

minimize, to the greatest extent possible, any advantage for one customer versus another.

The Exchange also has represented that co-location services are generally available to all qualified market participants who desire them. With the exception of customers participating in the Cabinet Proximity Option program, the Exchange allocates cabinets and power on a first-come/first-serve basis. Should available cabinet inventory shrink to 40 cabinets or less, the Exchange will limit new cabinet orders to a maximum of 4 cabinets each, and all new cabinets will be limited to a maximum power level of 5kW. Should available cabinet inventory shrink to zero, the Exchange will place firms seeking services on a waiting list based on that date the Exchange receives signed orders for the services from the firm. In order to be placed on the waiting list, a firm must have utilized all existing cabinets they already have in the datacenter. Once on the list, the firms, on a rolling basis, will be allocated a single 5kW cabinet each time one becomes available. After receiving a cabinet, the firm will move to the bottom of the waiting list.

III. Discussion and Commission's Findings

After careful review, the Commission finds that the proposed rule change is consistent with the requirements of the Act and the rules and regulations thereunder applicable to a national securities exchange.⁷ In particular, the Commission finds that the proposed rule change is consistent with Section 6(b)(4) of the Act,⁸ which requires that the rules of a national securities exchange provide for the equitable allocation of reasonable dues, fees and other charges among its members and issuers and other persons using its facilities, and with Section 6(b)(5) of the Act,⁹ which requires, among other things, that the rules of a national securities exchange be designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system and, in general, to protect investors and the public interest, and not be designed to permit unfair discrimination between customers, issuers, brokers, or dealers.

The Commission believes that the proposed co-location fees are reasonable

and equitably allocated insofar as they are applied on the same terms to similarly-situated market participants. The Commission notes that charges may vary depending on the use of cabinet space and/or power usage. In addition, the Commission believes that the co-location services described in the proposed rule change are not unfairly discriminatory because: (1) Co-location services are offered to all interested market participants who request them and pay the appropriate fees; (2) as represented by NASDAQ, the Exchange has architected its systems so as to, as much as possible, reduce or eliminate differences among users of its systems, whether co-located or not; and (3) the Exchange has stated that it has sufficient space to accommodate new co-locaters and has set forth in the proposed rule change objective procedures to allocate space should it become limited in the future.

IV. Conclusion

It is therefore ordered, pursuant to Section 19(b)(2) of the Act,¹⁰ that the proposed rule change (SR-NASDAQ-2010-019) be, and hereby is, approved.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.¹¹

Florence E. Harmon,
Deputy Secretary.

BILLING CODE 8011-01-P

SOCIAL SECURITY ADMINISTRATION

[Docket No. SSA-2010-0037]

Future Systems Technology Advisory Panel Meeting

AGENCY: Social Security Administration (SSA).

ACTION: Notice of Eighth Panel Meeting.

DATES: August 3, 2010, 10 a.m.–5 p.m.

Location: Park Hyatt Washington DC, Hyde Park Room.

ADDRESSES: 24 & M Streets, NW., Washington, DC 20037.

SUPPLEMENTARY INFORMATION: *Type of meeting:* The meeting is open to the public.

Purpose: The Panel, under the Federal Advisory Committee Act of 1972, as amended, (hereinafter referred to as “the FACA”) shall report to and provide the Commissioner of Social Security independent advice and recommendations on the future of systems technology and electronic

services at the agency five to ten years into the future. The Panel will recommend a road map to aid SSA in determining what future systems technologies may be developed to assist in carrying out its statutory mission. Advice and recommendations can relate to SSA's systems in the area of Internet application, customer service, or any other arena that would improve SSA's ability to serve the American people.

Agenda: The Panel will meet on Tuesday, August 3, 2010 from 10 a.m. until 5 p.m. The agenda will be available on the Internet at <http://www.ssa.gov/fstap/index.htm> or available by e-mail or fax on request, one week prior to the starting date.

During the eighth meeting, the Panel may have experts address items of interest and other relevant topics to the Panel. This additional information will further the Panel's deliberations and the effort of the Panel subcommittees.

Public comments will be heard on Tuesday, August 3, 2010, from 4:30 p.m. until 5 p.m. Individuals interested in providing comments in person should contact the Panel staff as outlined below to schedule a time slot. Members of the public must schedule a time slot in order to comment. In the event public comments do not take the entire scheduled time period, the Panel may use that time to deliberate or conduct other Panel business. Each individual providing public comment will be acknowledged by the Chair in the order in which they are scheduled to testify. Individuals providing public comment are limited to a maximum five-minute, verbal presentation. In lieu of public comments provided in person, individuals may provide written comments to the panel for their review and consideration. Comments in written or oral form are for informational purposes only for the Panel. Public comments will not be specifically addressed or receive a written response by the Panel.

For individuals that are hearing impaired and in need of sign language services please contact the Panel staff as outlined below at least 10 business days prior to the meeting so that timely arrangements can be made to provide this service.

Contact Information: Records are kept of all proceedings and will be available for public inspection by appointment at the Panel office. Anyone requiring information regarding the Panel should contact the staff by:

Mail addressed to SSA, Future Systems Technology Advisory Panel, Room 800, Altmeyer Building, 6401 Security Boulevard, Baltimore, MD 21235-0001; Telephone at 410-965-

⁷ In approving this proposal, the Commission has considered the proposed rule's impact on efficiency, competition, and capital formation. See 15 U.S.C. 78c(f).

⁸ 15 U.S.C. 78f(b)(4).

⁹ 15 U.S.C. 78f(b)(5).

BILLING CODE 4191-02-P

DEPARTMENT OF TRANSPORTATION

Federal Railroad Administration

[Docket No. FRA-2010-0005-N-15]

Notice and Request for Comments

AGENCY: Federal Railroad Administration, DOT.

