Rule 3055.3 provides the Postal Service an opportunity to request that a product, or component of a product, be excluded from service performance measurement reporting upon demonstration that: (1) The cost of implementing a measurement system would be prohibitive in relation to the revenue generated by the product, or component of a product; (2) the product, or component of a product, defies meaningful measurement; or (3) the product, or component of a product, is in the form of a negotiated service

Pacific Halibut Fisheries; Limited Access for Guided Sport Charter Vessels in Alaska

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Proposed rule; request for comments.

SUMMARY: NMFS proposes regulations that would amend the limited access program for charter vessels in the guided sport fishery for Pacific halibut in the waters of International Pacific Halibut Commission Regulatory Area 2C (Southeast Alaska) and Area 3A (Central Gulf of Alaska). This action is necessary to achieve the halibut fishery management goals of the North Pacific Fishery Management Council.
