regional Administrator, Environmental Protection Agency, to determine that adequate facilities for the safe and sanitary removal and treatment of sewage from all vessels are reasonably available for the waters of Pleasant Bay/Chatham Harbor. Three comments were received on this petition. The response to comments can be obtained utilizing the above contact information.

The petition was filed pursuant to Section 312 (f) (3) of Public Law 92–500, as amended by Public Laws 95–217 and 100–4, for the purpose of declaring these waters a No Discharge Area (NDA).

Section 312 (f) (3) states: After the effective date of the initial standards and regulations promulgated under this section, if any State determines that the protection and enhancement of the quality of some or all of the waters within such State require greater environmental protection, such State

may completely prohibit the discharge from all vessels of any sewage, whether treated or not, into such waters, except that no such prohibition shall apply until the Administrator determines that adequate facilities for the safe and sanitary removal and treatment of sewage from all vessels are reasonably available for such water to which such prohibition would apply.

This Notice of Determination is for the waters of Pleasant Bay/Chatham Harbor. The NDA boundaries are as follows:

Waterbody/General area	From latitude	From longitude	To latitude	To longitude
Bounded on the west by mainland Chatham, Harwich, Brewster and Orleans; bounded on the east by Nauset Beach (North Beach) and North Beach Island. A line drawn cross the mouth of the North inlet across from Minister's Point.	41°42'19.43" N.	69°55'44.76" W.	41°42'13.31" N.	69°55'45.11" W.
From West of a line across the mouth of the South Inlet:	41°40'41.51" N.	69°56'3.47" W.	41°39'56.52" N.	69°56'30.48" W.

The area includes the municipal waters of Chatham, Harwich, Brewster and Orleans.

The information submitted to EPA by the Commonwealth of Massachusetts certifies that there are three pumpout facilities located within this area. A list of the facilities, with locations, phone numbers, and hours of operation is

appended at the end of this determination.

Based on the examination of the petition and its supporting documentation, and information from site visits conducted by EPA New England staff, EPA has determined that adequate facilities for the safe and sanitary removal and treatment of

sewage from all vessels are reasonably available for the area covered under this determination.

This determination is made pursuant to Section 312 (f) (3) of Public Law 92–500, as amended by Public laws 95–217 and 100–4.

Environmental Impact Statements; Notice of Availability

Responsible Agency: Office of Federal Activities, General Information (202) 564–1399 or <http://www.epa.gov/compliance/nepa/>. Weekly receipt of Environmental Impact Statements. Filed 06/21/2010 through 06/25/210. Pursuant to 40 CFR 1506.9.

Notice

In accordance with Section 309(a) of the Clean Air Act, EPA is required to make its comments on EISs issued by other Federal agencies public. Historically, EPA has met this mandate by publishing weekly notices of availability of EPA comments, which includes a brief summary of EPA's comment letters, in the **Federal Register**. Since February 2008, EPA has been including its comment letters on EISs on its Web site at: <http://www.epa.gov/compliance/nepa/eisdata.html>. Including the entire EIS comment letters on the Web site satisfies the Section 309(a) requirement to make EPA's comments on EISs available to the public. Accordingly, on March 31, 2010, EPA discontinued the

publication of the notice of availability of EPA comments in the **Federal Register**.