ACTION: Notice and request for comments.

SUMMARY: In compliance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), this notice announces that the Information Collection Requirements (ICRs) abstracted below have been forwarded to the Office of Management and Budget (OMB) for review and comment. The ICRs describe the nature of the information collections and their expected burdens. The **Federal Register** notice with a 60-day comment period soliciting comments on the following collections of information was published on April 21, 2010 (75 FR 20875).

DATES: Comments must be submitted on or before August 5, 2010.

FOR FURTHER INFORMATION CONTACT: Mr. Robert Brogan, Office of Safety, Planning and Evaluation Division, RRS-21, Federal Railroad Administration, 1200 New Jersey Ave., SE., Mail Stop 17, Washington, DC 20590 (telephone: (202) 493-6292), or Ms. Kimberly Toone, Office of Information Technology, RAD-20, Federal Railroad Administration, 1200 New Jersey Ave., SE., Mail Stop 35, Washington, DC 20590 (telephone: (202) 493-6132). (These telephone numbers are not toll-free.)

SUPPLEMENTARY INFORMATION: The Paperwork Reduction Act of 1995 (PRA), Public Law 104-13, Section 2, 109 Stat. 163 (1995) (codified as revised at 44 U.S.C. 3501-3520), and its implementing regulations, 5 CFR part 1320, require Federal agencies to issue two notices seeking public comment on information collection activities before OMB may approve paperwork packages. 44 U.S.C. 3506, 3507; 5 CFR 1320.5, 1320.8(d)(1), 1320.12. On April 21, 2010, FRA published a 60-day notice in the **Federal Register** soliciting comment

on ICRs that the agency was seeking OMB approval. 75 FR 20875. FRA received no comments after issuing this 60-day notice. Accordingly, DOT announces that these information collection activities have been re-evaluated and certified under 5 CFR 1320.5(a) and forwarded to OMB for review and approval pursuant to 5 CFR 1320.12(c).

Before OMB decides whether to approve these proposed collections of information, it must provide 30 days for public comment. 44 U.S.C. 3507(b); 5 CFR 1320.12(d). Federal law requires OMB to approve or disapprove paperwork packages between 30 and 60 days after the 30 day notice is published. 44 U.S.C. 3507 (b)-(c); 5 CFR 1320.12(d); *see also* 60 FR 44978, 44983, Aug. 29, 1995. OMB believes that the 30 day notice informs the regulated community to file relevant comments and affords the agency adequate time to digest public comments before it renders a decision. 60 FR 44983, Aug. 29, 1995. Therefore, respondents should submit their respective comments to OMB within 30 days of publication to best ensure having their full effect. 5 CFR 1320.12(c); *see also* 60 FR 44983, Aug. 29, 1995.

The summaries below describe the nature of the information collection requirements (ICRs) and the expected burden. The revised requirements are being submitted for clearance by OMB as required by the PRA.

Title: Filing of Dedicated Cars.

OMB Control Number: 2130-0502.

Type of Request: Extension without change of a currently approved collection.

Affected Public: Railroads.

Abstract: Title 49, part 215 of the Code of Federal Regulations, prescribes certain conditions to be followed for the movement of freight cars that are not in compliance with this part. Dedicated service means the exclusive assignment of railroad cars to the transportation of freight between specified points under the following conditions: (1) The cars are operated primarily on track that is inside an industrial or other non-railroad installation; and only occasionally over track of a railroad; (2) The cars are not operated at speeds of more than 15 miles per hour; and over track of a railroad—(A) for more than 30 miles in one direction; or (B) on a round trip for more than 60 miles; (3) The cars are not freely interchanged among railroads; (4) The words “Dedicated Service” are stenciled, or otherwise displayed, in clear legible letters on each side of the car body; and (5) The cars have been examined and found safe to operate in dedicated service. These

cars must be identified in a written report to FRA before they are assigned to dedicated service, and these reports must be filed with FRA 30 days before the cars operate in dedicated service. FRA uses the information collected under § 215.5(d) to determine the number of railroads affected, the number and type of cars involved, the commodities being carried, and the territorial and speed limits within which the cars will be operated. FRA reviews these reports to determine if the equipment is safe to operate and if the operation qualifies for dedicated service. The information collected indicates to FRA inspectors that the particular or “dedicated” car is in special service and that certain exceptions have been provided for regarding the application of this regulation spelled out in § 215.3. Cars not in compliance with § 215.5(d) will be cited for violations by FRA inspectors. The information collected is also used by railroads to provide identification and control so that dedicated cars remain in the prescribed service.

Form Number(s): N/A.

Annual Estimated Burden Hours: 4 hours.

Title: Hours of Service Regulations.

OMB Control Number: 2130-0005.

Type of Request: Extension without change of a currently approved collection.

Affected Public: Railroads.

Abstract: The collection of information is due to the railroad hours of service regulations set forth in 49 CFR part 228 which require railroads to collect the hours of duty for covered employees, and records of train movements. Railroads whose employees have exceeded maximum duty limitations must report the circumstances. Also, a railroad that has developed plans for construction or reconstruction of sleeping quarters (subpart C of 49 CFR part 228) must obtain approval of the Federal Railroad Administration (FRA) by filing a petition conforming to the requirements of Sections 228.101, 228.103, and 228.105.

Form Number(s): FRA F 6180.3.

Annual Estimated Burden Hours: 3,707,346 hours.

ADDRESSES: Send comments regarding these information collections to the Office of Information and Regulatory Affairs, Office of Management and Budget, 725 Seventeenth Street, NW., Washington, DC, 20503, Attention: FRA Desk Officer. Alternatively, comments may be sent via e-mail to the Office of Information and Regulatory Affairs
