## NUCLEAR REGULATORY COMMISSION

[Docket No. NRC-2010-0237]

### Agency Information Collection Activities: Submission for the Office of Management and Budget (OMB) Review; Comment Request

**AGENCY:** U.S. Nuclear Regulatory Commission (NRC).

**ACTION:** Notice of the OMB review of information collection and solicitation of public comment.

**SUMMARY:** The NRC has recently submitted to OMB for review the following proposal for the collection of information under the provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35). The NRC hereby informs potential respondents that an agency may not conduct or sponsor, and that a person is not required to respond to, a collection of information unless it

displays a currently valid OMB control number. The NRC published a **Federal Register** Notice with a 60-day comment period on this information collection on April 2, 2010.

1. *Type of submission, new, revision, or extension:* Extension Renewal with Burden Adjustment.

2. *The title of the information collection:* NRC Forms 366, 366A, 366B, "Licensee Event Report".

3. *Current OMB approval number:* 3150-0104.

4. *The form number if applicable:* NRC Forms 366, 366A, and 366B.

5. *How often the collection is required:* On occasion, as defined reactor events are reportable as they occur.

6. *Who will be required or asked to report:* Holders of operating licenses for commercial nuclear power plants.

7. *An estimate of the number of annual responses:* An estimated 400 responses per year based on historical averages.

8. *The estimated number of annual respondents:* 104.

9. *An estimate of the total number of hours needed annually to complete the requirement or request:* 32,000 (25,600 reporting + 6,400 recordkeeping). This is estimated to be 80 hours for each of 400 reports annually.

10. *Abstract:* With NRC Forms 366, 366A, and 366B, the NRC collects reports of the types of reactor events and problems that are believed to be significant and useful to the NRC in its efforts to identify and resolve possible threats to the public health and safety, or to the environment. The information reported on NRC Forms 366, 366A, and 366B is used by the NRC to confirm licensing bases, study potentially generic safety problems, assess trends and patterns of operating experience, monitor performance, identify precursors of more significant events, and provide operating experience feedback to the industry. These forms are designed to provide the information necessary for engineering studies of operational anomalies and trends and patterns analysis of abnormal occurrences. The same information is used for other analytic procedures that aid in identifying accident precursors.

## NUCLEAR REGULATORY COMMISSION

[NRC-2010-0234]

### Agency Information Collection Activities: Proposed Collection; Comment Request

**AGENCY:** U.S. Nuclear Regulatory Commission (NRC).

**ACTION:** Notice of pending NRC action to submit an information collection request to the Office of Management and Budget (OMB) and solicitation of public comment.

**SUMMARY:** The NRC invites public comment about our intention to request the OMB's approval for renewal of an existing information collection that is summarized below. We are required to publish this notice in the **Federal Register** under the provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35).

Information pertaining to the requirement to be submitted:

1. *The title of the information collection:* 10 CFR Part 63, "Disposal of High-Level Radioactive Wastes in a Proposed Geologic Repository at Yucca Mountain, Nevada."

2. *Current OMB approval number:* 3150-0199.

3. *How often the collection is required:* One time.

4. *Who is required or asked to report:* The State of Nevada, local governments, or affected Indian Tribes, or their representatives, requesting consultation

with the NRC staff regarding review of the potential high-level waste geologic repository site, or wishing to participate in a license application review for the potential geologic repository.

5. *The number of annual respondents:* 3.

6. *The number of hours needed annually to complete the requirement or request:* 363 (An average of 40 hours per response for consultation requests, 80 hours per response for license application review participation proposals, and one hour per response for statements of representative authority).

7. *Abstract:* 10 CFR Part 63 requires the State of Nevada, local governments, or affected Indian Tribes to submit certain information to the NRC if they request consultation with the NRC staff concerning the review of the potential repository site, or wish to participate in a license application review for the potential repository. Representatives of the State of Nevada, local governments, or affected Indian Tribes must submit a statement of their authority to act in such a representative capacity. The information submitted by the State, local governments, and affected Indian Tribes is used by the Director of the Office of Nuclear Material Safety and Safeguards as a basis for decisions about the commitment of NRC staff resources to the consultation and participation efforts.

Submit, by September 7, 2010, comments that address the following questions:

1. Is the proposed collection of information necessary for the NRC to properly perform its functions? Does the information have practical utility?

2. Is the burden estimate accurate?

3. Is there a way to enhance the quality, utility, and clarity of the information to be collected?

4. How can the burden of the information collection be minimized, including the use of automated collection techniques or other forms of information technology?

## **NUCLEAR REGULATORY COMMISSION**

**[NRC-2010-0120]**

### **Agency Information Collection Activities: Submission for the Office of Management and Budget (OMB) Review; Comment Request**

**AGENCY:** U.S. Nuclear Regulatory Commission (NRC).

**ACTION:** Notice of the OMB review of information collection and solicitation of public comment.

**SUMMARY:** The NRC has recently submitted to OMB for review the following proposal for the collection of information under the provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35). The NRC hereby informs potential respondents that an agency may not conduct or sponsor, and that a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The NRC published a **Federal Register** Notice with a 60-day comment period on this information collection on March 31, 2010.

1. *Type of submission, new, revision, or extension:* Extension.

2. *The title of the information collection:* The Office of Federal and State Materials and Environmental

Management Programs Requests to Agreement States for Information.

3. *Current OMB approval number:* 3150-0029.

4. *The form number if applicable:* N/A.

5. *How often the collection is required:* One time or as needed.

6. *Who will be required or asked to report:* Thirty-seven Agreement States who have signed Section 274(b) Agreements with NRC.

7. *An estimate of the number of annual responses:* 197.

8. *The estimated number of annual respondents:* 37.

9. *An estimate of the total number of hours needed annually to complete the requirement or request:* 1,480.

10. *Abstract:* The Agreement States are asked on a one-time or as-needed basis to respond to a specific incident, to gather information on licensing and inspection practices or other technical and statistical information. Information is also exchanged for training purposes, such as student travel submissions. In 2007, the NRC policy changed to begin funding training for Agreement State materials licensing and inspection staff and associated travel to attend courses offered through the NRC training program. The results of such information requests, which are authorized under Section 274(b) of the Atomic Energy Act, are utilized in part by the NRC in preparing responses to Congressional inquiries. The Agreement State comments are also solicited in the areas of proposed procedure and policy development.
